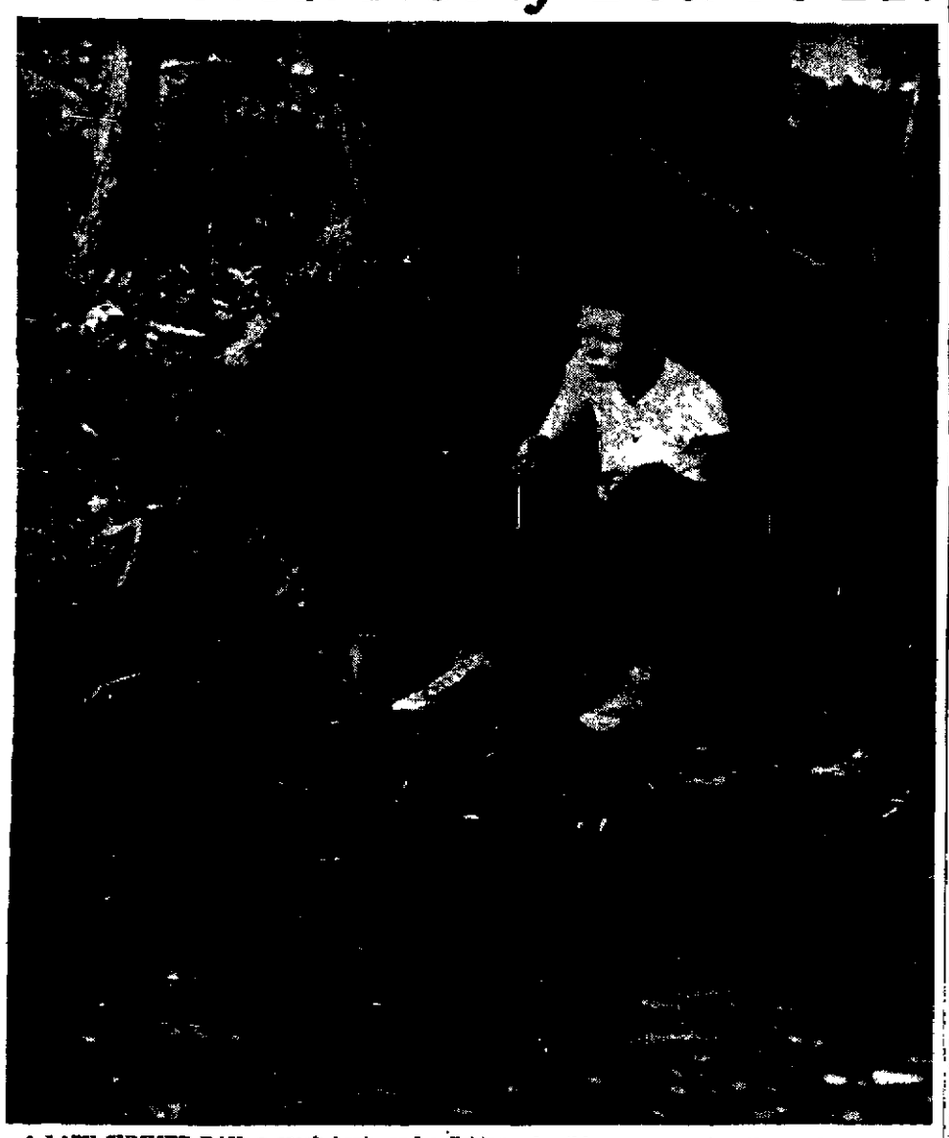
Troubles? Not if You're 11!



A LAZY SUMMER DAY, a creek bank, and a fishing pole—this young man is a thousand miles away from the humdrum routine of books and school. With the coming of hot, sunny days, Allan Rowley, son of Mr. and Mrs. Clifford L. Rowley of 298 E. Church St., and every other boy his age can take off for the woods and streams and dream those wonderful dreams of an 11-year-old boy.

March Traffic Crash Claims Fourth Victim

Julian Travillion, 31, Dies of Injuries in Accident Near Waldo

DELAWARE — Julian Travillion, 31, of 21 Noble St., Delaware, died Tuesday morning in University Hospital, Columbus, of injuries received in an automobile accident north of Waldo on March 24.

Three other people were killed in the two-car crash which occurred at the intersection of Route 98 and County Road 123 about two miles north of Waldo. Mr. Travillion was driver of one of the cars involved.

The others killed in the accident were Otto Seiter, 75, of near Marion, his cousin, George Seiter, 81, also of near Marion, in one car, and Woodson Wilson, 36, of Delaware, a passenger in Mr. Travillion's car.

Mr. Travillion was an employe of the Marion Engineer Depot.

Survivors include his wife, Carrie Lou; two daughters and a son, Helen, Julia Ann and Jay, all at home; his father and stepmother, Mr. and Mrs. Henry Travillion of Reading, Pa., and two brothers, Robert and Carl, both of Reading.

Funeral services will be conducted at 1 p.m. Friday in the Robinson — Hanrahan Funeral Home by Rev. R. M. McCoy, pastor of Second Baptist Church Burial will be made in Oak Grove Cemetery. Friends may call at the funeral home.

Gunfire Shatters Quiet Along Border of Israel

JERUSALEM, Israel (AP) — A three-hour exchange of gun fire yesterday broke several days of quiet on the Israel-Jordan border, an Israeli army spokesman said today.

He said Jordan positions shot at an Israeli guard on Israeli's territory close to the Beersheba-Hebron road and the Israelis returned the fire.

Mercury Hits 92

Some Relief Seen From Heat Wave

Much of the nation continued to steam today in hot and humid weather and for many areas little relief is in sight.

But for this part of Ohio, showers forecast for tonight are expected to cool temperatures somewhat.

Early morning temperatures ranged from the high 60's to more than 80 after Wednesday's highs which ranged to 100 or more and set records in some sections.

The mercury climbed to 92 here Wednesday to mark it as the hottest day of the season to date. Low last night was 63 but by noon today the temperature at the local weather station was 82.

High temperature forecast for Friday is 84.

A year ago, the high temperature was 70 and the low 49.

Chicago had 95.4 Wednesday, a record for the date. Atlantic City, N.J., had 95, breaking a 78 year old mark. Newark had 94, which tied the record.

Other highs included Minneapolis-St. Paul 100, Marquette, Mich., 99, Detroit 96, Baltimore 100, Des Moines and Milwaukee 95, Phoenix 107, Albuquerque 100, and El Paso, Tex., 102.

The weather was fair over most of the country. However, a storm center from the Gulf of Mexico brought widespread rains to the Gulf Coast, with the rain spreading northward into the lower Mississippi River Valley.

Quakes Kill 100

NEW DELHI, India (AP) — Five days of earthquakes in Afghanistan may have killed more than 100 persons, reports from Kabul said today. Scarcity of communications with the area indicated the full extent of the death and destruction might not be known for weeks.

Twining, Aides Set To Leave On Russia Trip

WASHINGTON (AP)—Gen. Nathan Twining and nine Air Force officers, including an operations expert for the Strategic Bomber Force, will land in Russia June 23 for as good a look as they can get at Soviet airpower.

They were invited to watch a fly-over of samples from the Reds' swiftly expanding and thoroughly modern jet air force. How much more they may see is in doubt.

Up to this morning, Moscow reportedly had not sent along any detailed program.

What the Air Force visitors are permitted to see in Russia probably will set a pattern for any re-

Decision on Tri-County Health Officer Delayed

Action to hire a health commissioner to serve the counties of Marion, Crawford and Wyandot, was postponed temporarily Wednesday night after a lengthy combined meeting of the boards of health of the three counties in the Marion County Health Center at General Hospital.

It was agreed that the boards discuss the matter further on an individual basis before making any final decisions on the proposal.

Present to discuss the proposition of a three-county health commissioner was E. A. Graber of Columbus, representing the State Department of Health. Also on hand was Dr. T. W. Mahoney of Bowling Green, representing the northwest district of the state health department..

—:—

MR. GRABER BEGAN the discussion by telling the board members that their proposed annual salary of $12,000 for such a position was, apparently, somewhat low. He said he had found no one who would be willing to accept the job for that amount and be, in his estimation, ultimately satisfactory. He said there appeared to be only one alternative and that was to raise the offered salary.

"From my years of experience in this business I would say it is probable you could not get a good man for much less than $15,000 a year," he declared.

Following this suggestion there was some talk of the possibility of the individual counties hiring part-time commissioners. However, Mr. Graber pointed out that unless counties had full-time men in this capacity they would lose their federal aid grants. In addition, though they would still get state aid, they would lose state-sponsored services like the tuberculosis and dental trailers.

Connelly, Caudle Convicted

Jury Finds Truman Aides Guilty of Tax Conspiracy

New Review Is Asked for Doctor Sam

Attorney Says High Court in Error When It Upheld Conviction

COLUMBUS, Ohio (AP)—Charging that the Ohio Supreme Court was not a legally constituted court at the time it affirmed the wife-murder conviction of Dr. Samuel H. Sheppard, an attorney today asked for a rehearing of the high court decision.

The request filed by Columbus attorney Paul M. Herbert is a necessary step in a possible appeal to the U.S. Supreme Court.

The Ohio Supreme Court in a 5-2 decision last May 31 upheld Sheppard's second-degree murder conviction. The 32-year-old osteopath is serving a life term in Ohio Penitentiary for the slaying of his pregnant wife Marilyn, 31, July 4, 1954, in the couple's home on Lake Erie in Bay Village, a Cleveland suburb.

Says Constitution Violated

Herbert's rehearing request said Chief Justice Carl V. Weygandt appointed his own replacement to hear the case and thereby violated the Ohio Constitution.

The chief justice had ruled himself out of the hearing on Sheppard's appeal because his son, Richard Weygandt, was Bay Village solicitor at the time of the slaying.

Charles W. Montgomery of Newark, an appellate court judge, sat by assignment, replacing the chief justice.

Herbert contended in his application that the chief justice by appointing Montgomery violated an article of the Ohio Constitution which he says provides that in such a case the associate justice having the longest period of service should appoint a member of any appeals court to fill the vacancy.

Cites 'Roman Holiday'

Herbert also contended in the rehearing application that the court by citing in its opinion the "Roman Holiday" atmosphere of Sheppard's Cuyahoga County trial indicated that he did not receive a fair and impartial trial.

Herbert referred to a passage in the majority opinion which said:

"Murder and mystery, society, sex and suspense were combined in this case in such a manner as to intrigue and captivate the public fancy to a degree perhaps unparelleled in recent annals. . . .

"Special seating facilities for reporters and columnists representing local newspapers and all major news services were installed in the court room. . . .

"In this atmosphere of 'Roman Holiday' for the news media, Sam Sheppard stood trial for his life."

In response to a query by a newsman, Herbert remarked, "How could any man receive a fair and impartial trial in a 'Roman Holiday' atmosphere?"

Third Contention

A third point of the application claims Sheppard was not afforded equal protection under the law as provided by the 14th Amendment to the U.S. Constitution.

Herbert said Ohio law provides that criminal defendants in Ohio courts may present evidence of their character and peaceful habits. Such evidence in Sheppard's case, Herbert said, was ruled out by Common Pleas Judge Edward Blythin, who presided at the trial.

BACK TO HIROSHIMA. Ready to face countrymen again after a lengthy series of plastic surgery treatments to hide scars of atom bomb burns, a group of Japan's "Hiroshima maidens" wave before departure from Idlewild Airport for the west coast and home. Dr. Sadamu Takahashi (right) carries an urn enclosing the ashes of one of the girls, Tomako Nakabayashi, 26, who died of a heart attack while undergoing an operation.

Hands Down Verdict After Eight Hours

Pair Faces Up to Five Years in Prison and Fines Up to $10,000

ST. LOUIS (AP) — Matthew J. Connelly and T. Lamar Caudle, top officials in the Truman administration, were convicted today by a federal jury on charges of conspiracy in connection with an income tax evasion case.

Deliberate Over 8 Hours

The jury of eight men and four women reported at 10:15 a.m. (EST)) that they had reached a verdict. The jurors had deliberated 8 hours and 43 minutes since they took the month-old trial Wednesday.

Connelly, 48, White House appointments secretary under former President Truman, and Caudle, 52, former Justice Department tax head, could be sentenced to five years in prison and fined $10,000 each.

Sachs Found Guilty

They were convicted of conspiring to defraud the government by trying to sidetrack the criminal prosecution of Irving Sachs, a St. Louis shoe manufacturer. Sachs eventually was indicted and on a plea of guilty was fined $40,000 for income tax evasion but escaped a prison term on health grounds.

The jury had been deliberating only an hour and 15 minutes this morning. It had deliberated seven hours and 28 minutes Wednesday and Wednesday night before sent to bed by U. S. District Judge Rubey M. Hulen.

Rush to Courtroom

When jury foreman Herbert A. Giesler of Ste. Genevieve, Mo., reported to the court the jury had reached a verdict there was a rush to the courtroom by spectators and others who had been waiting for the verdict.

In its deliberations Wednesday, the jury had called for several exhibits including correspondence between Caudle and the late Drake Watson, a U. S. district attorney here from 1949 to 1951.

Navy Officers Check Death of Young Recruit

Board Says Service Not Guilty; Claims He Died of Heart Stroke

GREAT LAKES, Ill. (AP) — The death of a Navy recruit after undergoing a rifle drill was termed by a Navy board "a very unfortunate occurrence but not due to any culpability of Navy or any personnel on the base."

Maurice G. Everett, 17, of Lansing, Mich., and McKenzie, Tenn., died May 22, eight hours after he collapsed on duty at Great Lakes Naval training Center.

'Died of Stroke'

The board of inquiry announced Wednesday that Everett died of a heart stroke "established by autopsy."

Everett's superiors said he had been assigned to the rifle drill in a "retraining section" because he "talked back" to an officer who found him off limits in a barracks and ordered him out.

During the rifle drill Everett complained of arm cramps. He was assigned to a wash room cleaning detail when he said he was tired. The temperature that day reached 90.

Found Unconscious

Later, Everett was found unconscious in a washroom and died that evening in a base hospital.

The three-man board said Everett "had been assigned no duties other than those prescribed by the instructions of the recruit training command."

In Lansing, Everett's father, Glen, said his son was in good physical condition and was accustomed to heavy farm work. He had completed eight weeks of the nine-week "boot" training period for recruits.

Forty-four witnesses were interviewed during the hearings, the board said. A Navy spokesman said the findings will be submitted to the training center commander, the commandant of the 9th Naval District and will be forwarded to Washington for review.

Escaped Inmates Nabbed in Toledo

William G. Fugate and Buddy E. Ankeny, both 23, inmates of the Marion Correctional Institution who walked away from their jobs in a hayfield on the institution's honor farm about 1:15 p.m. Tuesday, were apprehended in Toledo about 1:15 a.m. this morning.

According to Lamoyne Green, institution superintendent, the pair was reportedly picked up by Toledo city police. Officers were sent from Marion this morning to bring the two back to custody.

Fugate was serving one to 20 years on an auto theft charge, while Ankeny was on a one-to-seven year term for receiving stolen property. The men were transferred to Marion from the Columbus penitentiary on Feb. 9 this year.

Hold 10-Minute Parley

Adenauer and Ike Confer at Hospital

WASHINGTON (AP) — President Eisenhower told German Chancellor Konrad Adenauer in a 10-minute hospital meeting today he hopes for early action on reunification of Germany "to liberate the 17 million Germans" in the eastern zone.

Eisenhower, clad in pajamas and sitting up in a chair, received the 80-year old German leader in a dramatic goodbye in the President's room at Walter Reed Army Hospital.

With them were Mrs. Eisenhower, Secretary of State Dulles, and an interpreter, Henry Kellerman of the State Department's German affairs section.

Adenauer Flies to N. Y.

Adenauer left immediately afterward for Washington's National Airport to fly to New York City to continue his unofficial U. S. visit.

It was Eisenhower's first meeting with anybody outside of his personal and official families and medical personnel since his operation for an abdominal obstruction last Saturday.

The brief session followed what the doctors reported as Eisenhower's best night since he underwent surgery.

Both Adenauer and Dulles, speaking briefly for newsmen and photographers, described the President's recovery as "a miracle."

"I have asked the doctor to explain this miracle," Adenauer said, "and he has said it is a healthy organism."

Adenauer spoke in German and Kellerman translated.

Ike Brings Up Question

Dulles said Eisenhower "personally brought up" the question of German reunification.

"It was a very good talk," Dulles said. "The President expressed not only the sentiments that he feels toward the Chancellor and that the American people feel toward the German people, but he expressed the hope that action would soon be taken to liberate the 17 million Germans now in the eastern zone of Germany."

That was the principal point Eisenhower brought up, Dulles reported.

"It was a very interesting experience to be at this meeting," Dulles said.

"It was almost a miracle that it could come so quickly after such an operation."

Happy To Have Talk

Adenauer said he was happy to have had the talk which gave him a chance, he said, of seeing the President "in such excellent shape."

"I must say that I would not have thought it possible that a person so soon after an operation could look that way, talk that way and participate so vividly in a conversation."

Adenauer's brief call on the President was expected to bolster his chances in his election campaign next year against formidable opposition. His prestige, under attack by this opposition, was expected to be strengthened since he is the first foreign official to be received by the President.

As far as the participants reported, there was no detailed discussion of any differences between this country and West Germany over Russian relations.

Dulles and Adenauer joined

Talks To Resume Friday

Steel's Counter-Offer Under Study by Union

NEW YORK (AP)—Union officials will spend today considering a counter-offer by the "Big Three" steel firms. Management proposals, while not made public, were understood to contain a wage raise and provisions for layoff pay.

Officials of the United Steelworkers of America have been meeting here since June 5 with a management team representing United States Steel, Bethlehem Steel and Republic Steel.

Recess Until Friday

Union and company negotiators spent two hours Wednesday going over the company proposals and then announced at a new conference they were recessing contract talks until Friday afternoon.

David J. McDonald, union head, asked if he felt "cheered or disappointed" at the company offer, said he had no comment.

But McDonald added there was a possibility an agreement could be reached by Sunday—far ahead of the contract expiration date of June 30.

Would Set Pattern

Steel's "Big Three" employs 350,000 union workers. A contract settlement with the union would set a pattern covering 650,000 members in the basic steel industry.

Each of the three steel firms submitted its proposal separately but all were reported to be virtually identical on major economic aspects.

A union decision on the management offer is expected to be reached at a meeting of its 170-member wage policy committee here Friday at 10 a.m.

No Longer Molotov

MOSCOW (AP) —The Soviet government has changed the name of the Molotov automobile factory to the Gorky auto works.

Service Case Ruling Upheld By U.S. Court

WASHINGTON (AP)—The U. S. Court of Appeals today upheld the 1951 summary firing of John Stewart Service, veteran State Department career officer, but ordered stricken a finding of doubtful loyalty against him.

The unanimous decision upheld a ruling by U. S. Dist. Judge Edward M. Curran in June, 1955.

Judge Curran held that Service was validly discharged by former Secretary of State Dean Acheson under a rider to the State Department's appropriation bill. This gave the secretary "absolute discretion" to terminate the employment of any officer or employe of the department whenever he deemed such termination "necessary or advisable in the interests of the United States."

Judge Walter M. Bastian, speaking for the court, said Judge Curran was "entirely correct" in directing the Civil Service Commission to expunge from its record a finding of the now-defunct Loyalty Review Board that there was reasonable doubt as to Service's loyalty.

Service figured in the much publicized Amerasia case years ago. Government leaders seized a number of classified government documents when they descended on the New York office of Amerasia, a magazine specializing in Far Eastern affairs. Six persons, including Philip Jaffe, Amerasia editor, were arrested.

Jaffe and one other person were fined for unlawful possession of classified government documents.

Service acknowledged lending Jaffe certain reports, but said their contents were common knowledge.

Fire Hits Plant At Lancaster

Chemical Tanks Blow Up at Ice, Food Firm

LANCASTER, Ohio (AP)—Firemen early today were still pouring water on a combined ice plant-frozen food locker where a spectacular fire—termed by police one of the worst Lancaster has seen in several years—raged last night.

Firemen said flames shot more than 100 feet in the air as ammonia tanks in the plant of the Crystal Ice and Coal Co. blew up. The building housing the coal company and the Lancaster Frozen Food Locker Co. are located near the heart of the business district.

The locker plant is separated from the ice plant by a brick firewall.

Firemen were working more than eight hours after the fire started at 10 p.m. Wednesday in an effort to prevent excessive damage to the locker plant. However, they reported the fire under control about two hours after it started.

There was no immediate estimate of the damage, and cause of the fire was not known.

Soviet Church Leaders Fly Back to Russia

Departure Is Delayed While Police Check Phony Bomb Scare

NEW YORK (AP) — Eight homeward-bound Russian church leaders were delayed four hours by a phony bomb scare at Idlewild Airport, but took off early today after the all-clear was given

The Russian clergymen and 29 other passengers left on a KLM Royal Dutch Airlines Constellation at 1 50 a.m , for Amsterdam, Holland, after a search of the plane by the police bomb squad

The Russian clerics spent 11 days in the United States

The group, including Metropolitan Nikolai of Moscow, were already seated in the plane when an airline passenger clerk received an anonymous telephone call that a bomb had been placed aboard

The churchmen and the other passengers were led from the plane, and it was taxied to a remote section of the field Police also examined all baggage and checked the surrounding area

Nikolai later said the Russians had not been worried

Before the bomb scare, Nikolai had told newsmen at the airport "We don't have as wide a range of activities as you do here because we work alongside of the atheists who carry on their anti-religious propaganda, and we have to meet it"

When asked about this apparent reference to Russian Communists, the Metropolitan said the "atheists" present a "formidable" obstacle to churches in Russia

The Russian clergymen were invited to the United States by the National Council of Churches, the nation's largest Protestant and Eastern orthodox group A group of American church leaders visited Russia recently to start the exchange

Nikolai said he was leaving with "the richest, happiest and varied impressions," and that the Russians' visit laid "the foundation of our friendship" which will be followed by "further contact for further strengthening our brotherly fellowship"

The Russian delegation and the National Council of Churches had said earlier in a joint statement that progress had been made toward mutual understanding but there still are disagreements between the church leaderships of the two countries.

TEST 'PLANE' WITHIN A PLANE. The man in the cockpit of the device at left is actually flying a "plane" within a plane He is operating part of nearly a million dollars worth of equipment installed in the main cabin of a T-29 airliner The interceptor pilot takes over control of the flying laboratory after the plane is aloft By simulating flight conditions of an interceptor in the main cabin of the transport, engineers can completely test the electronic control system.

6 Are Injured As Marquee Falls in Storm

CINCINNATI (AP)—Cables holding a 40-foot marquee over the entrance of a downtown Cincinnati hotel snapped during a severe storm Wednesday night, and the front part of the massive marquee crashed to the sidewalk Six persons were injured

It was not known whether a lightning bolt or an accumulation of rainwater caused the marquee to collapse during the storm that swept Cincinnati and nearby Northern Kentucky cities

None of the six injured was trapped under the metal and glass marquee of the Sheraton-Gibson Hotel But at least two of them were shoved through a restaurant window which was shattered

Throughout the Greater Cincinnati area electric lines were knocked out and there was widespread damage as water poured into homes and business establishments

The most severe part of the storm lasted about two hours but there was sporadic rain and lightning after that One bolt of lightning struck the roof of Music Hall in Cincinnati, and police roped off a section of 14th Street because of fear a part of the roof might fall

The U S Weather Bureau said 2 66 inches of rain fell in two hours, beginning about 6 o'clock

The injured included John Breding, 25, and Philip Grove, 29, both of Ironton. They suffered severe cuts

Witnesses said that only a few minutes before there had been 25 to 30 persons under the marquee

Grove said, 'There was a bolt of lightning It fell all at once"

Wants 600 B52s by 1959

Air Force Seeks More Long-Range Bombers

WASHINGTON (AP) — Increasing its goal by 100, the Air Force now hopes to have 600 long-range B52 jet bombers by 1959

Lt Gen C S Irvine, deputy chief of staff in charge of Air Force production, gave the figures in secret testimony released in heavily censored form Wednesday by a special armed services subcommittee

In his testimony, Irvine also expressed the "personal feeling" that this country still holds an over-all lead over Russian air power

Rocket Program Eyed

On the House side, the Armed Services Committee disclosed it will look next month into rocket development by the Army and perhaps also by the other services The study will include specifically the Army's "Jupiter" intermediate range ballistics missile

Rep Patterson (R-Conn), a committee member who made the announcement, said in a statement the Air Force's guided rocket development program "has been extremely well publicized" while "the role of the Army in the rocket race has been minimized"

Patterson said the Jupiter may be so far ahead of other designs that concentrating on it would produce an intercontinental ballistics missile "at an early date"

Letters Made Public

Patterson made public an exchange of letters in which he proposed the hearings and Chairman Vinson (D-Ga) replied he intends to "hold precisely the type of briefing to which you refer"

Vinson said in an interview it has not yet been decided whether to call on the other services also for a report on their progress in the missile field

Gen Irvine told the Senate subcommittee that the old goal of 500 of the B52 bombers was increased recently when production goals were boosted from 17 to 20 a month The planes, costing about 8½ millions each, now are being produced at the rate of about six a month

Gen Curtis E LeMay, head of the Strategic Air Command, was quoted Monday as asking a Senate appropriations subcommittee for $3,800,000,000 of additional funds in each of the next four or five years to provide more planes, bases and men to handle them

Three Indicted At Bucyrus in Action by Jury

BUCYRUS — The Crawford County grand jury completed a two-day session here Tuesday and recommended that the county commissioners investigate the possibility of construction of a new county home

Only three indictments were returned by the jury, which examined 12 witnesses and ignored seven cases

Ralph E Likens, 31, Bucyrus, was indicted for criminal assault

Hazen L Pratt, 30, Millport, Pa , was indicted for auto theft, in connection with the theft of a tractor-truck from the Powelson Greater Shows by whom he was employed when the show played in Crestline last month

Ted McClain, 46, Lima was indicted for breaking and entering, in connection with the theft of 31 cartons of cigarets and $18 in change from Sam s Market near Galion

All three are being held in the county jail here

No true bills were returned in the following cases

Ray Ballhett, 32, of Galion, grand larceny, Casel K McGee, Ashland, and Thomas Fletcher, 20, near Mansfield, violation of Public Utilities Commission regulations, Franklin Myers, 31, of Galion, non-support, Ira F Clary, 40, of near Bucyrus, unsafe operation of motor vehicle, Charles E Pfeifer, 40, of near Bucyrus, failure to yield right of way.

Prosecutor John D Sears Jr , said a date for arraignment of those indicted will be set later

Six Bucyrus Boys Are Arrested for Burglary

BUCYRUS — Theft of candy, cigars, soda pop and a portable radio at municipally-operated Aumiller Park in Bucyrus was solved Wednesday with the arrest of six Bucyrus teen-agers

Police said the boys admitted breaking into the concession stand at the park and taking the radio from a ticket booth at the park's swimming pool

Five of the youths are 16, the sixth is 17

A vandalism charge also may be filed against the group police said, for allegedly throwing benches and a trash can into the swimming pool

Some of the stolen articles were found by police on the roof of Kearsley School on the northwest side of the city

The youths are expected to be turned over to Crawford County Juvenile Court authorities.

NLRB Election Is Set at Drug Firm

CINCINNATI (AP)—The NLRB today called for a collective bargaining representative election June 19 at retail stores of the Gallaher Drug Co , in 27 cities and towns in Ohio, West Virginia and Kentucky

The Retail Clerks International Assn Union has petitioned for the right to represent 456 employes in retail stores outside of Montgomery County

Elections will be held at the following places in Ohio Middletown, Xenia Portsmouth, Lancaster, Marietta, Marion, Chillicothe, Piqua, Zanesville Athens, Newark Greenville, Sidney, Troy, Delaware, Urbana, Circleville, Ironton, Findlay, Springfield, Ashland, Mount Vernon, Cohrocton, Gallipolis, Bellefontaine, in West Virginia, Huntington, and in Kentucky Ashland

"Garlic consumption in the United States is nine times greater than it was 25 years ago," according to a statistic we've just gotten wind of

Housework Easy Without Nagging Backache

Nagging backache headache or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain And folks who eat and drink unwisely sometimes suffer mild bladder irritation ... with that restless, uncomfortable feeling

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action by their soothing effect to ease bladder irritation and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes

So If nagging backache makes you feel dragged out miserable with restless sleepless nights don t wait try Doan s Pills get the same happy relief millions have enjoyed for over 60 years Ask for new large economy size and save money. Get Doan s Pills today !

youth, beauty, Chevrolet, action!

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet.

Progress Always Comes High

The shape of things to come in the solution of Marion's traffic problems should begin to emerge tonight.

That's when the joint committee actually launches its attempt to arrive at a decision on the traffic survey recommendations now under study. Prior meetings have been of a preliminary or exploratory nature.

The committee's findings, and the official acceptance or rejection of the survey recommendations later by City Council, will have a heavy bearing on the progress of our city for many years.

So much smoke has been put up on this subject, particularly in recent weeks, that some of the facts may have become a trifle hazy.

Here are a few things committee members should keep in mind as they strive to reach their decision:

1. The recommendations contained in the official survey were made by a competent engineering firm that considered all the possibilities before presenting its report.
2. The decision must be clear-cut. This is one issue that can't be put out of sight, and mind, by tabling it or in some other manner postponing the hour of reckoning. The state says, in effect, that Marion must make its move by July of this year or forfeit its chances for state assistance, at least for the foreseeable future.
3. People who are against something always squawk the loudest, even though their numbers may be relatively few. On the other hand, many who favor civic progress don't feel called upon to enter the lists and battle personally for it.
4. Don't follow the line of least resistance. Progress always comes high. If the pressure being brought to bear against the survey would seem to make rejection an easy "out," don't believe it. It just isn't so.

No Score at All

If you have remembered the promise of a big investigation of lobbying and recommendations for new laws in this session of the 84th Congress, this could be called a no-progress report.

The excitement began last February when President Eisenhower vetoed a good bill of vital interest to the natural-gas industry because it had been lobbied by bad methods. The Senate, put on the defensive by the veto, vetoed to investigate lobbying methods. By the middle of March, 83 senators also had signed up as sponsors of the Johnson-Knowland bill to reform election laws. It promised a deep-dish study of methods used by lobbyists and others.

That was the end of it, to all intents and purposes.

There is a better reason for the Senate's slow motion than reluctance to go to the mat with lobbyists. It was stated last February by Sen. Fulbright of Arkansas after Sen. Case of S. Dakota had accused backers of the bill of trying to influence his vote with cash.

Sen. Fulbright promptly reminded his colleague that he was dragging a personal complaint into a public matter and making the merits of the proposed law secondary to his own sense of outrage.

He reminded Sen. Case that the Senate works many times in issues where vast sums of money are involved and that it was odd indeed if this were the first time his colleague had encountered cash, which he very properly handed back. He advised his colleague to act as if he knew the score, instead of like a greenhorn.

There has been no committee action on the Johnson-Knowland bill. The investigation of methods used by lobbyists and others has died on the vine. Sen. Case has been heard from no more. It must be assumed he now knows the score, as do those who remember the promise of a big investigation and reform.

Did Stalin Steal Money?

The question now is whether the smearing of Stalin will be carried too far. Communism's most distinguished alumnus, it is now revealed, was a wife murderer and a sex sadist for whom Lavrenti Beria procured young girls.

In the normal course of debunking public heroes, the next revelation should be that the old terrorist stole public funds for his personal use, hoarded treasurers that did not belong to him and set up cash reserves abroad, in the event of revolution.

It had been established by his own words and acts during his lifetime that he carried on an active career in political assassination. Yet there is a limit to the people's capacity for debunking. It can go too far.

During the debunking episode in this country when it was the fashion to smear the past with mud, things reached the point where no public hero was safe. Suddenly, debunking quit being fashionable. The public lost its taste for disenchantment.

It would have been enough for the surviving Communists to declare that the most powerful of the man-made gods elevated by their cockeyed credo was an assassin, a wife murderer and a deviationist. Sex sadism was gilding the lily. If it also turns out that "Uncle Joe" swiped money, hoarded treasurers and set up bank accounts abroad, that will be too much.

Security Won

By David Lawrence

Supreme Court Backs Stand of FBI

It is rare indeed to find justices of the Supreme Court of the United States in their formal opinions giving incomplete quotations from the remarks of the President of the United States in order to support a rationalization of their own. But that's what Justices Frankfurter and Douglas regrettably did in seeking to cite the President's speech of Nov. 28, 1953, as an argument against the use of confidential information by government officials when they deal with security matters and refuse to disclose such data to the person accused.

Lawrence

The case itself was decided against that point of view by the Supreme Court this week with a 5-to-4 vote. Justices Harlan, Burton, Clark, Reed and Minton constituted the majority.

They ruled that when the attorney general was refusing to suspend the deportation of an alien who had admittedly been a member of the Communist party this was a discretionary right granted by Congress. The majority said that, while there was a full hearing given, still it does not follow that a right exists to sit in on the making of "the ultimate decision —the exercise of discretion."

This was the action by the attorney general in reviewing a lower board's judgment and in declining to suspend the deportation which had been ordered. The majority of the Supreme Court held that confidential information could influence the attorney general's final decision after the hearing and that there was no obligation on his part to disclose such information to the accused.

-:-

JUSTICES Frankfurter, Black and Douglas and Chief Justice Warren, of the minority, however, argued that the accused has a right to be told of the sources of the confidential information. The FBI has been insisting for many years that to disclose sources would break down the whole system of detection and deprive the nation of safe-guards against sabotage and subversion.

But Justices Frankfurter and Douglas declared, in their dissenting opinions, that President Eisenhower had taken a blanket position in favor of telling the accused all about the confidential information gathered against him.

Mr. Eisenhower's speech of Nov. 23, 1953, in Washington before the Anti-Defamation League, was quoted in both the dissenting opinions. Yet the remarks made by the President at his press conference of Dec. 2, 1953—in which he was asked a specific question as to how that same speech was to be interpreted on security matters—were ignored entirely by both Justices Frankfurter and Douglas.

Mr. Eisenhower had been asked at the press conference whether what he said in his speech could be applied to proceedings in the executive branch of the government, as, for instance in security cases. The authorized quotation of the President's reply was printed in the press of Dec. 3 as follows:

"Well, the one point I must make clear, employment in the federal government is not a right of citizenship, it is a privilege; and if there is real justifiable belief and conviction that a person is a risk, you certainly cannot keep them in a delicate position, and in certain instances probably couldn't keep them at all.

"In other words, when you are looking into the fitness of an individual to work for the federal government, it is not the same as assassinating a man's character or charging him openly with being a spy. So, one thing I have insisted upon — that there be no effort in this security program to assassinate anybody's character, and to damn him forever as a spy or anything of that kind.

"But I do believe that there is some difference between determining whether or not a man should work for the federal government and charging any one of us here with a heinous crime of any kind."

-:-

THIS DISTINCTION — between the prosecution of a crime in the courts and the conduct of an administrative proceeding inside the executive branch of the government—was clear from a reading of the President's first comments before the Anti - Defamation League.

For he was denouncing the theory that, through anonymous accusers, anyone could be "suddenly thrown into jail to rot there without charges and with no recourse to justice." The President had plainly indicated in his public speech that he had court proceedings in mind, for he added a reference to court procedure: "We have the habeas corpus act, and we respect it."

Chief Justice Warren didn't quote either of Mr. Eisenhower's statements but held that "any hearing" in the administrative or judicial process which denies relief to an accused on the basis of "confidential information" is "no hearing."

The Chief Justice is not impressed — nor is Justice Black—with the fact that in a "cold war" and in times of international danger, the law-enforcement branch of the government has to gather vital information from all kinds of sources and that the high officials of the executive branches must be trusted to use every effort to determine conscientiously whether the information is mere gossip or really damaging.

Often, undercover agents who sit in on Communist meetings cannot be publicly revealed lest their future usefulness be impaired.

The Communist underground is anxious to drive all FBI informants into the open and, if the view of the Supreme Court justices who would bar "confidential information" were to prevail, it would aid the Communist strategy.

The 5-to-4 decision helps the FBI and the president to protect the national safety.

On the Picket Line

By TRUMAN TWILL

Being by nature a dope who gets tongue-tied and sputtery, or watery-kneed and cowardly, when it's time to tell off the opposition, I'm always looking to see what pickets say on their placards.

But either the pickets or the people who make the placards also are sputtery and cowardly, or I am not looking in the right direction at the right time. The messages are obscure, vapid and show no imagination.

But the idea of placards is first-rate and gets more appealing all the time, because placard-carrying, which once was a job for drifters, bums, down-and-outers and riff-raff, now is respectable.

All kinds of people carry placards in a multitude of good causes, from elevating the lot of mankind to cutting down the pretensions of fakers, public boobs and baloney peddlers.

The built-in merit of a placard is that it can be hoisted under circumstances which would make it impossible for a voice to be heard—and the message thereon conveyed to many more than ever would hear it.

The device is so useful it should be brought into play oftener than it is. A few placards in the family car might be useful. Such as:

This Car Shows Its Age But So Will Yours When It's Paid For.

For flashing to an eager-beaver driver bearing down from the rear.

I Know You're in a Hurry But Keep Your Pants On.

For flashing at hitchhikers when they give you an aggrieved look:

Go Ahead And Cry. I'm Breaking Your Heart.

For hoisting at political rallies when the speaker gets warmed up:

I Can Hear You Loud And Clear But It Makes No Sense.

To sum up the situation in restaurants while waiting:

My Order Has Been Taken. But Where?

When caught short in the wrong costume at a dress-up affair:

I Have Better Clothes Than This at Home.

Useful for big-city tourists who want to show contempt for small towns when passing through:

Back Home This Would Be a Slum Clearance Project.

For hick tourists in the big city:

This Would Be All Right To Die In But I'd Hate to Live Here.

For guests overstaying their welcome:

Yankees Go Home!

For use in the waiting rooms of veterinarians when holding a sad-sack dog who has seen better days:

You Should Have Seen This Specimen Five Years Ago.

For flashing at the higher echelons of management when they close the visual range:

Lest We Forget. . . Lest We Forget. . .

Amid the Ruins

Views Conflict on Neutral Policy

By James Marlow

WASHINGTON — Like a tailor who thinks the suit's too big, Secretary of State Dulles walked briskly up to the subject of neutrality and went snip, snip. None of this neutrality stuff for him.

"Immoral," he said. "Short-sighted." But this suit had been made by President Eisenhower. And Vice President Nixon put the pockets on it. Eisenhower had defended the right of nations to be neutral. Nixon said such nations are "our moral equals."

This had caused confusion. Where did it leave those nations which had lined up with the United States? Then Dulles apparently thought he'd straighten it out. Instead of lessening the confusion, he added to it.

—:—

ON JUNE 6, a few hours before the House started debate on Eisenhower's $4,900,000,000 foreign aid bill, the President walked into his news conference and made a little speech defending the bill. He used no notes.

There had been discontent in Congress over helping neutrals in the cold war. Then, as if urging Congress not to be too harsh on them, Eisenhower said that if a nation stays neutral and is attacked, the world is outraged. But if it gets into a military alliance and is then attacked, the world may say it had what was coming to it, Eisenhower said.

—:—

THIS WAS startling. The United States had spent much time and money trying to persuade nations in Europe and Asia to join military pacts with this country. Was Eisenhower now saying they were wrong when they joined?

It didn't take long for Eisenhower's White House aides to try to explain what he meant. A statement issued the next day said that while Eisenhower thinks some nations are justified in being neutral, he thinks they'd be safer being U.S. allies.

That night, June 7, Nixon made a speech showing the same tolerance toward neutrals. He tried to explain why they want to be neutral. Speaking of them, he said "we must deal with other people as our moral and spiritual equals."

But Dulles didn't show any tolerance for neutrals when he made a prepared speech in Iowa June 9. He said the 42 treaties this country has with other nations "abolish, as between the parties, the principle of neutrality, which pretends that a nation can best gain safety for itself by being indifferent to the fate of others."

He added: "This has increasingly become an obsolete conception and, except under very unusual circumstances, it is an immoral and shortsighted conception."

This seemed like an absolute contradiction of what Eisenhower and Nixon had said. But when Dulles was quizzed about it at his news conference Tuesday, all he seemed able to say was that he saw no conflict between his views and Eisenhower's. Newsmen gave up when they asked him flatly if he agreed with Eisenhower and they got the same answer.

(The Associated Press)

Republicans Can Win House

By RAYMOND MOLEY

While several factors preclude any guess at this time as to the chance of a Republican Senate in 1957, the situation concerning the House of Representatives is fairly clear. With Eisenhower on the ticket and fairly good candidates in 30 or 40 key districts, Minority Leader Martin should be the next Speaker.

Most analysts place major emphasis on what, on the basis of the election returns of 1954, are called "safe," "marginal" and "critical" districts, Republican and Democratic.

In that sort of calculation there are 94 "marginal" districts — 63 Republican and 31 Democratic. These are districts in which the margin of victory of the incumbent in 1954 was less than 55 per cent of the vote.

Included in those "marginal" districts are 23 "critical" districts —six Democratic and 17 Republican. A "cricital" district is one in which the incumbent received less than 51.5 per cent of the vote.

Thus a conclusion suggests itself that the Republicans face a more difficult time than the Democrats, because they have so many more "marginal" and "critical" districts than do the Democrats.

That, however, is not a valid assumption, because in 1954 the tide was rolling toward the Democrats and several of the "marginal" and "critical" districts on the basis of 1952 returns were turned over.

That means that this year with several advantages favoring the Republicans, including the presence of an Eisenhower - Nixon ticket, it will be much harder to capture a Republican "marginal" or "critical" seat than a Democratic "marginal" or "critical" seat.

Thus it should be much easier for the Republicans to capture one of the 6 "critical" Democratic seats than it would be for the Democrats to capture one of the 17 'critical' Republican seats.

A better means of prognosis is to consider the seats which switched in 1954. There were 25 such seats—five from Democratic to Republican, and 20 from Republican to Democratic.

It would seem that a least 4 of the 5 seats captured by the Republicans from the Democrats in 1954 can be held. These are the 1st Florida, the 1st Kansas, the 15th Ohio, and the 5th Texas.

Among the 20 seats lost by the Republicans to the Democrats are at least 4 which contain a large number of coal miners. They were seriously depressed in 1954 The coal business is considerably better now.

There were also 11 districts in which the political agencies of labor were strong — some in which the CIO-PAC put forth heroic efforts. The question in those districts is whether the CIO-PAC will be stronger or weaker than in 1954.

Judging by certain polls, a larger proportion of the votes of the rank and file of labor will go Republican this year than in 1954 or even in 1952.

There also is the Negro vote to be considered. If, as some evidence indicates, this vote will appreciably slip away from a Democratic candidate, the effect in at least 8 or 9 districts will be bad for the Democratic candidates

The most important factor will be the presence of the President on the ticket. Excluding the eccentric and unpredictable 9th Minnesota, and the 12th California where a Democrat took over a previously uncontested seat with 53.8 per cent of the vote, the average Republican drop in 1954 was about 5 per cent.

Presumably, a large part of this was due to the absence of the Eisenhower coattails. Those coattails will be available again this year.

If they help as much as they did in 1952, most of the seats lost in 1954 will be regained, together with a few more. And only 15 switches net will be needed to turn Speaker Rayburn into a minority leader.

Target Practice

By BILL VAUGHAN

Sagging circus attendance may well be blamed on the do-it-yourself fad. The aerialists and high-wire acts, after all, are commonplace compared with the thrill of watching Father reshingle the roof without a net.

—:—

The Air Force distributes pictures of a fat sergeant wearing the new uniform shorts. Don't they have a classification calling for the rank of photographers' model, second class?

—:—

The fellow at the next desk says he isn't going to retire until this fad for calling older men senior citizens has expired and they're back to just plain Pop.

Daily Bible Thought

Humanity has been trying to learn God's plan for thousands of years. There is in each of us a still small voice ready and anxious to supply guidance. "Teach me thy way, O Jehovah, and lead me in a plain path." — Ps. 27:11.

GRIN AND BEAR IT By George Lichty

ALL WORK AND NO PLAY IS CATCHING COMRADE A HERZO MEDAL
IS REACTIONARY INJURIES TO GARROW MACHINES, IMMEDIATELY TO CAMARADE
IS GLORIOUS VICTORY

"Is glorious new policy recognizing rights of workers! . . . Is allowing you to have grievance committees . . . as long as there are no grievances . . ."

The Once Over

By H. I. Phillips

Party Planks

What goes in Connecticut? Some politicians there have come out for a state platform plank guaranteeing the autoist relief from a campaign against killer-autoists!

Governor Ribicoff in waging a really effective war against reckless drivers suspends licenses of convicted highway baddies under the slogan, "Those who won't slow down to save lives will slow down to save licenses!"

Republican leaders talk of a plank saying, "No person shall lose his right to drive, or an opportunity to earn a livelihood, except after a full and fair hearing."

Since no licenses are suspended except after court convictions is this a rap at the courts? And how about a plank reading, "No person shall be denied his right to live or to walk uncrippled by a heedless jalopy pilot"?

-:-

IF POLITICAL PARTIES are to go in for planks on automobile operation in this age of 100 killings per day in America, we suggest the following:

1. — We condemn inconsiderate, unnecessary and murderous speed by any autoist any place any time.

2. — We pledge ourselves to be tough with the driver who performs as if lacking both a head and a heart.

3. — We see little if any difference between a killer who does it with a gun and one who does it merely to save 30 seconds between given points. We put in same box with the man who slays somebody in a fit of anger the autoist who bumps people off because he is in a hurry.

-:-

4. — WE DEPLORE action by any party that will add to a nitwit driver's belief that a license is a permit to behave like a gangster and that ownership of a car invests him with the right to ignore the law, the codes, all decent human impulses and the elemental phases of common sense.

5. — We believe the pedestrian has a right to be out of doors and that his survival is not optional with people using trucks, beach wagons, sedans and hotrods.

6. — We pledge our party to protect the law-abiding, considerate, intelligent driver against the screwball, the idiot, the killer and the pig.

7. — We promise an all-out fight against the driver who cuts corners sharply, takes turns at high speed, beats the lights, laughs off school-zone signs, behaves like a space cadet and shows every evidence of being a fuzzyhead, a halfwit and a pitiless assassin.

-:-

8.—WE GO ON RECORD before the voters as believing that what America needs most is not easier treatment of careless drivers but tougher.

9. — We would rather lose 100,000 votes than contribute to one highway death.

10. — We believe that it is pretty hard to look at a dead man in the road or a maimed kid in a hospital and cling to any idea that it is the height of cruelty to suspend a reckless driver's license a mere 30 days for a first conviction and 60 days for a second

"RAINIER AND GRACE Back at Monaco"—headline . . . Who dat?

Margaret Wycherly, who died the other day who once rode the heights. . . . She was at the top of her fame when she married Bayard Veiller, at that time Broadway's sensation as a writer of such hits as "The Thirteenth Chair," "Within the Law" and "Trial of Mary Dugan."

We have noticed denials that the phrase "chicken in everypot" was ever used by ex-President Hoover, but it was and we remember hearing it in his inaugural address in which he referred to what seemed enduring prosperity with the statement that it had given Americans the two-car garage and the chicken.

A Connecticut shorefront town that appreciates tone is Clinton, which swiftly came through with an $18,000 appropriation for air conditioning to save its summer theater.

(Associated Newspapers)

News of Other Years

40 YEARS AGO — Approximately 1,200 delegates to the state GAR encampment here gathered at the Alhambra theater for a camp fire celebration at which Gov. Frank B. Willis of Ohio spoke.

Anna Pinyard of Marion was elected senior department vice president of the Woman's Relief Corps in session for its 33rd annual convention in Epworth Methodist Church.

The 27th annual convention of the ladies of the GAR was held in German Methodist Church, with delegates from 37 circles in the state in attendance.

—:—

20 YEARS AGO — Approximately 800 persons attended closing services of the 104th annual meeting of the Sandusky conference of the Primitive Baptist Church at Brush Ridge.

Rev. James M. Fisher, Marion Presbyterian minister, was speaker for annual memorial services of Marion County Granges in the Claridon Township School building.

Chris Turoff was elected president of the 11-11 Club of Bird-McGinnis Post 162, American Legion, at the club's first meeting.

Approximately 200 persons attended homecoming services at Kirkpatrick M. E. Church

A two-day flower show sponsored by the Marion Garden Club closed in a building at the northwest corner of Church and Main Sts.

—:—

10 YEARS AGO — Over 100 persons inspected facilities of the Marion Chamber of Commerce at an open house held at its rooms on N. State St.

A former Marion man, Robert L. Watters of the General Electric Research laboratory at Schenectady, N.Y., was one of two scientists who had for the first time in radio history, successfully completed operational tests with the highest amateur band ever allocated to "hams" in the ultra-high-frequency field—that of 21,000 megacycles, the company revealed.

Passenger service on railroads passing through Marion curtailed early in May as part of a nationwide effort to conserve coal, had been restored, the Union Depot announced.

Employment of Leonard Wood of near Meeker as dairy tester for the Marion Dairy Service Cooperative was announced.

A MID-AUGUST wedding in Temple Israel is planned by Miss Carol Lou Teitelbaum and her fiance, Edward Roy Brown whose engagement is announced by her parents, Mr. and Mrs. Louis J. Teitelbaum of 320 Summit St. The bride-elect was graduated from Ohio State University and is a member of Alpha Epsilon Phi Sorority. She has been associated with Titche Goettinger in Dallas, Texas. Mr. Brown, who is the son of Mr. and Mrs. Harry Brown of Brooklyn, N.Y. was graduated from Brooklyn College and served with the armed forces. He is with Olin Mathieson in Niagara Falls, N.Y.

—:—

In honor of the birthday anniversary of their daughter, Mrs. Harry Martin of Marengo, Mr. and Mrs. Robert Hart entertained Sunday with a picnic dinner in the evening at their home at 374 Kensington Rd. As part of the celebration the family received an overseas telephone call from A 3/c Don R. Hart who is stationed in Korea. Others present were Mr. Martin and four children, Beverly, Mary, Ellen and Jack, Mr. and Mrs. George Rowlinson and son, David, Mr. and Mrs. Jerry Bault and children, Duke, Terry, Patti and Sherry and Dewey Pelk.

—:—

Honoring Dr. Burton Kassel who received his degree in medicine at Ohio State University commencement exercises Friday in Columbus, a dinner party was held following at the Colony Restaurant with 14 attending He is the husband of the former Miss Donna Vollrath of near Martel and they have a small daughter, Cynthia Elaine Hosts for the dinner were his parents, Mr. and Mrs. Anton Kassel of Cleveland. He is an intern at Grant Hospital in Columbus.

—:—

To celebrate the birthday anniversary of her daughter, Sandra June, who was nine, Mrs. Floyd Mayes entertained with a lawn party at the Mayes home east of Waldo Monday afternoon. Guests included schoolmates of the celebrant and games and contests were the entertainment. Those present were Christine Ward, Louise Peak, Cindy McCorkle, Milenna Denman, Sharon Saxton, Jean Ann Shoaf, Becky Rengert, Carol Thomas, Janet Reiff, Mrs. Donald Rengert, Mrs. Naomi Mayes and Brenda, Melinda and Lana Mayes.

—:—

Mrs. Robert Ruth was hostess for the annual picnic held by members of Xi Upsilon Chapter, Beta Sigma Phi Sorority, Monday evening at her home on Inwood Dr. During a brief business session a contribution was voted to the Salvation Army Building Fund. Mrs. Ruth, who will serve as president for the 1956-57 season, named the following committees, the first named to serve as chairman: Miss Jo Caserta, Miss Irene Cunningham, Mrs. Jack Lautenslager, Mrs. William Parks, Mrs. Charles Leffler, Miss Mary Clark, social; Mrs. Mildred Amann, Miss Margaret Newman, Mrs. James Brown Jr., Miss Elizabeth Gray, program; Mrs Wesley Ranck, Mrs. Bryan Martin, Miss Martha Schlientz, Miss Zelmah Howard, Mrs. Woodrow Frost, Mrs. Gladys Arter, ways and means; Mrs. Fred Warner, Mrs. Helen Petrich, calling.

—:—

Eight tables were in play and average in both directions was 84 at a meeting of the Harding Duplicate Bridge Club Monday evening at Hotel Harding. Placing first in North-South were Gene Maynard and E. J. Van Keuren with a score of 104. Second were Paul Kleinerman and Max Diamond with a score of 97, third, Mrs. Leslie Borger and Norman Shapiro 91½, and fourth Mrs Charles Faurot and Charles Peters with a score of 91. In East-West play top scorers were Mrs. Robert Bailey and Mrs. Howard I. Smith, 99, Mrs. Donald Cuthbert and Mrs. Charles Jenkins, 94½, second, L. Otis Porter and W. W. Andrews, 84½, third and Mrs. Lawrence Patridge and Mrs. Maynard Smith, fourth, with a score of 83½. Master point night will be observed next Monday night.

—:—

Mr. and Mrs. Austin Church of near Morral were honored Sunday in observance of their 25th wedding anniversary when their children entertained at a surprise open house at their home.

Guests were received throughout the afternoon and evening and during the day the couple renewed their wedding vows, with Rev. J. B. Holloway, pastor of Trinity Baptist Church, officiating.

Mr. and Mrs. Church were married June 6, 1931, at Ada. They have lived in the Marion vicinity eight years and he is engaged in farming.

The couple's children are Richard, Kay, Jean and Charles. A wedding cake centered the table. They were assisted by Mrs. Richard Church.

Guests included Mrs. Grace Sidenstricker, Mrs. Eva Laird, Mr. and Mrs. Reid Epley and son, Roger, Rev. and Mrs. Holloway, Mr. and Mrs. Wilfred Walker, Mrs. Fred Coffey and son, Kevin, Mr. and Mrs. Robert Ginn and Mr. and Mrs. Melvin Braden, all of Marion; Mr. and Mrs. Kerm Coffman of Columbus; Mr. and Mrs. John Miller and children, James, Robert and Ann, Mr. and Mrs. Bernard Inhoff and children, Shirley, Mary Lou and Robert, all of Lima; Mrs. Charles Zickafoose, Mr. and Mrs. Bernard Cavin and children, Nancy Jo, Nelson and Norman, Mr. and Mrs. Carl Sheldon, all of Kenton; Mrs. Bus Newland and son, David, of Mount Victory; Mrs. A. C. Church, Mr. and Mrs. Ellis Stuart, Mr. and Mrs. Ray Schindler and daughter, Sue, of Ada; Mr. and Mrs. Charles Brady of LaRue; Mrs. Francis Smith and children, Harry and Rita, of Napoleon.

Miss Carol Lou Teitelbaum

The engagement and approaching marriage of Miss Teitelbaum is announced by her parents. Details in The Social Notebook.

Church Activities

The Wesleyan Circle of the Prospect Methodist Church met Monday night at the home of Mrs. Mildred Rouse. Mrs. Vera Jones was in charge of the meeting. Devotions were given by Mrs. Doris Cameron.

After a brief business meeting Mrs. Maxine Emery introduced Mrs. Charles Kirby who talked on missions in Kentucky. Accordion music was played by Miss Nancy Desher. Refreshments were served by the hostess assisted by Mrs. Maxine Emery and Mrs. Lillian Reynolds.

—:—

Mrs. Grace McMurray entertained the Sunshine Circle of Prospect Methodist Church Monday night. Mrs. Alice Gabriel was in charge of the meeting which was opened with the Lord's Prayer followed by devotions by Mrs. Josephine Wainfor.

The program was given by Mrs. Pat Davids, Mrs. Velma Evans, Mrs. Ann Orhood, Mrs. Anna Brown, Mrs. Wainfor and Mrs. Arlene Vance. Next meeting will be a picnic July 17 at 6:30 p.m. at the Prospect Community Park. Mrs. Edgar Leeson was a guest.

—:—

Last meeting of the Circle of Light, King's Daughters, until fall was held at Wesley Methodist Church with dinner served 27 members and two guests, Mrs. Walter Dorsey, state chairman for Indian work, and Mrs. W. E. Miley, president of the Marion County Union of King's Daughters. Table decorations were in purple and silver and favors were tiny crocheted slippers tied with purple ribbon.

Installation of officers, headed by Mrs. Alma Maddox as president, was conducted by Mrs. Miley. Serving with the president will be Mrs. Emanuel Fogle, vice president; Mrs. Florence Tennis, secretary and Mrs. G. O. Toms, assistant; Mrs Esther Maag, treasurer and Mrs. John Morgan, assistant, and Mrs. Louise Slagle, corresponding secretary.

Devotions were by Mrs. Helen Meredith. Mrs. Dorsey reported on the international convention held at Des Moines, Iowa, in May and announced the next international for 1958 at Columbus. For a program, Rex Robinson showed moving pictures of the trip he and Mrs. Robinson made to Hawaii.

—:—

A contribution of $25 to the Salvation Army was voted by the Florence Richards WCTU following a report by Mrs. Ralph Good of refund on sales tax stamps in that amount. The action was taken at a meeting Tuesday afternoon in the home of Mrs. J. L. McCleary on the Green Camp Pk. Devotions were by Mrs. Charles Clark on "The Alabaster Box." A letter of appreciation for a shipment of magazines, sunshine bags and other articles was received by the group from the Veterans Administration Center at Dayton.

For a program, history of the national flag was given by Mrs. Mildred Jones; an article, "Christian Citizenship," was presented by Mrs. G. L. Burton; Mrs. R. R. Thornberry gave an article on Flower Mission work; "Ministry of Flowers" was by Mrs. Lula Needles; and Mrs. Esther Freeman told of Jennie Cassidy, founder of the Flower Mission branch. Taking part also were Mrs. T. W. Lemley and Mrs. Homer Moehn who discussed study book chapters. The hostess was assisted by Mrs. Merle Young.

FINAL TRIBUTE

BRYAN, Tex. (AP)—Early morning motorists were startled to discover a very dead rooster lying in the middle of a busy street with a live hen sitting beside him. The hen soon stood up and walked away leaving behind as a final tribute to the dear departed, one white egg.

Williams-Eddy Ceremony Is Held in Marion Church

The First Presbyterian Church was the scene of the wedding of Miss Eleanor Jay Williams, daughter of Mr. and Mrs. George S. Williams of near Prospect, and James Eddy, son of Mr. and Mrs. Clarence J. Eddy, of 295 Fies Ave., Sunday afternoon.

The pastor, Rev. Irvin W. Emmons, officiated for the double ring ceremony at 2:30 o'clock.

The candlelit altar was decorated with baskets of white gladioli and stock and white satin bows caught with oregon fern marked the pews. The wedding music was by Mrs. Eliza Williams, oragnist, and Mrs. George Griffiths, vocalist.

—:—

GIVEN IN MARRIAGE by her father, the bride wore a gown of lace and nylon tulle over satin. The princess style bodice was fashioned with a small stand-up collar embroidered with pearls and sequins and long lace sleeves. The lace-banded skirt was worn over hoops and extended into a slight train. Pleated tulle and hand-clipped lace fashioned the pillbox hat holding her fingertip veil and she carried a cascade bouquet of white stocks and carnations on a white Bible, the latter a gift from her sister-in-law, Mrs. Wilbur Williams. Her lace handkerchief had been carried by her sister, Mrs. Robert Heil at her wedding, and her only jewelry was pearl earrings, a gift from the bridegroom.

Mrs. Heil was her sister's matron of honor and bridesmaids were Miss Joan Laucher and Miss Darleen Bellar, niece of the bride. Their ballerina-length gowns of delphinium blue crystalette were styled with sweetheart necklines and empire bodices and completing their costumes were matching horsehair hats. Mrs. Heil carried shell pink carnations and the bridesmaids' bouquets were in an azalea pink shade.

Marsha Laird, niece, and Tommy Laird, nephew of the bride, were the flower girl and ring-bearer. Marsha wore a ballerina-length lace-trimmed frock of white nylon accented with a blue sash and carried a lace basket filled with white pompons.

Best man for the bridegroom was his brother, Robert Eddy and ushers were Francis Corney and Donald Williams, brother of the bride.

The bride's mother wore a dress of aqua lace, white accessories. Mrs. Eddy chose a navy blue costume with matching hat and white accessories. Their flowers were white orchids.?

—Photo by Stein

Mrs. James Eddy

—:—

HOSTESSES at the reception for 200 guests were Mrs. Thomas Laird, Mrs. Herman Bellar, sisters, Mrs. Wilbur Williams, sister-in-law of the bride and Mrs. Robert Eddy, sister-in-law of the bridegroom. Encircling the tiered wedding cake was blue and white delphinium and huckleberry foliage.

When the couple left on a wedding trip to Niagara Falls the bride was wearing a gray cotton sleeveless dress, matching cape and white accessories and the corsage from her bridal bouquet.

The bride was graduated from the Prospect High School in 1953 and is a secretary at the Marion County Bank. Mr. Eddy is a graduate of Harding High School with the class of 1948. He served with the U. S. Army for two years and is now a junior at Ohio State University where he is majoring in mechanical engineering.

At the rehearsal dinner Saturday evening at the home of Mr. and Mrs. Eddy, Miss Williams presented pearl chokers and earrings to her attendants, gave the flower girl a pearl bracelet and the ringbearer an identification bracelet. Mr. Eddy gave the best man and ushers cufflinks.

Lodge Activities

The annual memorial service honored the late Mrs. Hazel Turner at a meeting of Sosnowski Rebekah Lodge Tuesday night in the Odd Fellows hall. An invitation was accepted to attend the fun night to be held June 16 by the Queens of Le Mar Del Zuanna, No. 129. Mrs. Edna Griffiths was in charge of the memorial service and assisting were Mrs. Martha Dawson, Mrs. Lottie Snyder, Mrs. Hattie Richards, Miss Elizabeth Starner, Mrs. Dessie Sharp and Mrs. Leslie Smithson.

—:—

When the auxiliary to Buckeye Aerie 337, FO Eagles, met Monday night in the Eagles Home, Mrs. Dorothy Thomas, the new president, was in charge and committees were appointed. It was announced that articles for the booth at the state convention, proceeds going to muscular distrophy, are to be in the hands of Mrs. Thomas or Mrs. Dorothy Douglas before June 19. A special award went to Mrs. Mary Helen Kennard.

Named to committee positions were Mrs. Ann Duffy, auditor; Mrs. Kennard, membership and publicity; Mrs. Mary Jane Rhoad, drill team captain assisted by Mrs. Virginia Weist; Mrs. Bea Richardson, general social chairman; Mrs. Veriae Young, waitresses; Mrs. Gertrude Rowley, Mrs. Opal Stroup and Mrs. Cleo Gilmore; delinquents; Mrs. Nora Berry, Mrs. Thelma Wright and Mrs. Maude Whiteman, visiting; Mrs. Donna Callahan, Mrs. Mayme Callahan and Mrs. Lois Born, monthly social activities; Mrs. Douglas, Mrs. Victoria Thomas and Mrs. Juanita Richards, investigating; Mrs. Joyce Stout, Mrs. Marie Cole and Mrs. Stroup, hostesses and Mrs. Betty Postell, Mrs. Marjorie Postell and Mrs. Barbara Arthur, entertainment.

—:—

Guests from Marion attended a meeting of Morral Temple 429, Pythian Sisters, Monday night at the lodge hall. They were members of Canby Temple 152. Mrs. Donna Ruth Shaffer presided. Announcement was made of a new daughter born to Mrs. Gene Conley and listed for the next meeting was a shower for Mrs. Glendoris Lamb. Program was by Mrs. Dorothy Conley and Mrs. Ruthella Snyder and serving were Mrs. Betty Merritt, Mrs. Garnet Fetter, Mrs. Gene Conley, Mrs. Vera Brien, Mrs. Donna Denman and Mrs. Maxine Roberts.

—:—

Kosciusko lodge was host to lodges from district 31 at a regular meeting Monday night

E. H. Fogle of Richwood, district deputy grand master, was in charge of the meeting and led in the discussion of a program to be presented to the Grand lodge at its annual meeting in Columbus next week.

The district went on record as supporting the program. The second degree was conferred on one candidate and plans were made to confer the third degree next Monday.

Visitors attended from Morral, Marseilles, Green Camp and Richwood Refreshments and a social hour followed the meeting.

Campus News

Five Marion and area students were among 108 graduates of Ohio State University's Army ROTC program who received commissions as reserve officers in the Army and Air Force at commencement exercises last week.

Commissioned second lieutenants were S. E. Weary of 238 Bellefontaine Ave., commissioned in the chemical corps; Robert J. Snow of 614 E. Church St. and Robert C. Willeke of Kenton, medical service corps; Paul H. Miller of near Sunbury, artillery; and George J. Abraham of Galion, signal corps.

—:—

Patricia Ann Long, daughter of Mr. and Mrs. Otto O. Long of Jackson, Mich., former Marion residents, was graduated Monday from Jackson Junior College.

She was a member of the Future Teachers Club of America and the college a capella choir. Miss Long, granddaughter of Mrs Hiram Forrest of 259 Spencer St., plans to transfer to Michigan State University in the fall where she will enter the College of Journalism.

—:—

Marion students at home from Moody Bible Institute at Chicago, Ill., for a few days are Miss Vera Trent and Miss Patty Holliday. Returning next week, Miss Trent will enroll in summer school at the institute and Miss Holliday will teach in a Vacation Bible School under the institute's supervision.

Bucyrus Airport Will Surface New Runway

BUCYRUS—A $10,250 federal aid grant to Port Bucyrus will be used to surface the 2,000 by 75-foot east-west runway of the Bucyrus municipal airport, according to William Fischer, co-manager of the airport.

A total of $27,000 had been sought in order to surface a 2,000x75-foot north-south runway at the Galion-Crestline airport, also operated by the Bucyrus partners.

The cost of blacktopping both runways is estimated at $54,000, with half the total to be furnished by local industries.

Flood Control Bill Is Given Senate Okay

WASHINGTON (AP)—The Senate Wednesday passed a bill to appropriate $872,186,000 for construction of flood control, navigation, power and reclamation projects in the year starting July 1.

Senators and representatives will have to get together now to reconcile the differences between appropriations authorized in the two chambers.

Included in the Senate bill were the following construction projects:

Ohio: Ashtabula harbor $1,800,000, Cleveland harbor $1,700,000, Dillon Dam $1,500,000, Muskingum River reservoirs $425,000, New Cumberland lock and dam $9,000,000, Toledo harbor $380,000.

Indiana: Markland locks and dam $5,000,000.

Kentucky: Greenup lock and dam $9,900,000, Lock and Dam 41 $1,000,000.

The bill also provides funds for planning the following projects:

Kentucky: Lock and Dam 41 $150,000, New Richmond lock and dam $150,000.

On all Ohio projects except Dillon Dam, the Senate appropriations were the same as those in the House. The House made no provision for Dillon Dam. The House also made no provision for Kentucky Lock and Dam 41 construction and appropriated only $100,000 for planning the New Richmond lock and dam.

Mrs. Robert Cottrell

Before her marriage Mrs. Cottrell was Miss Eleanor F. Miller. Details in today's wedding column.

Area Youths Win OSU Spring Sports Letters

Two area young men recently received spring sports awards at Ohio State University.

Awarded varsity "O" letters were Don Kelley of Cardington in baseball and Roger Moser of Wharton in lacrosse. Kelley was the top hitter for Ohio State's strong baseball club with a .321 average and was an all-Big Ten and all-district selection. Moser co-captained the lacrosse squad.

Weddings

The wedding of Miss Eleanor Faye Miller and Robert Cottrell which took place May 27 is announced by her parents, Mr. and Mrs. Glen Miller of Green Camp. The ceremony took place at 3:30 o'clock in the afternoon in the Baptist Church at Green Camp. Officiating was the pastor, Rev. A. H. Nothstine.

Given in marriage by her father, the bride wore a blue nylon dress with a corsage of pink carnations. She was attended by her sister, Miss Jane Miller and lighting the candles were another sister, Miss Sue Miller and Miss Jayne McComas.

Best man for the bridegroom was Vernon Cornelius of Raymond.

The wedding music was by Miss Anna Kegg.

Following the ceremony there was a reception in the church parlors. Hostesses were Miss Grace Disterdick and Miss Bettye McComas.

They are making their home at 209½ Park Blvd.

Guests were from Raymond, Marion and Zanesville.

The bride gave her attendant a necklace and the bridegroom's gift to the best man was a tieclasp and cufflinks.

Richwood Is Site For Poultry Show

RICHWOOD — The 12th annual Central Ohio Poultry Club Lawn Show, the largest one-day poultry show in the United States, will be held at the Richwood Fairgrounds all day Sunday.

National judges will be present and two state meets will be held, the National Barred Rock Bantam Club and the Rare Breed Club.

Over 900 entries are expected for the event. Many of the entries and visitors will be from out of state. The affair will be open to the public.

Denver Park Is Named For Mamie Eisenhower

DENVER (AP) — The City Council has named a new park for Mamie Doud Eisenhower, wife of the President. Denver is the home of Mrs. Eisenhower's mother, Mrs. John S. Doud, and has been a favorite vacation retreat for the President and the First Lady.

The 20.9-acre park is in the center of a new development of family homes.

IKE HAS A NEW GRANDNIECE. Mrs. Lloyd Eisenhower introduces her 12-hour-old baby Anne in Franklin Hospital, San Francisco. Anne is a grandniece of President Eisenhower. She checked in at 7 pounds, 7 ounces. The baby's father is a son of the late Roy Eisenhower, a brother of the President.

Getaway Car Won't Run, 4 Men Trapped

GOLDEN, Colo. (AP)—A getaway car that wouldn't run trapped four men accused of taking $66 and spark plugs valued at $46 from a service station.

Deputy sheriffs said the men drove into the station and ordered 50 cents worth of gas. While the owner, Ben Cook, pumped the gas three of the men went inside the station.

When their balky car wouldn't start, Cook got a battery and tried to get it going but the men waved him off.

"We'll just push it," they said.

As they shoved away, Cook discovered the theft and notified officers who overtook the men.

Mitchell To Speak

CLEVELAND (AP)—Secretary of Labor James P. Mitchell has informed Grand Chief Engineer Guy L. Brown that he will address 400 delegates at the Brotherhood of Locomotive Engineers current 13th triennial convention here next Tuesday. The convention of the 90,000-member union opened Monday and will continue until mid-July.

Trustees, Clerks To Meet Saturday

The second quarterly meeting of the Marion County Township Trustees and Clerks Association will be held at the Pleasant Township School Saturday at 7 p.m., it was announced today by Ralph Wagner, secretary of the organization. The business session will be preceded by a dinner served by women of the Bethlehem Grange.

Gail Smith is chairman of the committee in charge of arrangements. Sponsoring the meeting are Green Camp, Marion, Pleasant, Prospect and Waldo Townships.

Guest speaker will be Charlton Myers, a member of the State Board of Education and chairman of the personnel committee of the state board. His topic will be "Ohio Schools Go Forward."

Highlighting the business session will be a preview of the summer convention to be held in Cleveland June 20-23 by W. K. Tobin, vice president of the state association. Presiding for the business meeting will be Royal Fields of Claridon Township, president of the Marion County association.

Bucyrus Unable To Hit Bloodmobile Visit Goal

BUCYRUS—A total of 118 pints of blood were collected Wednesday during a visit of the Columbus Red Cross Bloodmobile. Goal of the visit, sponsored by the YMCA's Men's Club, was 150 pints.

Red Cross chapter officials blamed the unusually hot weather for the decline in donors. The center, set up in First Presbyterian Church, furnished blood for a leukemia patient in Galion Community Hospital. A volunteer worker from the hospital obtained the rare negative-type blood and rushed it back to Galion.

The bloodmobile will return August 8, according to Rev. Joseph Nielson, pastor of the Church of Nazarene and local blood program chairman.

Cinder Pile Collapses, Traps 2 Boys, 1 Killed

SCRANTON, Pa. (AP)—A 20-foot pile of cinders at a dumping ground collapsed on two 7-year-old boys, burying both of them and killing one. The second boy dug his way free.

A group of 25 workers recovered the body of Anthony Bonadio, the son of Mr. and Mrs. James Bonadio of Scranton, after digging 45 minutes.

The second boy, Larry Miller, the son of Mr. and Mrs. Joseph Miller, summoned help after digging his way out. He was not injured.

The boys had been playing at the base of the cinder pile on property of the R. A. Davis Coal Co.

Industrialist Says Bellanca Corp. Is Sound

NEW YORK (AP)—Tangled affairs of Sydney L. Albert, Akron industrialist, and Bellanca Corp., the big holding firm he heads, were still snarled today despite an emergency four - hour directors meeting here Wednesday.

Meanwhile, Louis J. Glickman, owner of the multi-million-dollar real estate firm, denied published reports he had been negotiating about taking Bellanca over.

Glickman then disclosed that he had purchased 2,000 shares of Bellanca common, purely as a good personal speculative venture.

The hurried directors meeting was called to discuss financial affairs of the company after the price of its shares had dropped nearly 50 per cent on the market since last Friday.

Bulk of the selling came from brokers where Albert had pledged some of his Bellanca stock as security for notes.

Earlier this week, the Akron financier said 350,000 shares of his holding had been sold by various brokers. These sales reportedly cut his interest from 950,000 to 600,000 shares.

At the last report, there were 1,792,275 shares of Bellanca common outstanding.

Bellanca common registered its first gain of the week Wednesday on the American Exchange. It closed at $7, up 75 cents for the day on a turnover of 117,900 shares. Its volume since the first of the week has run well over 700,000 shares. Last Friday, it plummeted $5.25, closing at $9. Monday it lost another $1.62 and Tuesday it dropped an additional $1.12 a share.

At the close of Wednesday's meeting, Arthur K. Rothschild, treasurer and spokesman for the Bellanca board, issued a brief statement saying the financial condition of Bellanca "was gone over completely and found to be sound."

Albert presided at the meeting in his capacity as president. He left immediately at its conclusion, however, refusing to answer any questions by reporters.

Asks Court Order

TIFFIN, Ohio (AP) — Teamsters Union Local 20 asked Common Pleas Court of Seneca County Wednesday to compel Buckeye Stages, Inc., to sign a union contract negotiated April 3 after a bus drivers' strike. The union asked that the company, with headquarters in Fostoria, be restrained from operating busses until the suit is settled.

More children than adults have common colds.

Sharp Setback Dealt Reds in Dutch Election

AMSTERDAM, Netherlands (AP)—Another Labor-Catholic coalition government headed by Socialist Premier Willem Drees appeared in prospect for the Netherlands today after the election of a new lower House of Parliament.

Both dominant political groups — the Dutch Labor party and the Catholic Peoples party — gained ground.

The Communists were the biggest losers, dropping from 6 to 4 seats in the 100-member second chamber. Right-wing parties also lost seats.

Holstein Club Planning Family Tour and Picnic

The Marion County Holstein Club's first family farm tour and picnic has been scheduled for Sunday, June 24, at the Willeben farm at Lexington, west of Mansfield.

The picnic will be held in the Lexington Park at 1:30 p.m., with a tour of the farm planned for 3 o'clock, conducted by the farm manager.

If this year's event is well attended, plans call for making it an annual affair.

Mars requires 687 days to go around the sun.

Probe Asked On Kickbacks In Cuyahoga

Ted Brown Orders Election Board To Check Four Officials

CLEVELAND (AP)—Secretary of State Ted W. Brown today ordered an investigation of alleged "salary kickbacks" by employes of four elected Cuyahoga County officials.

The officials are Engineer Albert S. Porter, County Auditor John J. Carney, Clerk of Courts Leonard Fuerst and Recorder Frank S. Day.

Brown ordered the election board here to investigate alleged election law violations by candidates who have filed sworn statements of receipts and expenditures of political funds. He told election Board Chairman Ben C. Green to turn over his findings to the county prosecutor for possible grand jury action. The four are Democrats.

The Cleveland News said, "It is estimated that more than $200,000 has been collected in the two per cent "voluntary political contributions from county employes for alleged political campaign purposes to benefit the four elected county officials."

Porter listed $1,909 in receipts in his expense statement, filed in the primary election. He has 500 employes, some of whom say they have been forced to pay two per cent of their salary to a campaign fund, the News said.

Carney failed to itemize or report collections when he ran for reelection in November 1954.

The news said some of Carney's employes, too, say they must "voluntarily contribute" two per cent o ftheir wages to the auditor's political support.

Fuerst reported $1,550 collected in his primary election report to the election board. The News estimated "kickbacks" in his office might average as much as $11,000 a year in his four-year term.

Day listed $1,485 in collections in his sworn statement filed in the May primary. Some of his employes claim they pay two per cent of their salary toward his campaign, the News said.

"This is a serious matter, and if true, is a criminal violation of the election laws," said Brown. "Any candidate or campaign committee members who have failed to report all campaign funds collected have subjected themselves to heavy fines and jail sentences."

MADE IT ACROSS ATLANTIC: Peter Gluckmann, the San Francisco watchmaker who flew that light plane from home to London to visit members of his family, is met at Croydon airport, London, by his parents and brother William (background). Gluckmann will fly on later, to the Middle East, west across North Africa, then to South America and on to the Pacific coast.

Potash Miners Facing No Threat, Experts Say

SANTA FE, N.M. (AP) — The State Health Department says miners face no danger from dust in potash mines. It says a survey shows the dust is soluble and a miner would receive no more potash from breathing the dust than normally would be taken into the system by eating an apple. The Carlsbad, N.M., potash mines produce 90 per cent of the nation's supply.

YMCA Schedules New Summer Dance Series

A new series of dances, Danc-O-Rama, will be opened for the youth of the city by the Marion YMCA Friday night.

A "Y" spokesman said today if the first dance Friday night is successful a program will be arranged on alternate Fridays throughout the summer.

The Friday night dance will be open to all high school and college students in the area. Admission will be 50 cents for YMCA members and 75 cents for non-members.

The spokesman reported a new dance, the rumble, will be introduced. Dancing will be held from 9 to 12 with music being furnished by a band from Columbus.

Service Rivalry Dims Air Force ROTC Event

CHAMPAIGN, Ill. (AP) — The University of Illinois Air Force ROTC unit held its annual review without its last year's sponsor, Sara Barry. She was scheduled to appear at festivities this year; instead she married an Army lieutenant and left school.

Darrell Floyd, Furman University's All - America basketball player, has been chosen the Southern Conference athlete of 1956.

Admissions Still Being Taken at Galion Center

GALION — Emergency admissions are still being taken at the Galion Day Child Care Center, although there are many applications not being accepted due to capacity attendance at the center, it was reported by Mrs. Sara Beegle, director, to members of the Advisory Council at their luncheon meeting, Wednesday in Galion's Hotel Talbott.

Mrs. Evelyn Hollanshead told the group that applications are being received for the fall term.

Plans are being made for open house and a Parent Tea June 21, Mrs. Beegle said. Parents will remain for tea when they call for their children that day. They will also have the opportunity to meet new personnel working with the children during the summer program.

Park, Recreation Head Address Women Voters

A brushup meeting on local study items was held by the Marion League of Women Voters Wednesday afternoon in Lincoln Park.

Speakers for the session were Charles Morbitt, chairman of the Marion Park Board, who outlined the park situation in the city, and Paul O'Rourke, summer playground director. He discussed the recreational program as it is planned for the summer in the city.

Mrs. Clifford Baker gave a report to the group on the progress being made in the traffic (illegible) committee meetings held twice weekly.

Refreshments were served following the meeting.

Deaths and Funerals

James Manzo

James Manzo, 65, of 176 W. Columbia St. died Wednesday at home. He was ill four months. A native of Italy, he had resided in Marion since 1912, coming here from Cleveland. For 36 years he operated his shoe repair shop at 130 S. Prospect St.

Born July 25, 1890, he was a son of Vincenzo and Rosalie Cantales Manzo. April 14, 1920, in St. Mary Catholic Church here he married Mayme Bruno. He was a member of St. Mary Church.

Surviving are his widow; two daughters, Mrs. Angelo Doria of 304 E. Walnut St. and Mrs. Charles Caserta of Pearl St.; two grandchildren, and a brother and a sister in Italy.

Funeral services will be conducted Saturday at 9:30 a.m. in St. Mary Church. The pastor, Very Rev. William J. Spickerman, will officiate. Burial will be in St. Mary Cemetery. Friends may call at the L. A. Axe and Son Funeral Home on Mt. Vernon Ave.

James E. Plummer

James Elmer Plummer, 69, of 398 E. Mark St. died Wednesday midnight in General Hospital. He was ill two days. For 30 years he was an employe of the Huber Mfg. Co. He was a veteran of World War I.

A native of Missouri, he was born April 21, 1887.

Surviving are his widow, Mrs. Anna Mabel Messenger Plummer, and his sister, Mrs. Carrie Buchanen of Dallas, Tex.

Funeral services will be conducted Saturday at 10 a.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. Rev. M. E. Hollensen will officiate. Burial will be in Chapel Heights Memory Gardens. Friends may call at the funeral home after 7:30 tonight.

John Price

John Price, 83, of Delaware died Tuesday night at home after an illness of seven weeks. He was a farmer and a former Delaware Township trustee, having served in office in the late 1920's and early 1930's.

His birthplace was Radnor Township. He was married to Donna Coonfare and they observed their 54th wedding anniversary Monday.

Surviving also are two sons, John C. Price and Fred D. Price, both of near Delaware; a foster son, John Evan Price of Marengo; two grandsons, and a brother, Ray Price of near Delaware. There are a number of relatives in Marion and Marion County also.

Funeral services ill be conducted Friday at 3 p. m. in the Robinson-Hanrahan Funeral Home in Delaware. Rev. Louis E. Campbell, pastor of First Presbyterian Church of which Mr. Price was a member, will officiate. Burial will be in Radnor Cemetery. Friends may call at the funeral home.

Diana Leigh Willis

Diana Leigh Willis, infant daughter of Mr. and Mrs. Dale R. Willis of 271 Fairview St., died at 10:45 p.m. Wednesday at home. She was ill six days.

Born Jan. 14, in Marion, she was a daughter of Dale Richard Willis and Rachel Drake Willis, the father a native of Marion and the mother of New Bloomington.

Surviving are the parents; a brother, Richard Douglas Willis; a sister, Deborah Kay Willis, and grandparents, Mr. and Mrs. Earl Drake of New Bloomington and Mr. and Mrs. James E. Willis of near Marion.

Funeral services will be conducted Saturday at 2 p.m. in First Church of the Nazarene. Rev. L. L. Zimmerman will officiate. Burial will be at LaRue. Friends may call at the Merle H. Hughes Mortuary on Mt. Vernon Ave. after 7:30 tonight.

I. D. Morrow

GALION — I. D. Morrow, 87, of Findlay, formerly of North Robinson, west of Galion, died at 7:45 p.m. Wednesday in Findlay's Blanchard Valley Hospital. He was a native of Crawford County and had been a livestock buyer.

Born May 23, 1869, he was a son of William and Katherine Laughbaum Morrow. Nov. 8, 1888, he married Lenora R. Eby who died July 31, 1945. He was a member of North Robinson EUB Church.

Surviving are four daughters, Mrs. Luther Tupps of west of Galion, Mrs. L. D. Nelson of Kenton and Mrs. Joseph Porter of Marion; a son, Ross E. Morrow, of Findlay; 10 grandchildren; 16 great - grandchildren, and a brother, Joseph Morrow of west of Galion. Two sons, two sisters and four brothers preceded him in death.

Funeral services will be conducted Saturday at 2:30 p.m. in the Snyder Funeral Home in Galion. Rev. W. Bruce Harris will officiate. Burial will be in Biddle Cemetery north of Galion. Friends may call at the funeral home after 7 tonight.

Horace Sell

BUCYRUS — Funeral services will be held at 2 p.m. Saturday in Bucyrus' Munz Funeral Home for Horace Sell, 85, of Cumberland, Ind., who died Wednesday morning in Indianapolis, Ind.

Services will be conducted by Rev. Glenn F. Lockard, pastor of First Methodist Church, with burial in the Oakwood Cemetery. Friends may call Friday night at the funeral home.

Horace Sell was born Feb. 14, 1871, in Crawford County, a son of Daniel and Alice Cooper Sell. He was married to the former Mary Sprow, who died in 1935.

He is survived by one son, Floyd Sell, Cumberland, Ind.; a brother, F. O. Sell, Bucyrus; and two sisters, Mrs. H. H. Gouts and Mrs. Harvey Heinlen, both of Bucyrus.

Mrs. Leroy Baker

MOUNT GILEAD — Mrs. Susie Jane Baker, 86, of Perry Township died at 7:45 p.m. Wednesday in Morrow County Hospital at Mount Gilead. She was ill eight weeks. Her husband, Leroy Baker, died in 1911.

Born Jan. 10, 1870, in Morrow County, she was the daughter of Isaac and Rebecca Morrison Walker.

Surviving are seven children, Mark Baker, a Marion school teacher, Mrs. Arva Feighley and Myrl Baker, both of Johnsville, Miss Nina Baker and Hugh Baker, both of Elyria, John Baker of Bellville and Kenneth Baker of Mansfield and 15 grandchildren and 23 great-grandchildren.

Funeral services will be conducted Saturday at 2 p.m. in the Johnsville EUB Church. Burial will be in Shauck Cemetery. Friends may call at the Craven Funeral Home in Mount Gilead.

Nancy Brechtel

GALION—Nancy Brechtel, 10-month-old daughter of Mr. and Mrs. J. M. Brechtel, of Galion, died at 4:10 p.m. Wednesday in Galion Community Hospital. Ill four weeks, she was admitted to the hospital June 1.

Born Aug. 8, last year, in Galion, she was a daughter of James M. and Barbara Lee Kosik Brechtel.

Surviving with the parents are a sister, Linda Ann; two brothers, James Milton Brechtel Jr. and Stephen Eugene Brechtel; grandparents, Mr. and Mrs. John Kosik and Mr. and Mrs. Willis Foust, all of Galion, and great-grandparents, Mr. and Mrs. Frank Schmuck of Galion.

Funeral services will be conducted Friday at 10 a.m. in the Snyder Funeral Home in Galion. Rev. Paul C. Walter will officiate. Burial will be in Mansfield Memorial Park. Friends may call at the funeral home after 7 tonight.

Peter J. Bopp

CRESTLINE—Peter J. Bopp, 54, of Crestline died at 1 a.m. today in Crestline Emergency Hospital following a heart attack he suffered at midnight. A Crestline resident 30 years, he came here from Indiana and was employed as a pipefitter for the Pennsylvania Railroad.

Born March 10, 1902, in Fort Wayne, Ind., he was a son of Peter J. and Clarice Bopay Bopp. He was a member of St. Joseph's Catholic Church and of K. of C.

Surviving are his widow; his son, Ernest - Bopp of Crestline; two daughters, Mrs. Norma Karr of Shelby and Miss Mary Ellen Bopp at home; six grandchildren; two sisters, Mrs. Willis Franklin and Mrs. I. N. Decker, both of Fort Wayne, and three brothers, Joseph and Frederick Bopp, also of Fort Wayne and Ronald Bopp of Indiana.

Funeral services will be conducted Saturday at 9 a.m. in St. Joseph's Church. Rev. J. B. Fralick will officate. Burial will be in St. Joseph's Cemetery. Friends may call at the Garverick Funeral Home.

Joseph T. Wiles—Friday 2 p.m., Downs Funeral Home, St. Petersburg, Fla., burial at St. Petersburg.

Auto Accidents

No injuries were sustained and only minor damage done in a single highway accident investigated Wednesday by highway patrolmen.

The mishap occurred at 4:45 p.m. on Route 30-S, two miles west of Route 203. According to the report, a truck driven by Francis A. Shipman, 27, of Elyria, eastbound, was allegedly sideswiped by another unidentified truck. Minor damage was done to the left side and fender of the Shipman vehicle.

Only one accident was reported by Marion city police, in which damages were less than $100.

Former Aide Returning To City Engineer Office

Return of former assistant city engineer Thomas Taylor to employment in the Marion City engineering department was announced today by R. Guy Bigelow, safety-service director.

Mr. Taylor resigned his position in the department effective May 15 to accept a better-paying position with the state department of highways and has been working in the division office at Delaware.

In announcing Mr. Taylor's return to city employment, Mr. Bigelow stated that it has not yet been determined exactly what will be his capacity.

He further stated that he feels the city is fortunate in again obtaining the services of Mr. Taylor.

Staggers Don't Count

STOCKHOLM (AP)—Sweden's police force has figured out that you're not drunk until you fall flat and lie prone. Staggers don't count. Otherwise, the police said today, there aren't enough clinks to house all the eligibles.

What do you mean, "what are we going to do tonight"? We are going to attend the **GASCO FOOD INSTITUTE** at 8:00 P.M. at the Marion Harding High School. Tonight is the last night and we don't dare miss it.

One Call . . . Day or Night . . .

and your Friendly Axe personnel is ready to take care of all burdensome details and arrange a beautiful memorial service for every faith.

Ohio Leaders Call for Harmony

Unity Needed if Bender Is To Win, GOP Hears

By REED SMITH

COLUMBUS, Ohio (AP)—Republican calls for harmony in the fall campaign apparently stem from a drive to reelect U.S. Sen. George H. Bender.

"In harmony we will win; in division we will lose," Sen. John W. Bricker told an organization meeting of Ohio delegates to the Republican National Convention.

"I hope a united effort can be put forward to elect Senator Bender. It may mean the difference in organizing the Senate," Bricker said. He is the Ohio delegation's "favorite son" in a holding operation for President Eisenhower.

The plea reiterated national administration requests for a Republican-controlled Congress in anticipation of a second term for Eisenhower.

—:—

POLITICIANS SAID it also recognized claims that Democrat Frank J. Lausche who seeks election to Bender's seat next November, won five terms as governor with the help of Republican voters.

They said the GOP campaign seeks to turn independent-minded Republicans from Lausche to Bender in the hope of giving Eisenhower a more favorable Congress. Democrats now hold narrow control of both houses.

Bricker told the delegates that Republican chances for regaining control of the House were good but that "in the Senate it is going to be very, very close."

Others have stressed that Bender's vote might determine Senate control because of the close party division in the upper house.

They insist that regardless of an impression that Lausche may like Ike, he would vote with Democrats to organize the Senate if elected.

—:—

"LAUSCHE ALWAYS goes with the Democrats when the chips are down regardless of his reputation for political independence," a Republican leader observed.

Treasury Secretary George M. Humphrey of Cleveland and other Eisenhower cabinet members have urged Bender's election.

"No matter what personal friendships may be and regardless of personalities, it is of the utmost importance for every voter who wants success for Eisenhower to vote to return a Republican to the Senate from Ohio," Humphrey said.

He pointed up the need because party control would place congressional committees under Republican domination and assure the Eisenhower program a better chance of success than under continued Democratic rule.

Asks Fund Hike

WASHINGTON (AP)—Rep. Reuss (D-Wis) Wednesday urged a House appropriations subcommittee to increase to $815,000 the amount requested by the State Department to fight the sea lamprey.

The department has requested $615,000 for a program aimed at ridding the Great Lakes of the parasitic eel-like fish which is threatening to wipe out lake trout.

Hit by Fan Blade

DENVER (AP) — Richard Perdham, 9, was critically injured when an electric fan blade broke and sailed across the room, cutting his throat.

The boy was in the living room of his home with his parents, Mr. and Mrs. Frank L. Perdham.

Perdham told newsmen doctors reported his son lost seven pints of blood.

He was given transfusions at St. Anthony's Hospital.

25 Years Old

Forest Firemen Mark Anniversary of Origin

FOREST — The Forest Business and Professional Women's Club of Forest is honoring the members of the Forest Community Fire Co. on their 25th anniversary at a banquet at the Forest High School building tonight.

On April 21, 1931, a fire company was organized to secure a motorized pumper for the village and surrounding community. Ten citizens of Forest composed the charter membership. They were: Frank Wentz, Morris L. Burk, H.D. Campbell, Floyd Simpson, L. V. Snider, Carl Simpson, Ralph Fernbaugh, R. E. Basinger, Azel A. Laughlin and M. Justin Meyers. Elected to office in the charter organization were: Carl Simpson, president; R. E. Basinger, treasurer, and Azel A. Laughlin, secretary. They adopted the name of the Forest Volunteer Community Fire Co.

—:—

ON JUNE 25, 1931, the Fire-fighting membership was organized and officers were elected as follows: Morris L. Burk, Chief; Hallie Wright, first assistant chief; Elmer Burk, second assistant chief; Ralph Fernbaugh, Ralph Moore, Hallie Wright, Carl Simpson and Elmer Burk, drivers. Herman Musgrave was hoseman. Other members were Charles Kachely, V. H. Waxler, D. M. Gobrecht, Herman Cooper and Floyd Simpson.

The first pumper was delivered on Aug. 11, 1931, bought by subscriptions from citizens of the community on a time-payment basis. Many subscribers failed to pay their share during the next few years and in May, 1936 the Jackson Township trustees paid off the balance due and assumed ownership of the apparatus. About a year after the fire-fighting membership was organized, Denver Gobrecht assumed the office of assistant chief which he has held to the present time.

When the pumper left the village limits to answer rural calls, the village was left with inadequate protection. In the fall of 1938 the firemen set to work building another pumper, which was completed and put into service in January, 1939. This truck was bought and built by the fire company. In July, 1943, this unit was given to the Village of Forest and is still in service for use in the village only.

—:—

IN JANUARY 1940, the department joined the Ohio State Volunteer Firemen's Association. The department is now a member of the Northwest Volunteer Fireman's Association.

Realizing the need of equipment for the protection of the company personnel, the first rubber coats, boots, rubber hats and gloves were purchased in March, 1941. In April of the same year, the smoke masks were added to the equipment.

In March, 1941, Azel A. Laughlin resigned his office after serving the department for 10 years as the secretary. Charles Cramer assumed the office of secretary in April and held it until July, 1944. Elmer Cramer was secretary until August 1945, when Rodney Burk became the secretary. Howard Stephan became secretary in 1946 and has held that office to the present time.

The department secured a resuscitator in January 1947.

After the 1946 disastrous K. of P. fire a new 500 gallon per minute pumper was purchased and delivered in July 1947.

During the summer of 1955, the members of the department constructed a tanker truck, equipping it with a 1,200 gallon tank, auxiliary pump and other items of fire equipment.

—:—

IN 1931, THE department started out with 250 gallon per minute pumper, carrying 200 gallons of water.

The pumpers answer the village alarms. The Fire alarm system consists of an electric motor-driven siren, located in the bell tower of the fire house, operated by remote control from either the telephone exchange or two other push-button stations located on the street.

Only two of the charter members are still serving in their offices. They are Morris L. Burk, fire chief, and Ray E. Basinger, the treasurer.

The present day members are: Paul Anspach, Howard Stephan, Morris L. Burk, Denver Gobrecht, Vernon Lockard, Herman Musgrave, Elmer Cramer, Rodney Burk, Sylvester Johnson, Claude Cramer, Clarence Dilley, Elvin Spoon, Harry Parison, Charles Cramer, Elmer Ropp, Bert Daniels, Mervin Weber, Lysten Musgrave, Norman Bliss, Richard Decker, Austin Spoon, R. E. Basinger and Jack Cramer.

—:—

DURING THE 25 years of combatting fires in Forest the department has answered hundreds of alarms, some of the larger fires being the Ford garage on W. Lima St. in 1932, the McDaniel garage on E. Lima St. in 1941, the Dickelman plant on N. Gormley St. in 1943, Walters Service Station on E. Lima St. in 1945, the K. of P. building in 1946, Herzog Lime & Stone plant in 1950.

The department has answered calls from Kenton, Wharton and Kirby to assist in major fires in those towns.

Mars turns on its axis once every 24 hours and 37 minutes.

Texas Boy Slays Father in Quarrel

ORANGE, Tex. (AP) — Sheriff Chester Holts said Wednesday a 12-year-old Bridge City boy shot and killed his father, 41, at the family home because, the youth said, "my father hit me with a piece of sod."

The father, Charles A. Lieby, a legless amptuee of World War II, was shot and killed by a bullet from a .32 caliber German automatic pistol as he worked in the yard Tuesday night. Holts said the shot was fired from a window of the home 70 feet away.

Holts said the boy, Tim Lieby, was being held in the Orange County jail pending completion of the investigation.

Norman Thomas Says Ike Will Be Re-Elected

PITTSBURGH (AP) — Norman Thomas, who sought the presidency six times on the Socialist ticket, said Wednesday that President Eisenhower will be re-elected if the voters "haven't been scared by his recent illness."

The 72-year-old Thomas, here for a speech, made the prediction in an interview. Saying he now is "just a loyal member" of the Socialist party, Thomas took a quick survey at the political picture and had this to say of the Democrats:

"If they compromise with the Southern Democrats on civil rights, they could lose the Negro vote. And if they come up with a strong civil rights platform, the Dixiecrats may rise again."

Coal Shipments Up

CLEVELAND (AP) — Coal shipments on the Great Lakes last week totaled 1,383,740 tons, the Ore & Coal Exchange reported Wednesday night. The total for the 1956 season thus far is 14,871,444 tons, or nearly one million above the 1955 tonnage up to the same date.

Four Missing As Tug Sinks In Gulf Storm

Three Picked Up Off Coast of Mississippi, Ships Press Search

NEW ORLEANS (AP)—Three survivors from the sinking of the tug May Dee, which went down off the Mississippi coast Wednesday during a tropical storm, were picked up early today. Four men still were missing.

The tug O. J. Senac, out of Morgan City, La., rescued the three men northwest of the point where the May Dee went down. Wednesday night the tug Cormorant had picked up eight men from the rough waters south of Bay St. Louis, Miss.

Seek Survivors

Rescue ships roved over the Mississippi Sound during the night searching for survivors.

The 60-foot May Dee, owned by Stevens and Co. Inc., of New Orleans, sank in Grand Island Channel, about ten miles east of the Mississippi line as Gulf tides reached their highest point since the disastrous hurricane of 1947.

Clay Calhoun, general manager of the Stevens firm, said the May Dee went down while trying to rescue seven men from the barge. the May Dee was swamped and its eight-man crew was thrown into the water along with the seven men from the barge.

Captain Picked Up

Calhoun said the names of the 15 men were not immediately available. But the rescued included the May Dee's captain who was not identified.

A radio report monitored by station WGCM at Gulfport from the tug Conrad said the captain was picked up while swimming near a beacon.

A Coast Guard cutter and two other ships continued to search through the night and were joined by two planes and a helicopter at daybreak.

The seven men on the barge wore life jackets, the Coast Guard said.

The barge from which the seven men jumped for the May Dee was equipped with living quarters. It was with the May Dee and another tug on a dredging operation near Cat Island.

Heavy Rains

The storm moved through the interior of south Mississippi Wednesday night, with heavy rains heralding the center. It damaged small boats and piers on the coast between New Orleans and Florida and uprooted trees at Biloxi, Miss.

Winds reached a peak of 52 m.p.h. at Grand Isle, La., about 100 miles south of New Orleans.

Two men were missing and presumed dead when they were thrown into Lake Pontchartrain after their truck jackknifed on the lake bridge during high winds and heavy rains.

The accident blocked traffic on the bridge more than two hours. The bridge closed again later because of water across the road from the four-inch rains that hit New Orleans.

Marionite To Be Cited By State Auditor's Staff

A Marion man, William A. Corbet, of 613 Pearl St. is among veteran employes of the State Auditor's office in Columbus who will be honored by Auditor James A. Rhodes at an annual office picnic Saturday. The third annual event is scheduled at Echo Wood Park, three miles east of Reynoldsburg.

Fifty-six veteran employes, including 26 who have been with the state auditor's office over 30 years, will be recognized. Corbet has been with the office over 31 years. His wife, Mildred, will also attend the picnic.

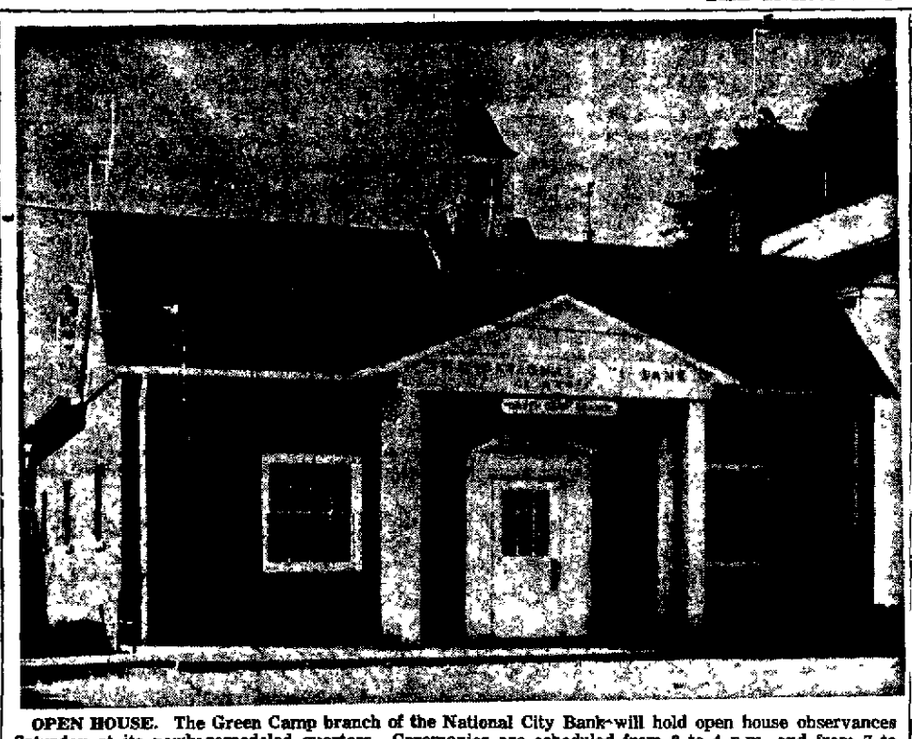
TODAY'S ALMANAC

Sun rises at 5:32 a.m. and sets at 8:03 p.m.



OPEN HOUSE. The Green Camp branch of the National City Bank will hold open house observances Saturday at its newly-remodeled quarters. Ceremonies are scheduled from 2 to 4 p.m. and from 7 to 9 p.m. Marion area residents are invited to inspect the remodeled facilities.

Health

(Continued From Page 1)

It was Mr. Graber's opinion that the best bet for the three counties would be to raise their offered salary to a point at which applications from several candidates could be received and studied.

"Part-time men never seem to work out satisfactorily," he said, and added: "Even if your commissioner could only be in your county one day a week you could count on that day. In addition, you would not be losing out on your state and federal aid assistance."

The board members were told that the counties would be responsible for paying the salary of a tri-county commissioner. "I can help you with your health problems," Mr. Graber declared, "but public health in Ohio has, and must be, maintained on the local level. You cannot get additional state aid for this purpose."

—:—

TWO ALTERNATIVES were offered with regard to apportioning the time the commissioner would spend in each county each week and how much of his salary each county should pay. The first breakdown called for Marion and Crawford Counties each to pay $6,000 of the salary, plus $500 each for travel. Wyandot would then pay the additional $3,000 plus $250 travel.

This apportionment was based, Mr. Graber explained, on the premise that Marion, traditionally, has had a good public health service record and that Crawford County has the potential of someday getting the cities of Bucyrus and Galion to join it in providing a single health commissioner. Each county, under this plan, would have the services of the commissioner two days each week.

In the other alternative, Marion County would have the commissioner two days a week and pay $6,000 of his salary, while Crawford and Wyandot each would have him one and one-half days weekly and pay $4,500 of the salary. The travel would be divided among the three.

"I am relatively sure of three things," Mr. Graber said, "and they are these: I think all three counties would surely miss the discontinuance of the several state health services; I think a good, full-time man can be gotten for $15,000; and I think the time breakdown and salary setup is reasonable. The fact of the matter is," he added, "you have said you would pay $12,000 for a competent man for the job; it hasn't, it appears, been enough."

—:—

THE QUESTION of whether either Bucyrus or Galion could be persuaded to join with Crawford County now in the proposition was discussed but Mr. Graber pointed out that the process would be time-consuming as well as somewhat impromptu. He said: "You will, I think, find it a much easier situation if, in the future, these cities take note of what you have accomplished and ask to join you rather than to try and sell them on the proposal now."

The meeting concluded with members of each board deciding to discuss the matter further among themselves. In the meantime, Mr. Graber promised to continue his search for a competent man for the job.

Representing the Marion County Board of Health was H. Clay Smith, president, and E. L. Behrens and Victor Kreis. Here from Crawford County were Arthur Meck, vice chairman of the board, and J. M. Wiley and Kenneth Snyder. Wyandot was represented by Wesley Wonder, board president; E. C. Simpson; Jack Henry, county sanitarian; and Edward L. Beard, Wyandot County auditor.

French Wreck Kills 8

REIMS, France (AP)—The Paris-to-Luxembourg Express derailed near here today. The French Railway Co. announced eight passengers were killed and 30 injured.

The Right whale lives on almost microscopic life which it strains out of sea water.

Agreement Signed for July 4 Fireworks Display in Marion

The Marion Citizens Committee for a July 4 celebration here went ahead with plans for a local observance by setting up a tentative program and signing a contract for fireworks at a meeting in city hall Wednesday night.

The tentative program includes Little and Colt League baseball games throughout the afternoon, a band concert and fireworks.

It is scheduled to get under way at 1 p.m. with the baseball action. Marion County Bank meets National City Bank and Isaly Dairy takes on Mac's Trading Post in the American, Little League contests slated for 1 and 3 p.m. Baseball play will resume at 5 p.m. as Moose battles Elks and FOP goes against Moulders in Colt League tilts. From 4:30 to 5:30 p.m., the Young People's Symphonic band will present a concert.

Lincoln Park will be available for picnics during the afternoon and the fireworks display is scheduled following the final ball game set for 7:15 p.m. Concession stands will be operated throughout the day.

A contract for a fireworks display with the American Fireworks Co. of Hudson, was signed by Ralph White, chairman of the local citizens committee. It was reported a total of $530 had been raised toward the $2,500 goal.

The committee will meet again next Wednesday at 8 p.m. in the city hall and hold a final meeting the following Wednesday. The fund raising drive for the July 4 celebration here is still under way and anyone interested in contributing is asked to contact Harold Henry, treasurer, at 2-3037.

Ike

(Continued From Page 1)

Wednesday in a statement assailing the Soviet Union's "brutal" partition of Germany, and Eisenhower followed up today.

There were indications, however, that Adenauer is far from sharing the view of some U. S. officials that there has been a change for the better in the government of the Soviet Union since the death of Premier Stalin.

Today's first medical bulletin, out at 8:10 a.m., ahead of Adenauer's visit, said:

"The President had a very comfortable night. He had a good night's sleep.

"His temperature is 99, his pulse is 88, his blood pressure is 118 over 70, his respiration is 20—all of which indicate a normal reaction at this time."

Looks Forward to Visit

White House press secretary James C. Hagerty, who relayed the doctors' report to newsmen, said Eisenhower told his physicians he was "looking forward" to visiting with Adenauer and Secretary of State Dulles.

Dulles and the German leader issued a joint statement Wednesday calling on Russia to carry out its pledge to "end the brutal and unnatural division it has imposed on Germany."

Hagerty said Eisenhower unquestionably spent the most comfortable night since his emergency operation early last Saturday to correct an intestinal block.

The President, Hagerty said, slept six hours with but one interruption, in contrast to previous fitful slumber—a matter of sleeping only an hour or so at a time.

One obvious reason was that the decompression tube leading from Eisenhower's nostrils into his stomach, had been out since Wednesday afternoon.

First Oral Nourishment

Hagerty said the President suffered no ill effects from the half cup of beef broth he took yesterday as his first oral nourishment since the operation. He has been fed through a vein.

Hagerty said, however, it is "too early yet" to tell whether further food will be taken by mouth in the immediate future or whether it will be necessary to restore the decompression tube.

Jack C. Somerlot New City Fireman

Appointment of Jack C. Somerlot of 576 Girard Ave. as a Marion City fireman was announced today by Safety-Service Director R. Guy Bigelow.

Mr. Somerlot, 26, is a Korean War veteran, having served with the Army for 21 months.

Presently employed in the carpet department at Uhler's department store, he previously was employed at Kroger's for seven years.

He is married to the former Virginia Davis, daughter of Mr. and Mrs. H. W. Davis of 607 Cherry St. Mr. Davis is a veteran city fireman. Mr. and Mrs. Somerlot have two children, Steven, 3, and Alice Michele, 18 motnhs. His mother is Mrs. Louse Somerlot, now of Phoenix, Ariz.

Mr. Somerlot will fill the vacancy created by the resignation of another veteran fireman, James T. Fisher, effective July 1. A fireman for the last 26 years, Mr. Fisher, now 67, joined the department on July 1, 1930. It was incorrectly reported to The Star for a story Tuesday that Mr. Fisher had been with the department only two years.

800 Attend Inaugural Food Institute Session

Approximately 800 persons attended the opening program of the Food Institute sponsored by the Ohio Fuel Gas Co., Wednesday night at Harding High School.

Tonight the program topic will be "Mrs. America Cooks." Mrs. Gladys Buth of Worthington, who was chosen Mrs. America for Ohio in a recent contest, will be an honor guest. She also placed third in the national Mrs America Contest at Daytona Beach, Fla. Mrs. Buth will present a bouquet of American Beauty roses to Mrs. Herbert J. Schroeder of Leetonia Rd., who was chosen Mrs. America of Marion County.

Interesting recipes will be demonstrated in the temporary kitchen tonight and the program will be interspersed with tips on making the kitchen more attractive at little or no cost.

Clothes from Sutton & Lightner and Jim Dugan's were modeled by local models on last night's program and tips on grooming were by Andre J. Correale of Columbus.

The school will close tonight. It begins at 8 p.m.

Local Family Service Board Holds Session

Chicago Consultant Studies Problems of Workers in Marion

John Mauff of Chicago, field consultant of the Family Service Association of America, met with the board of directors of the Family Service Society Wednesday night to review the progress and problems of the agency.

The Family Service Society is a member agency of the Family Service Association of America. Consultation with a field representative is one of the services rendered member agencies.

Mr. Mauff rated the agency progress as outstandingly good. He based this statement on his review of board minutes, noting the interest and participation of board members; on case records and on statistics which reveal the number of families applying for service and the type of problems presented.

He noted the need for increased staff and recognized the financial limitations in meeting this need. Ways of meeting the increased demands for service without increasing staff brought lively discussion ranging from establishing waiting lists through limiting situations accepted for service and curtailing the amount of service given individual families.

Mr. Mauff left this morning to go to Lake Forest, Ill., to complete arrangements for the Midwestern Regional Institute to be held there next week. Mrs. Doris Maxwell is planning to attend and has enrolled in the workshops on administration, public relations and family casework treatment of marital difficulty.

The meeting was held in the Family Service Society's office.

Motorcyclist Injured In Crash Near Galion

GALION—Albert H. Gibson, 29, of Shelby, who was admitted to the Galion Community Hospital Wednesday morning after being involved in a motorcycle accident, has been transferred to Shelby's Memorial Hospital.

Mr. Gibson suffered a brain concussion and numerous cuts and abrasions of the arms, hands and abdomen when the motorcycle he was riding skidded and turned over on Route 602 one-half mile north of Route 19 about 11 a.m. Wednesday morning.

Crawford County sheriff's deputies reported that the kick stand on Gibson's cycle dropped down, digging into the pavement. In attempting to raise it back in place, Gibson lost control. He is a former Shelby police officer.

An average of 10 mice live on a farm acre, says the National Geographic Society.

Opens in September

Local Hospital Sets Up Practical Nursing Class

Plans to start a school of practical nursing at Marion General Hospital were announced today by Miss Irene Tinklepaugh, administrator.

The first of its kind in Marion, the school is slated to open with its first class on Sept. 12. But the deadline for filing applications for the first 12-month course is July 31.

—:—

SCHOOL DIRECTOR will be Miss Florence E. Stough, director of nurses at the hospital, and the instructor will be. Mrs. Virginia Evans who formerly was an instructor and co-ordinator for a practical nursing program at Lancaster, S. C. A graduate of St. Luke's Hospital in Richmond, Va., she received her B.A. degree from Erskine College. She also has served as an instructor at Mercy Hospital in Charlotte, N.C., St. Joseph Hospital in Atlanta, Ga., and Lutheran Hospital in Cleveland.

Purpose of the school here is to prepare qualified applicants to administer adequate care to the subacute and chronically ill patient in the home and in the hospital under the direction of a licensed physician or a professional registered nurse, Miss Tinklepaugh said.

Nursing leaders for sometime have realized the need for more intensive training for those persons who care for such patients on the practical nurse level, Miss Tinklepaugh explained further.

To fill this need there have been several schools of practical nursing operating successfully in Ohio for about the last five years, she added. But until recently, there was no state law nor minimum standards for such schools. Last year the practical nurse licensure law was passed by the state legislature and this established the minimum requirements for such schools.

—:—

PLANS TO establish such a school here were started two years ago and the present plans have been approved by the Board of Governors of the hospital. The school will be under the general direction of the board and an advisory committee still to be appointed. Membership of the advisory committee is to consist of one or more representatives from the medical profession, the hospital administration, general education, professional nursing, practical nursing and the lay public.

The school will be open to any resident of Marion County between 17 and 50 who has two to four years of high school education, is in good physical health and is interested in nursing. Classes will be limited to 30 students and each class will run for one year.

First four months of the program will consist of classroom work from 8 a.m. to 3 p.m. five days a week in a classroom in the public health wing at the hospital.

For the last eight months, from January until September, the students will be learning by experience in the various clinical areas of the hospital—also on a five-day week, 7 a.m. to 12:30 p.m.

"Clinical experience must run concurrently with classes and conferences and so in the afternoons from 1 to 3 p.m., the students will attend classes and conferences relative to the morning clinical experience," Miss Tinklepaugh said.

—:—

IN ADDITION to other qualifications, applicants for the school must be free to pursue the program without interruption or absence and be financially in a position to carry the cost of the course, Miss Tinklepaugh said.

Exact costs of the course have not been established but will include a $25 tuition fee, a $4 fee for an aptitude test and the student must furnish her own uniforms, an inexpensive wristwatch and a pair of surgical scissors.

Hopes are that after the first four months of classroom experience, there may be some remuneration provided for the students but this is still to be determined, Miss Tinklepaugh said.

She also noted that on completion of the course, many of the students probably will be employed as salaried staff members at General Hospital.

For more detailed information and an application blank, interested women should go to the instructor's office in the public health wing at the hospital, Miss Tinklepaugh said. The office is open Monday, Tuesday, Wednesday and Friday afternoons from 12:30 to 2:30 p.m., she added.

"Those who have always wanted to be a part of the nursing profession but for one reason or another have never had the opportunity to become a registered nurse, now have at their doorstep a program which will prepare them for a position on a professional practical nurse level," Miss Tinklepaugh said.

Commissioners Grant Okay for Ditch Work

The Marion County commissioners, at a meeting in their office this morning, granted the petition to clean, straighten, widen and deepen the Terry ditch in Montgomery Township.

The petition was filed by Martin L. Justice and others. County Engineer Reed Ours was ordered to have his reports ready and filed with the commissioners by Sept. 17. The reports will include a survey and assessments, according to Walter Guthrie, commission office clerk.

Cunningham New Head of Crippled Children's Society

Robert E. Cunningham of 456 Brightwood Dr was elected president at the annual meeting of the Marion County Chapter, Ohio Society for Crippled Children, Wednesday night at the YMCA.

Election of officers, reports of chairman and plans for future activities made up the business session. The new president will succeed Richard Brandt who became a member of the board of directors

Miss Marie Johnson was elected vice president, Miss Frances Brown, secretary and Mrs. George T. Jacob, treasurer. On the board with Mr. Brandt will be Mrs. Robert Hurley, Mrs. Don DeLong and Mrs. C L. Ross.

Reports showed $4,280 netted in the annual Easter Lily sale sponsored by the chapter. Contributions were from residents of the city and county.

Plans were made to send six children to the annual summer outing at Camp Pittinger near Mifflin Cost per child for the two weeks is $60. Funds for this and other projects are provided through the lily sale.

Plans for the coming year include a countywide survey to determine the community needs of handicapped children. Cooperating in this will be Vincent Piper of Columbus, Northeastern Secretary of the Ohio Society for Crippled Children.

The chapter approved the expenditure of $160 to provide braces and supports for local handicapped children

Volunteers are needed to assist in the work of the chapter, the reports showed. Anyone interested is asked to contact Mr. Brandt at 2-2507.

Twining

(Continued From Page 1)

turn visit by Soviet air officials to the United States.

If Twining and his officers should be limited to seeing the Moscow air show, that could mean that a visiting Russian delegation might be permitted to see only something like the aircraft show at Oklahoma City next fall. But if the Soviet government takes the Americans to look over the Russian aircraft industry and air bases, the way might be paved for a similar tour by Soviet visitors.

Among those who will make the trip to Russia with Twining is Brig. Gen William H. Blanchard, the operations chief for Gen. Curtis E. LeMay, chief of the Strategic Air command and boss of this country's long-range bomber fleet.

Twining's deputy chief for operations, Lt. Gen. Frank F. Everest, will be in the group. Others are Lt. Gen. Donald L. Putt, deputy in charge of development, and Lt. Gen. Thomas S. Power, head of the Air Research and Development Command.

Hand of Fate

By George Sokolsky

The Constitution fixes the term of the President, when he is to be elected and how.

The Constitution, makes broad, general provisions as to what is to happen if the president dies in office or is incapacitated or resigns.

SOKOLSKY

Incapacitated is not carefully defined. In contemporary times, Woodrow Wilson, Franklin D. Roosevelt and Dwight D. Eisenhower were very sick men while in office; Warren G. Harding died.

The United States continued as a nation and the American people continued to thrive despite these regrettable manifestations of the mortality of man.

-:-

NO PHYSICIAN CAN guarantee the good health or long life of any man in public office. Dr. Paul Dudley White gave the impression that President Eisenhower is good for another 5 or 10 years Dr White knows no more about that than you or I.

When Dr. White was doing all this talking, I was in the hospital, seized by the same type of heart attack that Eisenhower had.

I asked my doctors to give me guarantees similar to those which Dr. White apparently gave about President Eisenhower. They refused. And quite rightly. Who are these doctors? God?

For what happened to Eisenhower could happen to Stevenson, to Harriman, to anybody. Men have been known to go to a doctor for an annual examination, pass top-notch, be congratulated by the doctor, and drop dead on his doorstep.

-:-

THOSE WHO SHOUT that every candidate for the Presidency undergo an examination are talking out of their hats.

Such an examination may, and often does not, disclose some trouble, but offers no guarantee that nothing will show up in a few months or for that matter on the very next day.

When one passes 50, things begin to wear out and break away and most men in public life have abused their bodies achieving distinction and popularity.

Of course, we might elect a youth to the presidency, one whose maturity is to be measured by I.Q. tests and the ability to answer questions in a manner that satisfies the ego of a professor.

The fact that President Eisenhower was hit down twice while in office does not mean that he is incapacitated permanently or that he will be struck down a third time or that he will not be struck down, or that his opponents are strong and healthy and will surely outlive him.

-:-

ABOUT SUCH MATTERS, nobody can know anything. In 1952, Bob Taft was a physically strong figure who was able to travel all over the country making hundreds of speeches. He was examined by a competent physician who found no warrant for restraining him. But he died of a cancer within months.

The objection to Gen. Douglas MacArthur as a presidential candidate was that he was too old. But here he is four years later strong in body and mind, seemingly ageless.

Harry Truman was a well man in office, but nearly died of a disease a year later, and is now travelling the world as a columnist.

-:-

NONE OF THIS proves anything more than that the human body is weak and requires fixing up, cutting away, correcting, adjusting as we go along.

The body is such a complex physical and chemical instrument that it is a marvel and a miracle that it works at all, but it does work and even under the most adverse conditions.

For instance, Beethoven became deaf early in life. We assume that music is something to be heard. But Beethoven never heard either his Fifth or his Ninth symphonies. But he wrote them.

Helen Keller has been blind and deaf nearly all her life, but she became a great public figure.

Thomas Edison could not hear but he invented the phonograph.

Milton was blind but he wrote some of the greatest poetry in any language.

-:-

THE HUMAN MIND is an ingenious instrument which is at its greatest when it transcends all difficulties and impediments.

The question is not whether Eisenhower is a well or a sick man; it is whether he has been a competent President.

Similarly, it does not so much matter whether Stevenson, Harriman, Johnson or Symington, to mention a few Democratic candidates, is sick or whole, but whether each is a competent, broad-spirited man of character.

Who will be alive four years from now, nobody can say for you, for me, for a president or for anyone.

(King Features Syndicate)

Frontier Pastime Ruled Illegal By Missouri Attorney General

LEXINGTON, Mo. (AP)—The law came to the raccoon's defense today and was set to squelch the revival of an old frontier pastime — 'coon-on-the-log contests.

A formal ruling by Missouri Atty. Gen. John M. Dalton held the sport violates a statute prohibiting the "baiting of any bull, bear, dog, cock, or other creature."

The opinion was issued at the request of D. W. Sherman, Lafayette County prosecutor.

"There's been quite a rash of contests," Sherman said. "We've had some complaints from humane society people.

"The business dates back to pioneer days, and there was a question whether you could regard it as a legitimate sort of trial for 'coon dogs. So I decided to ask the attorney general."

For the benefit of city folks who think of raccoons in terms of coats or politician's caps, it should be noted that the 'coon is a worthy foe when hunted legitimately.

A relative of the bear, he lives mostly in trees and is hunted by dog packs at night throughout the hill country. Hunters generally agree the cornered 'coon, on land or water, is a match for a single dog, though some dog fanciers are usually ready to argue the point.

That's how coon-on-a-log contests apparently got started in frontier days and why ready money betting has usually attended the contest.

It usually works like this:

A raccoon is chained to a log in deep water, some 50 feet off shore. A dog is allowed a given time to swim out and yank the ring-tailed captive into the water.

The 'coon has free use of teeth and claws. Officials in a nearby boat are supposed to separate the animals if the dog manages to drag the raccoon off the log. The encounters often are bloody.

Sherman said no prosecutions were planned but the contests will be stopped.

Burger Acquires Akron Brewery for $2 Million

CINCINNATI (AP) — The Burger Brewing Co., of Cincinnati has acquired the Burkhardt Brewing Co., of Akron in a deal reported to have involved two million dollars.

The two concerns are among the oldest Ohio breweries. The Burger brewery was founded in 1 '4 and the Burkhardt concern in 1870.

W. J. Huster, president of Burger, said Burkhardt has a capacity of 300,000 barrels of beer and ale a year and the purchase of it will increase the Burger capacity to 1½ million barrels a year.

Chief Knows the Odds

ALBANY, Ga. (AP) — Police Chief Billy Lee lectured the Lions Club on the foolishness of playing illicit lotteries because of the tremendous odds against the player.

Right after his speech, the club ran off its weekly charity lottery. The winner—Lee. The odds—378 to 1. The prize—men's wear.

Merger Seeks Lewis

By Victor Riesel

There is this about the loss of sight: occasionally there comes over you the awareness that never again will you see nature's full majesty, its deep valleys and lofty crags dramatically towering over the earth.

Victor Riesel

I jest not when I say I felt this way about the old gray mane, the eye brows, the craggy face of John L. Lewis—whether you like him or not, a giant among men.

But there is still the rolling voice of the man to hear—and soon it will be heard again in the high council of labor which John L. has abandoned so frequently.

The highest policy makers in the AFL-CIO expect the coaldiggers' chief to take his 400,000 miners into the merged labor federation. And in the not-too-distant future, at that.

-:-

THEN THE STORIES will have starker drama in them. Those on the other side of labor, politically and industrially, will feel sharp blows and the White House will be under thunderous assault once more.

John L. Began his march back into the AFL-CIO at exactly 1:25 on the afternoon of Thursday, June 7, in Washington. Lewis had just finished lunching in the mirrored corner always reserved for him in the dining room of the Carlton Hotel. Slowly, in that dramatic, measured step of his, he walked between the tables. Then he spotted an old friend, David Dubinsky of the International Ladies Garment Workers Union.

They greeted each other. Lewis asked the crewcut, ebullient garment workers' leader if he could join him—with the graciousness which marks Lewis' social life. The 76-year-old miners' chief has mellowed.

For 20 minutes Dubinsky and John L. talked. The garment union leader kidded Lewis about the latter's description of the AFL-CIO as a "rope of sand." Lewis grinned.

-:-

DUBINSKY THEN asked Lewis to join the AFL-CIO. Lewis retorted that he did not believe he was wanted. There were animosities, he said. He even believed there was a pact to keep him out.

Dubinsky said this was not true; Lewis was most welcome.

These two men from the pits and the needle shops, now world famed, chuckled as Dubinsky admitted that some of his colleagues had rewritten history to make it seem that Lewis had practically nothing to do with American labor.

"It reminds me of my 1931 trip to Russia," Dubinsky told Lewis. "When I got to Moscow I went to the Museum of the Russian Revolution. I wanted to see what Stalin had done to Trotsky in the history of the Soviets. I couldn't find a single picture or mention of this man who led the Red Army and who was one of the top revolutionary leaders."

-:-

THEN, WITH prankishness which comes over Dubinsky when he is twitting the giants, the garment workers' chief said:

"They could at least have put up one picture, and then run a line underneath it saying Trotsky was an s.o.b."

Lewis laughed at the analogy. Dubinsky then told Lewis that the International Ladies Garment Workers Union's recent convention report gave Lewis full credit for having helped build the AFL and for launching the CIO. Then Dubinsky said bluntly that Lewis would be welcomed into the AFL-CIO.

Today Dubinsky and many of his colleagues believe that Lewis will return shortly.

After hearing of this conversation, I checked 10 of the AFL-CIO's top officials. All of them, including David McDonald, head of the Uinted Steelworkers, said they hoped John L. would return soon.

-:-

THERE WERE SOME leaders out of the old CIO, however, who will oppose Lewis' return. These men know that Lewis loathes Walter Reuther. Jim Carey, of the International Union of Electrical Workers, will buck the miners. But once Lewis decides to come back, he will find the door wide open.

Once inside Lewis will make the sparks fly again. The public will know it fast enough, just as they did some years ago.

It was Lewis who pushed the AFL into launching its national political league. It was Lewis who suggested that ground be purchased opposite the White House for a new national headquarters. It was Lewis who got the AFL to go in for a national radio program. And, further back, it was Lewis who launched CIO's early strike waves and sitdowns.

Anything can happen when Lewis comes marching home again.

(Hall Syndicate)

Writer's Cramps

By Hal Boyle

NEW YORK (AP) Mary Roberts Rinehart, nearing 80, is suffering from writer's cramps.

This comes as a terrible blow to the onetime nurse who became the most successful woman author in American history.

HAL BOYLE

"I have trouble with my right hand," she said. "It's a chore for me even to write a check today. I do hope it will clear up soon, for I love to work. I'm very much at a loss now that I'm not writing."

Writer's cramp is a rare disease among modern authors. Most use typewriters, some even dictate their stories.

—:—

BUT MRS. RINEHART is a painstaking craftsman who writes three drafts of every mystery story or novel by longhand with a fountain pen she has used for 24 years.

The fountain pen is her most cherished possession. she values it even more highly than the Gainsborough and Raeburn portraits that adorn the living room of her richly furnished 17-room Fifth Avenue apartment, where she lives alone with three servants. She even puts the pen in a box in a bedside table when she sleeps.

"I might leave a diamond bracelet lying around," she said, "but never that pen I've never even had to change the point in 24 years."

Still a beauty in her 80th year, Mrs. Rinehart took up writing after the panic of 1907 wiped out the family investments and left them $12,000 in debt. She had three young sons at the time.

"I never really meant to be a writer," she said. "I never wanted a career. And if I had to start all over again today, I don't think I would. The competition now is too keen."

—:—

BUT COMPETITION rarely bothered Mrs. Rinehart. Writing on a rigid schedule—from 10 a.m. until 3 p.m.—she turned out from 2,000 to 6,000 words a day. The result: 60 books that made her the leading best seller American author of the 20th century. They have sold more than 11 million copies.

A publisher recently estimated that in the last 49 years her world public has paid 27 million dollars to buy her books and see her plays.

Mrs. Rinehart is justifiably proud of that record. She feels it's "not a bad achievement for one woman working all alone with a pen at a desk."

She loves to live graciously, surrounded by the symbols of splendor and elegance. Her spirit leans on and is refreshed by the durability of lovely things.

"The nicety of living is going out of the world," she said. "But I like it and cling to it.

"My tenure of life has been uncertain. I must make the best of it I can.

"I've lived a life so filled with tragedy I could never take safety for granted. I've been so close to dying so many times, and yet I'm not a coward. Even at my age I'm not afraid of dying. I hope I'm not afraid of anything."

—:—

MRS. RINEHART'S life has been full of tragedy and illness. Her brilliant father, an inventor, committed suicide. Her mother, a paralytic invalid, was accidentally scalded to death in her bath, unable to cry for help.

In 1932 she lost her husband, a tuberculosis specialist. Fifteen times she herself has undergoned surgery, once for cancer. She has survived four coronary attacks and, against the advice of her doctor, still smokes a pack of cigarettes a day.

Her greatest joys are "to be surrounded by my family"—she has more than a dozen great grandchildren—"and to do a day's work."

Still mellow, warm, and cheerful, she admires courage and kindness above all other virtues and says today's generation is braver than it is given credit for.

"They are bright and gay in the face of adversity," she said. "They don't think it's tragic to have only a little money. They're wonderful."

But when I asked her what impressed her most about life in the year 1956, she said, her bright blue eyes clouding:

"Its chaos. In my childhood there was more serenity, peace, and security in the world. We have been losing these things ever since."

(The Associated Press)

Reunions

RUTH

The 54th annual Ruth reunion was held Sunday at Garfield Park with 70 persons present. A picnic dinner was served at noon and a business meeting and program followed. Gifts were presented to the oldest members present, Mrs. Fronia Seiter and Moses Schrote, and to the youngest member, Steven Ray Ulsh.

Officers elected for next year include John E. Ruth, president; Mrs. Virginia Mehaffey, vice president; Mrs. Virginia Holt, secretary and treasurer. The 1957 reunion will be held at the same place.

The program included recitation of the 23rd Psalm by Doris Schrote, song by Edwin Holt, recitations by Norma Schrote, Patty Ruth and Tommy Ruth, reading by Virginia Holt and baton twirling by Phyllis Criswell.

Indians, Red Sox Play 11 Innings to 8-8 Deadlock

Storm Wipes Out Contest; Wertz Bats in Five Tallies

BOSTON (AP)—The comeback of Vic Wertz is helping keep the Cleveland Indians in the American League pennant race.

After winning a bout with nonparalytic polio last year, the 31-year-old first baseman is on the way to his best season in 13 years in the majors.

Wertz blasted two homers and a single Wednesday, to boost his batting average to .333, 91 points higher than last year at this time.

It wasn't enough to win the game, as the Indians played an 11-inning 8-8 deadlock with the Boston Red Sox. A storm, complete with hail, rain and lightning stopped the play. The game must be replayed in its entirety later in the season.

Wertz nearly broke it up in the ninth inning. With two out and Al Rosen on first base, Wertz smashed a long drive just foul into the right field seats. Then he lined one to the pitcher, who knocked it down and threw him out.

His two homers gave him 14 for the season, the same number he hit all last season. His five runs batted in gave him 44 for the season, only 11 under his 1955 total.

Wertz was playing Wednesday with a pulled leg muscle, aggravated by a slide in Tuesday's game.

Chico Carrasquel was injured Wednesday, putting the whole starting Cleveland infield on the slightly injured list. Carrasquel bruised a thigh when Don Buddin ran into him at second base. Bob Avila, out with a groin injury, was pressed into service in the 12th inning. Al Rosen, still nursing an injured knee, got a shoulder bruise from a bad-hop single.

Manager Al Lopez used five pitchers in the futile effort to pick up a full game on the New York Yankees. Today he sends Bob Lemon against Boston's Ike Delock.

The Indians return Friday to Cleveland for a 14-game home stand, starting with the New York Yankees. Lopez hopes Herb Score, recovering from a digestive ailment, will be able to pitch against the Yanks.

Mac's, County Bank Win Tilts In Loop Action

Marion County Bank's undefeated American League pace setters strengthened their hold on top spot by whipping Isaly Dairy in Little League action Wednesday night.

AMERICAN LEAGUE	W	L
Marion County Bank	7	0
Isaly Dairy	4	3
National City Bank	2	5
Mac's Trading Post	1	6

The Bankers downed the runner-up Isaly squad 9-3 while Mac's Trading Post notched its first victory of the season with an 11-10 win over National City Bank.

Marion County spotted Isaly a first-inning run, then came back with one in the second, three in the third, one in the fourth, one in the fifth and three in the sixth to trim the Dairymen. Isaly's final tallies came in the sixth.

Gary Warner went the route for the winners and allowed Isaly only five hits. He whiffed seven while walking none. The winners collected eight hits. Isaly hurling accounted for nine strike outs and allowed two walks.

Larry Sims had three hits for the winners and Pickett had two for Isaly.

In the nightcap, Mac's Trading Post withstood an eight-run outburst by National City in the sixth to edge the Bankers.

Three-run clusters by the winners in the first three frames and two tallies in the seventh won it for Mac's. The losers scored their initial run in the third, then added another in the seventh following the eight-run rally to fall short by one.

Lee Workman and Terry Pierce worked for Mac's, surrendering eight hits, fanning 15, walking nine and hitting two batsmen. Mike Wynn and Roger Graff were the Banker hurlers. They gave up six hits, whiffed nine, walked eight and hit a batter.

Gary Wilcox led the hitters with three hits for the losers.

Western Stars

Pitching

Paul Foytack and Steve Gromek, Tigers — Combined for a seven-hit shutout with seven strikeouts to beat Baltimore 2-0 in near 100-degree heat while leaving 10 runners stranded; Gromek, relieving in eighth, won it.

Hitting

Vic Wertz, Indians — Drove in five runs with his 13th and 14th homers of the season in 11-inning, 8-8 tie against Red Sox.

Pleasant Halts String of Wins For Prospect

Pleasant High School edged Prospect 4-1 Wednesday night in a Marion County Baseball game at Prospect Park.

The defeat was the first suffered by a Prospect High School athletic team to a county team since December of 1954 when the Bulldog cagers dropped a three-point decision to Claridon's Hornets.

Since that time, Pospect has rolled to a baseball crown, a track title, two county tournament crowns, a basketball league championship and a co-championship. This year's diamond nine advanced to the championship finals of the state tourney.

Sharrell Leffler ended the long string by silencing Prospect hitters in last night's action. The flashy Pleasant hurler whiffed 14 Bulldog batters and had a no-hit game going until Ron Sparks lashed a triple with two men out in the final frame. That hit drove in Tom Rodgers who had reached first base on an error.

Sparks and Lauer divided the pitching for Prospect, Lauer coming on in the sixth inning. They gave up only two hits. The winners pushed over one run in the opening inning, added two in the third and one in the fifth.

Pleasant	102 010 0—4 2 2
Prospect	000 000 1—1 1 5

Leffler and Peacock; Sparks, Lauer (6) and Rodgers.

Softball Schedule

GAMES THURSDAY
Industrial League No. 1
McMillen vs. Erie No. 2—6:15 p.m.
OSCO vs. Marion Power Shovel—7:30 p.m.
Erie No. 1 vs. Marion Metal 8:45. (Darnell and Millisor)

GAMES FRIDAY
Industrial League No. 1
Marion Metal vs. OSCO—6:15 p.m.
Marion Power Shovel vs. McMillen—7:30 p.m.
Erie No. 2 vs. Local 750—8:45 p.m. (Darnell and Millisor)

Ben Hogan Striving To Regain Top

ROCHESTER, N. Y. (AP) — The "old man" and a few young men were the only controversial subjects today as the 56th U.S. Open Golf Championship—a tournament that gives real promise of being the biggest and best ever held—got under way on the lush east course of Rochester's Oak Hill Club.

"The old man" is a tag Dick Mayer hung on Ben Hogan — a great golfer who may or may not have seen his best playing days and who is here trying to win an unprecedented fifth Open title.

Stirs Up Discussion

The sturdy little man from Texas has stirred up more discussions among the players themselves and the multitude of fans than any other of the 162 players.

Some think he's the man to beat and that the long, 6,902-yard, par 70 Oak Hill course is just the kind for him. Others figure that age—Ben will be 44 in August—and the effects he still feels from his near-fatal automobile accident several years ago slowed Hogan's competitive pace so he can't outlast the strong-legged youngsters in this rugged event.

The young men are the caddies, whose peeve against tournament officials came to light Wednesday when Sam Snead was denied the use of his long-time bag toter, Jimmy Steed.

Snead was more than slightly scorched at the change, ordered by U.S. Golf Assn. officials because Steed had not been assigned through the regular caddy pool.

Snead Protests

"I've had this fellow all week and now I get a new man. What do they care who caddies for who? Somebody snitched on me," the West Virginia walloper protested.

Steed, who has caddied for Snead some 22 years, got a regular job here, remained out of the original pool drawing and was listed as first alternate. Snead then dismissed the caddy he had drawn and was given the man he wanted. USGA officials decided that wasn't quite cricket.

Some of the other caddies asserted that the rule of a blind draw for caddies had been violated in other instances and that favored youngsters had been assigned to certain top players.

If somebody did "snitch" on Snead, it might have been a mistake. An angry Sam might be a lot harder to beat than a serene Sammy over the tough 72 hole grind. He still has about the finest swing in the game and his booming drives should count for a lot at Oak Hill. If he can sink a few putts, he should be a contender for the one big title he never has won.

It comes down to putting in Hogan's case, too. Mayer, for one, thinks the "old man" has lost his putting touch to a certain extent.

Ben Putts Poorly

"He doesn't hit the ball firmly enough to putt well on slow greens," Dick said. "He'll do a lot better on fast greens—and you can bet they'll be plenty fast here."

Hogan's answer to that was "I never was a good putter. I've been working too hard for this tournament. I'm awfully tired and not playing well at all."

Only a year ago, after losing the Open playoff to Jack Fleck, Hogan said he never again would work so hard in preparing for a tournament. But he came here over a week in advance to practice and instead of resting Wednesday, as he often does, he played nine holes, spent considerable time hitting shots on the practice ground, then put in a half hour on the putting green.

CAVALRY CAPTAIN Hans Wikne of Sweden applies the torch to the Olympic Flame at the ceremonial opening of the 16th equestrian Olympic Games in Stockholm. Among those present were Queen Elizabeth and her husband, the Duke of Edinburgh.

The Scoreboard

AMERICAN LEAGUE	W.	L.	Pct.	G.B.
New York	33	20	.623	—
Chicago	25	20	.556	4
Cleveland	28	23	.549	4

Giants, Cards Report Trade Of 8 Players

ST. LOUIS (AP) — The St. Louis Cardinals and the New York Giants traded four-for four today, with the Red Birds giving up Red Schoendienst, Jackie Brandt, Bill Sarni and Dick Littlefield for Giants Al Dark, Whitey Lockman, Ray Katt and Don Liddle.

Cardinal General Manager Frank Lane said there was no cash involved in the swap.

Lane said that he intended to move rookie shortstop Don Blasingame over to second base and play the veteran Dark at shortstop.

The fast dealing Lane, who has shuffled his Cardinals right and left in the past few weeks, said his outfield would now consist of Stan Musial, Rip Repulski and Wally Moon. Moon, normally an outfielder, has been playing first for the Red Birds this year. Lockman will move into his spot, Lane said.

Brandt is a rookie center fielder, Sarni a catcher and Littlefield is a pitcher.

Katt is a catcher and Liddle a pitcher.

Bucs' Spurt Wins Cheer By Tebbetts

CINCINNATI (AP) — Birdie Tebbetts, who may be the best manager in the National League, is convinced Bobby Bragan, freshman pilot who has done such a splendid job masterminding the Pittsburgh Pirates into first place, will be on the big league scene for many years.

"That fellow (Bragan) has shown me he has what it takes to manage successfully up here," Tebbetts said Wednesday night after the scheduled game between his Cincinnati Reds and the Pirates had been postponed because of a thunderstorm.

"He's not afraid to gamble and he's got the guts of a burglar. He knows what he's doing out there all the time and he's always thinking ahead. More important he's got the courage of his convictions."

Tebbetts' enthusiastic endorsement to Bragan is understandable because they are the same type manager. Both are deep strategists, both like to try innovations such as a four-man outfield against sluggers like Stan Musial and a five-man infield in an effort to frustrate an attempted bunt. Neither is hesitant about pulling out his ace pitcher for a pinch hitter in early innings, nor going against the book, or law of averages, when they believe the situation merits it.

"I believe the most important contribution Bragan has made to the Pittsburgh club," Tebbetts said, "is giving them confidence. He took a bunch of perennial cellar dwellers and made them believe they were as good as the other guys.

"It took me three years to convince my guys they were a first division club. That's what Leo Durocher gave to a ball club—belief. Belief in themselves. That's what Bragan has given to his club."

Wednesday night's rainout prevented the Reds from making an effort to regain first place in the National League—a spot they lost to Pittsburgh Tuesday night. The Pirates headed for home immediately to open a home stand. The Reds were to leave today for New York where they will open an eastern trip Friday against the Giants.

New Grand Slammers

NEW YORK (AP)—Of the 30 grand slam home runs hit in the National League during 1955, 11 were belted by players for the first time in their careers. They were: Ernie Banks, Gene Baker, Don Zimmer, Bob Thurman, Smoky Burgess, Del Crandall, Johnny Logan, Willie Mays, Stan Lopata, George Freese and Gene Freese.

Star Being Belted

Roberts May Miss Twenty Game Mark This Season

By ED WILKS
Associated Press Staff Writer

It begins to look as if the rest of the National League has caught up with Robin Roberts, the ace of Philadelphia's pitching staff who may miss 20 victories for the first time in seven years.

Milwaukee's Braves, who had lost 13 of 23 run-ins with Roberts, greeted Robin like a favorite cousin Wednesday night, rocking him from the mound with a seven-run fourth inning that handed the big righthander his eighth defeat against only five victories.

Loses Fourth Straight

It was the fourth straight setback for Roberts, who hasn't lost that many in a row since 1953. Never in his six straight 20-or-more-victory seasons was Robin shackled with a losing record at this stage of the schedule. He's had only one losing year in baseball—when he was 7-9 as a rookie with the Phils in 1948.

Only one other NL game was played, with the Chicago Cubs winning No. 10 in the last 13 on a 6-5 decision over the New York Giants. Rain postponed the first-place battle between Pittsburgh and Cincinnati. Brooklyn and St. Louis were not scheduled.

In the American, the Chicago White Sox beat the New York Yankees for the first time in seven tries 7-5 and edged into second, four games back of the Yanks, as Cleveland and Boston battled to an 11-inning 8-8 tie halted by rain.

Detroit Blanks Orioles

Detroit bopped Baltimore 2-0 on Charley Maxwell's ninth-inning home run. Kansas City popped out of the cellar with 21 hits that beat Washington 13-4 and dropped the Senators into last place.

The Braves snapped a three-game losing streak in their 14-hit attack against the last place Phils. Roberts absorbed nine of the blows, including three triples by Danny O'Connell that tied a major league record. Del Crandall and Ed Mathews homered for five runs in the big fourth.

Three New York errors totaled five unearned runs for the Cubs, who counted a three-run homer by Eddie Miksis as Bob Rush won his sixth with ninth-inning relief. Jim Hearn lost it for a 3-6 mark.

The White Sox won the hard way, giving up three unearned runs with four errors and overcoming a 3-1 deficit in the fourth on Ron Northey's pinch three-run homer off starter Bob Turley. Larry Doby made it 5-4 in the fifth with his first home run of the season and Luis Aparico packed it away with a two-run, bases-loaded single in the seventh.

Babe Ruth "caught up" with Mickey Mantle, who hasn't hit a home run in a week. The Mick has 21 after 53 games. The Babe had the same number in the same number of games in his record 60-homer year of 1927.

Wertz Knocks in Five

Jackie Jensen socked home four runs for Boston, slashing a bases-loaded triple to tie it in the fourth. Vic Wertz, who drove in five runs, had given Cleveland an 8-5 lead in the top of the fourth with his 14th homer, a three-run jolt off reliefer Dave Sisler and his second of the game.

Detroit had just one hit off Billy Loes, making his first start for the Orioles since his purchase from Brooklyn, before he retired in the seventh. Maxwell's 11th homer was the first this season off reliefer George Zuverink.

Charley Thompson and Vic Power each had five hits for the A's while Hector Lopez and Gus Zernial homered in the hit parade against four Washington pitchers.

Fairfield, Eaton Win

Huber-Warco Maintains Lead by Beating Depot

Huber-Warco maintained its first place roost in Industrial League No. 2 Wednesday night at Garfield Park.

The loop leaders whipped Marion Engineer Depot 11-6 for their fourth straight victory while second place Fairfield turned in a 14-3 verdict over the Telephone Co. In the third tilt of the evening, Eaton whipped Local 1949 7-1.

Huber-Warco fell behind early when the Depot nine scored three runs in the first but then grabbed the lead for keeps. Hits by Steve Norris, Don West and D. Leser, the latter a homer, produced three markers for the losers but Fats Millisor settled down to hold the Depot hitless until the sixth

During that stretch, the winners had piled up a 6-3 advantage. Ted Anderson homered in the first for Huber - Warco's first run. Four mor ecrossed the plate in the second on hits by Hankins, Coulson, Miley and Williams. Two walks and a sacrifice and hits by Anderson and Hankins and an error accounted for another in the fourth. Five in the sixth on hits by Hankins, Anderson, Miley, Bob Emery, W. Carwill, two walks and a sacrifice concluded Huber-Warco's scoring.

The Depot scored its final runs in the sixth on hits by D. Dean West, C. Mories, and H. Leeth. Millisor held the losers to seven hits while Huber-Warco pounded out 13 off Cline.

A 13-run third led Fairfield to its lopsided victory over Telephone Co. The losers scored single runs in the first, third and fifth on hits by Isaac, Sharp and Gilbert, four walks and a wild pitch. Fairfield scored once in the second on an error, walk and outfield fly, then clinched it in the third on hits by Jim Seiter, Smeltzer, Gamble and Sheaffer, four walks and five errors. Gottfried held the losers to three hits while Fairfield netted only four off Dalton.

Local 1949 scored once in the second but then was blanked the rest of the way by Gorham. A triple by Hensel and an outfield fly produced the losers' lone tally. Eaton came up with four in the third on hits by Reeves, Worthe, Shoemaker, Yake Baird and Gorham, added two in the fourth on hits by Reeves and Gorham and three walks, and wound up its scoring in the fifth on a homer by Ferriman. Gorham threw a four-hitter at Local 1949. The winners reached Green of the losers for 10 hits.

Panther Is Winner In Wrestling Event

In wrestling action at the Marion Armory Wednesday night the Black Panther won the main event two falls to one over Frenchy Roberre. Roberre won the first fall in seven minutes with a drop kick. The Panther came back with a hangman's hold in 16 minutes and came back with another hangman's hold to take the third fall.

Between the second and third fall police had to restore order when the Panther and Billy Fox tangled. Fox was coaching Robere.

Harry Lanzi won the simi-final bout over Rip Hawk in two straight falls. The first as a drop kick after 15 minutes and the second was a crab hold after eight minutes.

In the Battle Royal at the start of the night's activities Fox was the first to be eliminated. He was followed by Lanzi and Hawk, leaving Roberre and the Panther for the main event.

YMCA Divers To Test Skills In Vance Lake

Members of the Marion YMCA Mask and Fin Club move outdoors beginning Monday for skin diving and fishing sessions.

Meeting the last three weeks to learn skin diving fundamentals, the group will depart from the "Y" at 12:45 p.m. Monday for an afternoon of instruction at Vance's Lake.

Members going to the lake with the first group were required to pass a rigorous test, according to Dean Ludwig, instructor. The swimmers received instruction in underwater duration swimming, spear runs, life saving, distance swimming and equipment repair. Prior to making the trip to Vance's Lake, the group will receive instruction in hand signals, further lifesaving and undergo a membership test.

The group is aiming for excellent ratings in hand spearing. According to Ludwig, the group will attempt to hit an excellent rating of 35 or above or a superior rating of 46.5 or above. During a recent trial run, Ed Cooper was high with a mark of 37.5 out of a possible 50 points.

Persons interested in joining the club are asked to contact Ludwig at the "Y" for information on the training sessions.

BUY AT HOME

LOWELL, Mass. (UP) — Burglars found only three nickels when they rifled a service station cash register here. They used the nickels to buy cold drinks after they tried unsuccessfully to force open the soft drink dispenser in the office.

Horses Routed At Olympics in Blaze, Smoke

STOCKHOLM, Sweden (AP)—Horses' worst enemies, fire and smoke, threw a cloud of uncertainty over today's final stage of the three-day event in the Equestrian Olympic games.

A gutted building in the stable area told its own story of near disaster. The building, used for dressage training, went up in flames Wednesday night.

Dozens of Olympic horses from 29 nations, stabled only a few yards away, were hurriedly evacuated as smoke screened the barracks.

The big question today was how badly did the smoke and sudden change in training routine upset the finely tuned horses. Nearly 40 of them were put out to grass in a local park until the smoke cleared.

The three-day event ends with today's show jumping. The test is to demonstrate that on a day after tremendous effort in the endurance competition the horses have retained that suppleness and energy needed in ordinary jumping competition.

Britain went into the final day leading in the team competition with 311.48 penalty points. Germany was second with 402.91 and Canada third with 532.72.

The United States, along with teams from 10 other countries, were disqualified Wednesday when at least one of their riders didn't complete the 21¾-mile course made muddy and treacherous by rain.

4-Week Strike Ends

CANTON, Ohio (AP)—The United Steelworkers ended a four-week strike of 125 employees of the Weber Dental Manufacturing Co., Wednesday night by agreeing to a new contract. Terms of the agreement were not disclosed.

Homer Marks In Majors Are Being Broken

NEW YORK (AP) — Some big league baseball observers are saying that horsehide they're using this season is hopped up Others maintain it isn't any livelier than in the past few years.

The figures support the rabbit-rousers.

The latest home run totals show an increase of more than 40 per cent over those of only four years ago. The major league sluggers have walloped 794 homers this year as compared with 555 in as many games in 1952.

Furthermore, an Associated Press survey disclosed today, four major home run records stand a good chance of being wiped off the books before the 1956 campaign ends.

The American League, with shortened fences in Washington and Baltimore, has accounted for 369 four-baggers and at that pace should eclipse the league mark of 973 set in 1950. The league-leading New York Yankees, with 76, are ahead of their 1936 tempo when they set the junior circuit's club mark of 182

The National League, which has taken over the "hitters' league" title in the past decade, shows an aggregate of 425 circuit blows. This is only two behind the figures of this time in 1955. And last season was the one in which the older loop established its standard of 1,263 homers

The power - laden Redlegs have hit 84 in 50 games, a pace that would give them more than 250 for the year's work. The record is 221 by the New York Giants in 1947.

All but three teams are hitting home runs at a faster clip than they did in 1952 and most of them are way ahead. The Reds, for example, had only 43 at this time four years ago. The Yankees had 42. The St.Louis Cards, who have 53 this season, had only 26 then. And the Detroit Tigers, who have 55 in 1956, had 29 in '32.

Also, 10 big league clubs show increases over last season. The surprising Pittsburgh Pirates are 25 ahead, the Reds 21, the Tigers 12 and the Washington Senators 11.

Tryout Camp Set At Bucyrus Field

BUCYRUS — The Milwaukee Braves will hold a baseball tryout camp at Lions' Field here Monday, Tuesday and Wednesday under the direction of Scout Bill Maughn who is credited with discovering Willie Mays.

Tryouts will start at 9 a.m. daily for players who are 17 or older. Junior league players must have written consent from their managers before being permitted to participate, and all candidates must furnish their own glove and shoes, according to William C. Martin, Bucyrus area representative for the club.

Alloy Is Still Unbeaten, Beats G&G; VFW Wins

Undefeated Alloy today held a four-game bulge over its nearest rival in the Pony League following action Wednesday night at Lincoln Park.

Alloy edged G & G Homes 7-6 while runner-up Clark Metal was bowing to VFW 7-5.

Three tallies in the seventh on three hits won it for Alloy. The winners picked up three runs in the opening frame on only one hit and then were blanked until the fifth when they pushed in another marker. G & G tallied once in the first, once in the second, twice in the third and twice in the fifth to hold a temporary 6-4 edge heading into the last two innings.

Stan Larkin and Phil Reid handled pitching duties for the winners, allowing six hits, fanning 10, walking three and hitting a batter. Lefty Saunders toiled for the losers. He allowed eight hits, whiffed four and walked five.

Vance Creviston pounded out three hits for the winners while Saunders and Tom Prichard both collected two safeties for G & G.

PONY LEAGUE	W	L
Alloy	7	0
Clark	3	4
G & G	2	5
VFW	2	5

VFW built up a 5-0 bulge after three frames to notch its second victory in the opener.

One run in the first, four in the third and two in the fourth constituted VFW's scoring. Clark came up with three in the fourth, one in the fifth and one in the seventh.

Stu Flesher went the distance for VFW and held the losers to six hits. He struck out four and walked three. Rocky Evans was the Clark hurler. He surrendered eight hits, fanned seven and walked none.

John Romano cracked out four hits for the winners while Evans had a pair of doubles for Clark.

BASKETBALL DAYS ENDED. Ohio State's All-American basketball star, Robin Freeman, was to leave the hospital at Cincinnati today where he was treated after suffering the loss of parts of two fingers on his left hand in a wood chopping accident. "I guess I'll have to be a lawyer now," said Freeman. "Basketball's out and so is dentistry."

Marlins Start Summer Drills Monday Night

The Marion YMCA Marlin Synchronized swimming group is preparing for the start of summer drills Monday evening, June 18, following a four-week layoff.

The group will begin drilling on new stunts and acts for future shows. Members, who presented their first show on May 16, will meet every Monday night during the summer.

Their first show, an essay in water ballet entitled "Fisherman's Paradise," was a "great success" and the Y feels the performance should be a yearly event.

The group is open to persons able to pass a strenuous test in the fundamentals of swimming. Persons interested in taking the test are urged to be on hand Monday, June 18, when the group resumes its practice sessions. Persons who have participated in previous shows are also urged to attend.

North Central League Joins Baseball Group

The North Central Ohio Baseball League, which includes three area teams, has become affiliated with the National Baseball Congress.

Members of the six-team loop are Galion, Cardington, Marengo, West Salem, Mansfield Merchants and Mansfield Armed Forces.

Arizona, Gophers To Battle Tonight In NCAA Tourney

OMAHA (AP)—Arizona and Minnesota meet for the third time tonight in the NCAA college world series with the championship at stake. Game time is 9 p.m. (EST).

Arizona evened up the series records of the teams Wednesday night by thumping the Big Ten champions, 10 to 4, on long distance hitting—something Minnesota excels in itself.

That was the second meeting of the clubs, Minnesota having won 3-1, on Sunday to put the series record of both teams at 4-1. The tourney is a double elimination affair.

Fabius Is Nominated For Ohio Derby Event

CLEVELAND (AP) — Fabius of Calumet Farm, place runner in the Kentucky Derby, and Swoon's Son, winner of last Saturday's $50,000 Chicagoan, head a list of 53 horses nominated today for the $45,000 Ohio Derby at Thistledown Racetrack June 23.

The Ohio Derby is a mile and one-eighth race for three-year-olds.

Other three-year-olds nominated for Ohio's richest race include Kingmaker, winner of the $25,000 Kent Stake; Come On Red, third in the Kentucky Derby; and Golf Ace, disqualified winner of the Wood Memorial.

Best Fishing Of Year Seen Through Ohio

COLUMBUS, Ohio (AP) — Good weather the next few days may provide the best fishing of the year for the weekend, the Ohio Division of Wildlife reported today.

The outlook by sections:

Northwest—Practically all lakes and streams are in good condition with considerable numbers of various kinds of fish being taken. East Harbor in Ottawa County has been producing largemouth bass and bluegills. Lake St. Marys is in good condition with crappies and catfish being taken. Oxbow Lake in Defiance County is in good condition with bass and bluegills reported.

Northeast—Practically all of the lakes are in almost perfect condition and fishing is reported good. The Portage Lakes have produced well and other lakes, including Mogadore, Berlin, Charles Mill, Pleasant Hill and Clearford are in perfect condition.

East Central and Southeast — Most streams in excellent condition, with the exception of Wills Creek and parts of the Muskingum River. Most lakes including Burr Oak, Seneca, Clouse, Hope, Alma and parts of Buckeye, Atwood, Leesville and Piedmont are in fine shape. Bass, bluegills, crappies and catfish are being reported taken in large numbers from most of these lakes.

Southwest — Report for most lakes and streams is clear and normal with bass, bluegills, crappies and catfish being taken in large numbers. Such lakes as Kiser, Stonelick, Cowan, Indian and Loramie should provide good fishing.

Sandusky Bay — Reports from Lake Erie fair to good with perch being taken on minnows. Some pickerel being taken at the Innis Reef and Kelley Island Shoal. Smallmouth bass are being caught around the Bass Islands mostly on minnows fished close to shore. A few whitebass are being caught, but they are scattered.

Clement Has Lead In Seniors Event

RYE, N. Y. (AP)—A 144 by Franklin G. Clement, 56-year old Lake Forest, Ill., broker, was the target as the second half of the original field of 335 started played today in the United States Seniors' Golf Assn. championship.

Clement, playing in the tournament in which the minimum age is 55, shot even par in his two rounds over the Apawamis Club's par 72 course. On Tuesday he posted a 73 and came back Wednesday with a 71 for a four stroke lead over Joseph Wells of Newell, W. Va., 1949 champion. Newell carded a 73-74—147.

Defending champion John W. Roberts of Columbus, Ohio, faded out of the picture with a 75-77—152.

Tryout Camp Set By Columbus Jets

A three-day, tryout camp sponsored by the Columbus Jets in conjunction with the Kansas City Athletics will be held at Jets Stadium in Columbus June 27-29.

Youths must be at least 16 and must be present the opening day. Aspirants playing American Legion baseball must have written permission to attend the camp from their coach or Legion commander. Youths are to bring their own equipment while the Jets will furnish bats and baseballs. Hank Gowdy, Jets official, is in charge of the camp. Youths seeking tryouts are to report at 10 a.m. on June 27.

Named Dean

CLEVELAND (AP)—Dr. Paul Edmund Boyle of the University of Pennsylvania today was named dean of Western Reserve University's school of dentistry. He succeeds Dean William L. Wylie, who is retiring.

Major League Leaders

AMERICAN LEAGUE

Batting—(based on 125 at bats) —Mantle, New York, .388; Maxwell, Detroit, .371.

Close Finish Tops Hilliards Program

COLUMBUS, Ohio (AP)—A three-horse photo finish, climaxing a five-horse stretch duel, highlighted Wednesday night's harness racing program at Hilliards Raceway.

A crowd of 2,010 saw pacer Marty's Pilot win a camera decision over Dixie K and Lite Direct.

Dutch Parlay won the featured trot and paid $3.40, $3.20 and $3.20.

News of Granges

GRAND PRAIRIE

A donation was made to the Salvation Army building fund, the annual apple coffee cake baking contest held, and candidates for state Grange camp selected when Grand Prairie Grange met Tuesday at the school.

Mrs. Edith Hinamon was named winner of the subordinate Grange contest and her daughter, Mary Kay, winner in the juvenile division of the apple coffee cake contest. They received potted plants. Serving as judges for the contest were Mrs. Eloise Brewer and Miss Beatrice McIntosh, 4-H club leaders.

It was voted to contribute $5 for sponsorship of a boy and girl to state Grange camp and Delmar Lucas and Ruthella Linn were chosen as candidates. A county-wide contest to select the winning couple will be made at a Pomona Grange meeting July 7 at Umted Grange.

Refreshments at that meeting will be pie and sandwiches, it was announced. Work done by the Grange during the previous three months was graded by E. A. Williams, former county deputy master.

For the program, a Salvation Army film entitled "Hands of Mercy" was shown by Lt. Pauline Laipply of Marion. Miss Emily Pride presented a piano solo.

One appeal card was answered. Announcements were made of inspection at the next meeting July 3, a countywide Grange picnic at the Marion County Fairgrounds in August, installation of officers Aug. 6, and annual County Grange memorial services at Martel Grange June 24 at 8 p.m. Two members, Charles Thomas of E. Center St. and Jody Lill of S. State St., were reported ill. Guests at the meeting included Sharon Gaster of Prospect and Marsha Wilhams of Vermilion. Refreshments of cake, strawberries and ice cream were served by the Home Economics committee.

Annual Services Opening at Ashley

Beginning tonight, the Interdenominational Holiness Association will hold its annual public camp meeting at Ashley. Services will be each night at 8 through June 24 and Sundays at 2:30 p.m. and 8. Children's services will precede the preaching hour each night.

Rev. Howard Sweeten will be the evangelist and Rev. A. E. (Gene) Clark, pastor of Salem EUB Church near Marion, and Mrs. Clark will conduct the children's meetings. Music will be under direction of Donald Hostetler and his family.

Annual missionary service will be June 17 at 2:30 p.m. Rev. Meredith Haines, a representative of the Oriental Missionary Society returned from Formosa, will speak. President of the association is Rev. A. J. Fryhoff of near Mount Gilead.

Publisher Stricken

CLEVELAND (AP) — Samuel A. Horvitz, 67, partner with his brother, Isadore, in the Highway Construction Co. and in publishing newspapers in Lorain and Mansfield, was stricken with a cerebral thrombosis Wednesday. Police and firemen took him from his home in Shaker Heights to Lakeside Hospital where his condition was reported satisfactory.

State Group Asks More Data

Council Holds Up Plans For Expressway Study

COLUMBUS, Ohio (AP) — State Highway Department plans for an engineering study of two legs of a proposed north-south expressway were blocked temporarily Wednesday.

The State Highway Construction Council said it will not consider a highway department request for $5,125,000 to finance the study until the department furnishes more information.

Highway Director S. O. Linzell Wednesday requested the funds to finance preliminary plans for a 38-mile stretch of highway between Cincinnati and Dayton and an 80-mile leg from Conneaut to the east-west toll road near Cleveland.

A spokesman for the council says it wants to know:

Will sufficient amounts be left in the highway construction and bond retirement fund? The fund would finance plans on projects programmed for 1956-57.

Will funds be left to meet the following contingencies: Unexpected disaster on a major thoroughfare, provision for highways for new industries or relocation of a highway by another state requiring new construction in Ohio?

What future projects on major non-interstate thoroughfares would have to be dropped because of such an expenditure?

What recommendations have been made for financing the two expressway legs?

Linzell said study of the Cincinnati-Dayton portion would cost 1¼ million dollars and the Conneaut-Cleveland section four million dollars. Estimated construction cost of the 38-mile southern leg is 32 millions and the 80-mile northern leg 100 millions, Linzell added.

Linzell ordered preparation of plans for the southern leg last week after a banking group recommended that the planned 300-mile Conneaut-to-Cincinnati expressway not be financed as a toll road at present.

At that time, Linzell asked the commission to consider the feasibility of planning the northern leg.

Of the new miracle-fabric suits for men, it is claimed that they look no worse after being slept in. The same, of course, was true of the old-fashioned seersucker.

Red Cross Board Told of Meetings

Reports of the national convention held recently in St. Lois, Mo. were heard by the board of directors of the Marion County Chapter of the American Red Cross, Wednesday at the monthly meeting at Hotel Harding. Representing the chapter were Miss Lillian Plack, executive secretary and Mrs. Loy Rhoads, staff aid chairman. The next convention will be held in Washington, D. C.

Louis B. Conkle, chairman, presided for the meeting and named the following to serve as a budget committee: J. W. Llewellyn, chairman, Mrs. William Thomas, Mrs. J. H. Harmon and Mrs. L. G. Jones. Lloyd Johnson of the house committee, reported on the open house held by the Mansfield Chapter at which time guests were taken on a tour of the newly-acquired chapter house.

Theme of the national convention was "The Red Cross Job Today —Getting the Job Done." the delegates told the board. Highlights of the business session, were presented The next convention will be held in Washington, D. C.

The home service report showed 31 requests for information on limited service considered. 39 interviews held, a large number of telephone calls made and received, letters written and visits made; 23 persons contributed 127 hours of service at the canteen; 28 persons gave 408 hours' work as Gray Ladies; five persons spent 49 hours in motor service; one person gave 192 hours as a social welfare aide; 29 persons contributed 212 hours in staff aide work and 10 persons contributed 76 hours as volunteer nurse's aides.

As in former years, no meetings will be held in July and August. The next regular meeting will be Sept. 12.

Named by Penal Group

INDIANAPOLIS (AP) — Maury C. Koblentz, Ohio correction division chief, Wednesday was elected a vice president of the Central States Correction Assn. at the penal group's annual convention here

Check Blast Cause

CINCINNATI (AP) — Excessive steam pressure in a basement water heater may have caused the spectacular explosion that ripped out two sides of an apartment building here Tuesday night, killing one man and injuring 18 others persons.

Charles W. Gruber, city heating inspector, said the shattered boiler still is buried in the wreckage. A close examination will be required to determine definitely the cause of the blast, Gruber said.

Now...a Danish Process margarine!

delicious new TRI-NUT
—superior in every way to all other margarines

Chill-rolled by an exclusive, imported process, TRI-NUT is made from the finest, most costly ingredients to give you superb flavor and texture!

Quite frankly, you've never dreamed margarine could be as good as superior new TRI-NUT! Utterly unlike other margarines, there's no "hide-and-seek" flavor here. *Danish Process* TRI-NUT, made with the choicest ingredients, tastes so delicious, so sweet and fresh...has unvarying goodness in every golden ounce. When you serve TRI-NUT to your family, you'll understand why more and more people are calling TRI-NUT the "aristocrat of margarines."

What makes TRI-NUT superior?

Simply this. The makers of TRI-NUT margarine have used fresh skim milk plus the finest, most costly peanut and palm kernel oils and the choicest coconut oil which is *specially* prepared by E. F. Drew & Co. These ingredients are delicately blended by an exclusive, imported Danish Process, perfected over a period of years in a country long famous for its wholesome food products. With this process, TRI-NUT is chill-rolled...its flavor brought to peak perfection...then held "in perfect balance" for your pure enjoyment. What's more, every pound of TRI-NUT is rich in Vitamin A. You couldn't give your family a more nutritious, more delicious spread...at any price.

TRI-NUT has a wonderfully smooth texture, too. Spread it on the softest bread. See how easily it goes on. Put it on hot toast or baked potatoes. See how *evenly* and uniformly it melts. Once you try it, you'll never go back to other margarines—never see the need for the more expensive spread.

Costs more but worth it!

Naturally, TRI-NUT with its choice ingredients and imported process costs more than margarines that have nothing but price to recommend them. Once you serve TRI-NUT at your table, we're certain you'll say: "It's worth it in every way!" Look for delicious new TRI-NUT margarine at your grocer's now—see how truly fine margarine can be.

To introduce you to the finest margarine ever made...

Electric Power Needs Expanding

U.S. Demands for Coal Will Rise, Industry Told

WASHINGTON (AP) — President John W. Evers of the Commonwealth Edison Co. said today future demands for electric energy promise to be so great that all types of fuel will be needed and used.

Evers said in remarks prepared for the National Coal Assn. convention that present demand for electricity probably will be doubled by 1965 and doubled again by 1975.

This means, he said, that the power industry's coal requirements, now running at one-third of all soft coal production, or 140 million tons a year, will rise to 210 million tons by 1965 and 400 million tons by 1975.

Evers said in a decade or two, utility firms will be using nuclear powered plants to produce some of their energy, but he forecast power demands will be so great coal can be assured of a steadily expanding market.

"Evidence is mounting that coal can increase its share of the electric energy market at the expense of oil, gas and hydro-power," he said.

Charles R. Hook, chairman of the Armco Steel Corp., said in another prepared address the planned 15-million-ton expansion of steel making capacity in the next three years will alone create an additional demand for 12 million tons of coal a year.

Motorist Gives Proper Signal for Rail Hotbox

KALAMAZOO, Mich. (AP)—E. L. Chapman, brakeman on a New York Central freight train, saw a motorist stopped at a crossing, waving and holding his nose.

Chapman quickly stopped the train. He explained: "That (holding the nose) is the universal language of trainmen to tell of a journal (axle) box burning."

When the train stopped the crew found a journal box had overheated, caught fire and set ablaze a car loaded with creosote-soaked logs. Kalamazoo firemen put out the flames.

The crew didn't learn who the motorist was, but suspect he's a trainman.

Merger Approved

CINCINNATI (AP)—A second union merger was approved Wednesday by the Amalgamated Meat Cutters and Butcher Workmen of North America—a move that will boost their membership to about 450,000.

The action ratified the merger with the United Packinghouse Workmen of America. The consolidation still must be approved by packinghouse workers. Earlier at their convention here, the meat cutters approved merger with the Fur and Leather Workers' Union.

Perfect Record

LUCERNE VALLEY, Calif. (AP)—This may not be a record, but Charlayne Stott was graduated from Victor Valley High School with a perfect four-year attendance mark despite having to travel 57,000 miles to school.

The round trip from her home to school in Victorville, 70 miles per day on the bus, added up to 14,250 miles a year, or 57,000 miles for the four years.

Local Legion Post Installs New Officers

McKenney Assumes Position as Head of Bird-McGinnis Unit

Officers for the new year were installed when Bird-McGinnis Post No. 162, American Legion, met Tuesday night in the Dugout.

Taking office were T. H. McKenney, commander; Garnet Moore, first vice commander; John Dean, adjutant; Donald Bowen, treasurer; D. J. MacDonald, chaplain; Charles Browning, sergeant-at-arms; George Browning, assistant sergeant-at-arms.

D. J. Malloy is immediate past commander.

Conducting the installation was Fred W. Thacker, first vice commander of the Department of Ohio, American Legion.

Guests were Charles Jackson of Cardington, Sixth District commander, and Mrs. Jackson, Mrs. D. J. Malloy and Mrs. Garnet Moore.

The charter was draped for two past commanders of the post who died in the last week, Clarence Bowe and Ross Todd. A report on Boys' State being held at Camp Perry, Toledo was given by Mr. Moore.

Mr. Jackson complimented the post on its all-time membership high, explaining if the post held that position until the state convention in Cleveland in July, the post would lead the Sixth District in the Legion parade. Mr. McKenney announced total membership is 741.

Tonight, on Flag Day, the post will present a flag to Radio Station WMRN in a special ceremony at 7 o'clock. The Cavaliers Drum and Bugle Corps and the post color guard will participate.

An announcement was made concerning an air conditioner installed in the Dugout

Mr. Thacker presented to Mr. Malloy a past commander's insignia for his Legion cap and also a lapel pin set with a diamond. He in turn presented the lapel pin to the new commander to wear during his term of office.

Mr. McKenney named a committee to represent the post at a meeting of the Memorial and Veterans Day Association to be held June 21 in the Dugout. R. E. Copeland, vice president of the Association, will preside and election of officers will be held. A report was given on the district convention held at Cardington.

Offhand, it's just hard to think of anything that's happened so far this year that will be likely to turn up on a commemorative stamp in 2056 A.D.

Dutch Press Denies Royal Rift Over Faith Healer's Influence

THE HAGUE, Netherlands (AP)—Dutch newspapers today denied speculation abroad that a faith healer's reported influence over Queen Juliana might force her abdication.

The local editors, who had held off several days on the story after it broke in a German news magazine, branded reports of the faith healer's sway over Juliana an invasion of the royal privacy.

They denied there was any constitutional conflict between the Queen and the government.

The reports had no apparent effect on the Dutch parliamentary elections Wednesday. The Communist newspaper DeWaarheid printed the story here first in apparent hope of touching off a political bomb. But the Reds in the latest balloting lost 2 of the 6 seats they had held.

The story came out in the German weekly Der Spiegel at Frankfurt. It said Juliana fell under the influence of 61-year-old Miss Greet Hofmans after Prince Bernhard brought her to the palace eight years ago to treat their partially blind daughter, Princess Maria Cristina, now 9.

The article alleged that Miss Hofmans later extended her influence to matters of state. It said a breach developed between the Queen and her husband after he barred the healer from the palace.

Most Dutch papers labeled the affair a private concern of the Queen and no one's business.

SPRING SURPRISE

THETFORD, Eng. (INS) — The residents of this Norfolk County village have had a rude awakening about the fresh water spring which for years had been said to have healing properties. Workman recently uncovered the source of the water — fractured water main.

New Chaplain Assigned At White Cross Hospital

Among appointments made at the Methodist Ohio Annual Conference last week was the assigning of Rev. John R. Howard as chaplain of White Cross Hospital in Columbus. He is the son-in-law of Rev. E. A. Leeson, who was reassigned to the Methodist Church at Prospect, and Mrs. Leeson.

His new duties will begin Oct. 1. At present he is serving his chaplain's internship at University Hospital at Ann Arbor, Mich.

Transfererd from the denomination's South Georgia Conference to the Ohio Conference at the Lakeside meeting, he was ordained with elder's orders Sunday afternoon.

A new, delicious treat awaits you! From the moment you pick up a package of this richer, finer ice cream you note its weight. In serving you note its smoothness and in the eating remains thebiggest thrill of all. You will agree with us it's better!

Model Government in Full Swing

Additional Youths Take Up Duties at Boys' State

CAMP PERRY, Ohio (AP)—They had an imaginary disaster, imaginary martial law and a real cleanup at Buckeye Boys State Wednesday.

A thunderstorm hit the American Legion-operated school where 991 boys of 16 and 17 are trying to learn how to run a government.

Mayor Alvin Budd of the City of Cobb with 50 boy residents pretended storm damage had made his city a disaster area.

At Budd's request Gov. Richard Gorsuch proclaimed a "disaster" and declared "martial law" which lasted an hour and a half.

In that time Fire Chief Mike Morrissey and a crew thoroughly cleaned out 13 of the 24 cabins in Cobb. Morrissey then announced an imaginary storm damage of around $500,000."

The governor asked the Legislature to pass an act making the State Highway Patrol legal. It seems Col. James Bower of Massillon and Capt. Lowell Gerwin of Bragner have been operating the 72-member patrol without enabling legislation.

In addition to the statewide officials announced previously, the following local officials assumed offices Tuesday:

Appeals court judges — Robert Dix, Kent; Paul Gillmor, Old Fort; Robert Reed, Middletown.

Common Pleas Judges—Ronald Hartman, Cincinnati; Jerome Lyons, Dover; John Rupp, Whitehouse; James Fluke, Ashland.

Municipal judges — Paul Stone, Huntsburg; Thomas McMaster, Girard; Edward Fisk, Conneaut; Richard Bettinger, Sandusky.

County commissioners — Leonard Dershaw, Warren; Dallas Kruse, Woodville; Frank Millero, Warren; John Buck, London; James Davis, Madison; John Murphy, Columbus; George Holmes, Lucas; Ronald Abraham, Edon; Francis Gibson, Glencoe; James Burns, Cincinnati; Dave Ferguson, London; Don Vaccariello, Cleveland.

Sheriffs—Tim Johnson, Alliance; Dennis Arnold, Boardman; John Robinson, Franklin; Eric Osborne, Coshocton.

County prosecutors — Dale Shipley, Xenia; Tom Langshaw, Perry; Alan Alexander, Cleveland; Dick Schwartz, Van Wert.

Clerks of court — William McKosky, Painesville; John Hamm, North Olmsted; Donald Clark, Hamilton; Thomas Manger, Wapakoneta.

County auditors — David Trubey, Elyria; Darrell Curtis, Holgate; Otto Beatty, Columbus; Don Price, Kenton.

County recorders—Terry Taylor, Portsmouth; Don Yetzer, Shelby; Roger Wyss, Beloit; John Mutschelknaus, Sugarcreek.

County treasurers — Ronald Raush, Marysville; Tom Enderbury, Rossford; Ronald Gobert, Millersport; Richard Mitsch, Carey.

County engineers — Richard Seaman, Springfield; John Sanders, Ashtabula; Terrence Flynn, Marion; Fred Davidorf, Bexley.

City mayors — Fred Roberts, Monclova; Murral Fishel, Cleveland Heights; Joe Rich, Cleveland; Alvin Budd, Westerville; Tim Laubscher, Lakemore (Summit County); Mike Christian, Greenville; Tim Hepner, Columbus; Webb Ellis, Washington Court House; Alan Hetrick, Ada; Paul Knight, Cadiz; John Colman, Xenia; Tom George, Minerva; Robert Gozinsky, Bedford; Thomas Georgeadis, Cleveland; Jim Rauth, Alliance; John Leech, South Euclid; Harry Glaze, Warren; Fred Meeker, Galion; Carl Schwartz, Warren.

Gets School Post

COSHOCTON, Ohio (AP)—Roy D. McKinley, principal of Coshocton High School since 1952, has been employed as superintendent of city schools, replacing George A. McConagha, who resigned last week to become superintendent of schools at Grandview Heights, a Columbus suburb. Both men formerly served as executive head of schools at Fredericktown.

Airline Probe Under Way on Fatal Tumble

CHARLOTTE, N.C. (AP) — President Airline officials were trying to find out today how a honeymooning bridegroom happened to drop to his death from a plane more than a mile in the air.

The victim, identified as Oren A. Pruitt, 38, of Charlotte, was said by neighbors to have been married Tuesday — just a day before his death — to Blande Tidd, also of Charlotte. The neighbors said the couple was honeymooning.

Pruitt's body — described by police as "broken all to pieces" — was found in a church graveyard near Shelby after he plummeted from the plane while it was flying at an estimated 6,000 feet.

John Newell, Piedmont's agent here, said Pruitt apparently was swept out of the plane when a cabin door opened unexpectedly as he was walking toward the men's room in the rear. Newell said it probably would not be known until sometime today why the door flew open.

Plan Housing Project

CANTON, Ohio (AP) — Plans for Canton area housing developments costing 15 million dollars and including 850 homes were announced Wednesday night by the Brentwood Development Corp. and Grant-Holladay Construction Co.

Chance To End 100-Year Losing Streak

Democrats Could Crack GOP's Hold on Vermont

MONTPELIER, Vt. (NANA) — The Democrats stand a chance of breaking a 100-year-old losing streak and winning Vermont in this year's national election.

Vermont, which backed the Whigs through the election of 1852, turned to the up-and-coming Republican party in 1856. The tiny Green Mountain state has followed the GOP through thick and Alf Landon, ever since.

But two new developments on the local level indicate a new surge of Democratic blood in Vermont's Yankee veins.

Of primary importance is the news that Mrs. Consuelo N. Bailey, the nation's first woman lieutenant governor, and a Republican, will not run for re-election to a second two-year term. Traditionally, Vermont governors and lieutenant governors are accorded two consecutive terms in office—if they want them.

Mrs. Bailey, who climbed from state's attorney, through speaker of the House of Representatives, to the state's second highest post, has always been a winner, and has long been considered a sort of pohtical signpost.

LAST YEAR SHE WAS odds-on-favorite to be governor in 1958, if she wanted to continue, according to traditional procedure.

It's said she read the handwriting on the wall.

The second significant development is that for the first time in contemporary memory, there will be a fight for the Democratic gubernatorial nomination.

Previously, the state's Democrats have had to convince one of their members that somebody had to bear the standard, if only to keep the party on the ticket. However, in each of the last two elections the state came within a handful of votes of having a Democratic governor.

This year, both near-winners are going to fight for the party nomination. Robert Larrow, Burlington city attorney, came near getting as many votes as did President Eisenhower in Vermont during the 1952 Republican landslide. In 1954, State Senator E. Frank Branon was 2,600 votes away from being governor.

Incumbent Gov. Joseph Johnson is known as a "good Joe," but during his first term in office he boosted state income taxes, and Vermonters can't see where the money has improved the state's twisted highway system, alleviated the state's growing rate of unemployment, or helped the struggling dairy farmers.

IT'S THE DAIRY farmers who could, if properly wooed by the Democrats' national candidate, tip the scales in favor of the minority party.

Dairy farms occupy a major part of Vermont's acreage, and their owners feel that their long fidelity to the GOP should have brought some token patronage with the end of 20 years of Democratic national administrations.

Instead, the Republican farm programs have favored the southern and midwestern farmers, and parities, price supports and government purchases of dairy products are olwer than they were under the new dealers.

The result is that Vermont may be ripe for Democratic plucking, and a presidential candidate need only cross the state's borders to discover a ready-made program of public relations. All he can lose is a little prestige and three electoral votes.

Last year, a state Senate Democrat introduced a resolution inviting Democratic national chairman Paul Butler to address a joint meeting of the legislature.

The resolution received unanimous endorsement by both houses, and a surprised Butler found himself the first national Democratic figure to speak from the Speaker of the House's podium.

HE SPOKE ON bi-partisanship. The reaction to his speech was that Butler looked and acted like "most anybody," and that he spoke common sense.

The 1955 general assembly then turned around and passed some of the most "socialistic" legislation in Vermont history. Among the new bills, they boosted unemployment benefits; they set up a state hospital for the chronically ill; they created a state university, and they threw many thousands of dollars into the improvement of state parks.

In 1936, only Vermont and Maine voted Republican. In 1954 Maine deserted her little sister to the west and elected a Democrat, Edmund Muskie, as governor.

This year, if the Democrats' presidential candidate seems fit to stump Vermont; if he offers to consider the plight of the dairy farmers in his farm program; if he hints at the possibility of the federal government's coming to the aid of Vermont's outmoded highway system, and if he proposes to stimulate the move of industry (and maybe an atomic reactor) to Vermont, he can tuck those three rockbound Republican electoral votes into his pocket.

Application Granted

WASHINGTON (AP) — The Communications Commission Wednesday granted an application for a new radio station to Hillebrand Electronics, Toledo, Ohio, FM Channel 223.

Waldo Class Planning Fund Raising Program

Members of next year's Waldo High School senior class continue their series of projects aimed at sponsoring a senior class trip next spring with a euchre party Saturday.

It is scheduled to begin at 8 30 p m. in the school gymnasium. The public is invited and refreshments and various prizes will be awarded. Admission will be 50 cents per person.

Senior class members have also been doing various odd jobs and baby sitting in and around the community.

Oregon has almost 54,000 acres of state parks.

Okays New Judgeships

WASHINGTON (AP) — The House Judiciary Committee Wednesday approved a bill to create 20 new federal district judgeships and one new circuit judgeship.

Included in the bill is a new judgeship for the Northern Ohio District

Smell How Fresh

... as you take off the inside gold aluminum foil wrap!

Taste How Sweet!

Mrs. Filbert's has a flavor secret! Mrs. Filbert always said, "I'll get my margarine onto your table *so fast* it's bound to taste fresher than even most expensive spreads!" *That's* the secret for milder, sweeter flavor! More vitamins, too, than the expensive spread.

Spread Mrs. Filbert's *fresh* flavor tonight! Delicious!

Only a woman could make it taste so good!

Mrs. M. V. Filbert

Mundt Favors Bill Plugging Security Hole

Legislation Offered In Senate Negating Supreme Court's Act

WASHINGTON (AP) — Sen. Mundt (R-SD) predicted today swift approval by Congress of a bill to plug what he termed "the great hole shot into our internal security" by the Supreme Court.

Mundt and Sens. Eastland (D-Miss) and McCarthy (R-Wis) introduced Wednesday similar bills designed to negate the court's 6-3 ruling on Monday that the government may not summarily dismiss on security grounds workers whose jobs do not directly concern national security.

Another Republican, former Sen. Harry P. Cain of Washington, agreed in a separate interview that the Supreme Court "did shoot a hole" in the loyalty-security program, but said it was "right where it should be shot."

Leading Critic

Cain, appointed by President Eisenhower to the Subversive Activities Control Board, has become a vigorous critic of the security program.

At the end of two days of testimony before a Senate judiciary subcommittee Wednesday, one man Cain cited was reoffered a job he had lost on security grounds. And Sen. Hennings (D-Mo) said the subcommittee he heads will explore other cases which Cain described as injustices or at least questionable.

Cain on Tuesday had termed an example of "fascism" the case of an ex-GI who had lost an American Red Cross job after the Army raised security questions against him.

Offers To Rehire

Wednesday night the Defense Department announced the Red Cross has offered to rehire the man, Irving J. August of Seattle, a World War II and Korean veteran. "I'll be delighted to go back to work," August said in Seattle. He attributed his troubles to what he said was brief membership in the Progressive party in 1948. He said he dropped out because he felt "it was being influenced by Communists."

August said he wants a chance to clear his name. The Pentagon said August, dropped by the Red Cross March 26 when the Army refused to clear him for overseas service, will be given a hearing under its industrial security review system. This applies to workers of civilian contractors doing work for the military.

Second Case Cited

The outcome will determine whether August may go overseas for the Red Cross. Meantime, the Pentagon said, he will be restored without loss of pay to his former Red Cross job at Ft. Lawton, Seattle.

Another case Cain mentioned was that of William Henry Taylor, who was cleared Jan. 5 after being accused on a number of occasions of being a Communist spy. Cain said a letter used as evidence against Taylor "may have been fabricated." He said various purported copies have had different dates and been typed in different forms.

Cain has urged changes in the security program to make it easier for those accused to face their accusers. He said many "innocents" have been labelled security risks without ever learning the nature of the charges against them.

Mundt, however, said he expects Congress will "restore this program to the position Congress had it is before the court ruled."

Mundt told the Senate Wednesday his bill's effect would be to assure that "the Reds, the pinks and the punks" are taken off their jobs the minute security charges are filed against them, with opportunity to appeal if they believe the charges are unjust.

Raps Court

He said it was "a travesty on our judicial procedure when . . . six men in black robes (the court) can nullify our every effort and expose the internal workings of our government to the stealthy espionage and sabotage of Communist agents."

The court's decision does not reverse the right of departments and agencies designated by Congress as "sensitive" to fire workers summarily on security grounds. It does make ineffective Eisenhower's 1953 order extending this to all government agencies and departments.

Powered by twin jets, the U.S. Navy's jet fighter Cutlass is capable of flying more than 650 miles an hour.

Sales of Fertilizer Show Steady Rise

ROME (AP)— World use of fertilizers has more than doubled since 1938.

In the United States, consumption has more than quadrupled, although U.S. farmers average less per acre than most Western nations.

Highest consumption per acre in the world is in New Zealand. The Netherlands, Hawaii, Belgium and Japan, rank next in order.

The fertilizer statistics were published in the current bulletin of agricultural economics and statistics of the U.N. Food and Agriculture Organization.

World consumption jumped from 8,400,000 metric tons in 1938 to 17,900,000 tons in the 12 months ending June 30, 1955. U.S. consumption increased frmo 1,311,000 to 5,469,000 tons.

New Comet cleanser outcleans them all!

● YES, PROCTER & GAMBLE'S NEW GREEN CLEANSER GETS SINKS AND TUBS WHITER AND CLEANER THAN EVER BEFORE! TRY THE TEST YOU'VE SEEN ON TV!

1. **Take any common food stain**—the real stubborn kind like tea or coffee sometimes makes. Then, just as you've seen in the famous cleanser test on Television, use a ruler to divide the stain approximately in half.

2. **Shake your present cleanser** (in the picture we call it "Cleanser X" but no matter—COMET beats all leading cleansers) on one side of the stain. Don't stint. You can be as generous with the powder as you wish.

3. **Next, shake some green COMET,** fortified with Chlorinol, on the other side of the stubborn stain. **Chlorinol* is Procter & Gamble's trade-mark for its special bleaching and disinfecting chlorine compound.

4. **Rub each side of the stain** with separate wet sponges or dishcloths, using ruler to keep Cleanser X and COMET Cleanser apart. You'll see green-foaming, fresh-smelling COMET bleach out stain as no other cleanser can!

5. **Rinse and see the difference!** Some stain still remains on the Cleanser X side. But on the COMET side the stain is bleached out completely—proof that COMET gets your sinks and tubs cleaner and whiter than any other cleanser.

Now, clean the rest of the sink with COMET *and* LOOK!

It's gleaming white with all the stains and aluminum marks gone. And with up to 99% of household germs gone, too! Yes . . . COMET, with Chlorinol, disinfects as it cleans . . . gives greater protection to your family.

Comet

FORTIFIED WITH— CHLORINOL

BLEACHES OUT STAINS AND WIPES OUT GERMS AS NO OTHER CLEANSER CAN!

Right now COMET is available in limited areas only. © The Procter & Gamble Co.

Instrument Checks Internal Tumors

New Device May Save Unnecessary Surgery

By ALTON L. BLAKESLEE
AP Science Reporter

CHICAGO (AP)—A look-see test can save many women from unnecessary surgery to remove the womb, a physician said today.

It is done with a pencil-thin instrument that permits direct vision of the interior of the womb or uterus. With light from a tiny bulb on the end of the instrument, the physician can see whether tumors are really present that call for a hysterectomy, or removal of the uterus. Photographs can be taken through it.

Hundreds of American women daily have hysterectomies. Their tumors are quite often found to be a benign or harmless kind, fibroid tumors, growing in such a way that they would not cause trouble. Many of the women are young enough still to bear children.

—:—

THE UNIQUE instrument, the hysteroscope, is being shown in an exhibit at the American Medical Assn.'s annual meeting by Drs. William B Norment and C. Henry Sikes of Greensboro, N C.

Fibroid — noncancerous — tumors are often found during physical exams.

If they are not large and are growing only on the outside wall of the uterus, they can be left alone, Dr. Norment said. The woman can still bear children. These fibroid tumors disappear after menopause or change of life.

But if the tumors have penetrated through to the inside of the uterus, they cause bleeding and other distress. There can also be a question whether the tumor is really benign, or dangerous. Doctors hesitate to take a chance that it could not be or become dangerous.

—:—

THE INSTRUMENT developed by Dr. Norment gives direct vision to learn whether the tumor is on the inside. If not, the operation could be avoided. It can also show whether the bleeding might be due to hormonal upsets that can be treated medically.

Established methods of exploring the interior of the uterus can at times miss because there is no direct vision, Dr Norment said.

He and Dr. Sykes said the method has saved some women from unnecessary hysterectomies. The instrument is being used by some gynecologists in other cities.

Convention Set

SANDUSKY, Ohio (AP)—The Music Merchants Assn. of Ohio will hold a three-day convention at Cedar Point, starting Sunday.

Father Gets Mumps

CONWAY, N.C. (AP) — "Daddy, come kiss me," welcomed four-year-old Barry when father Harry Jenkins came home from work.

Daddy obliged. Then Barry told his daddy that the doctor had left only a short while before—"daddy, I've got the mumps." So has Barry's twin brother, Larry.

Today, the twins have daddy at home with them—all three pairs of jaws swollen with mumps.

N.Y. Stock Quotations

NEW YORK (AP) — The stock market maintained a fairly steady position today in the early afternoon.

The market was narrowly mixed at the start, and prices later spread over a range of around two points higher to a point lower.

Trading was slow at a pace around Wednesday's 1,760,000 shares.

Today's action reflected profit-taking after three days of strong markets that more than erased the loss of Friday's break on news of the President's illness.

Higher prices went for Santa Fe Railroad, Panhandle Oil, Anaconda Co., Allied Chemical, Goodrich, and Boeing.

Lower were Union Pacific, Royal Dutch Petroleum, Paramount Pictures, American Telephone, Du Pont, General Electric, U. S. Steel, and Chrysler.

Chesapeake & Ohio was up around two points in the midst of plans forwarded by the United Mine Workers Union to stimulate coal exports. The railroad is the nation's biggest coal carrier.

Arrested by Police

Chester R. Cichocki, 39, of Detroit was arrested on a charge of disorderly conduct early today by Marion police. He was slated to appear in Municipal Court later on the charge.

Local Insurance Agents Named to Honor Clubs

Three members of the Marion agency of the Ohio State Life Insurance Co. have qualified for membership in clubs for life insurance sales during this year.

Charles R. Dunn of 1017 E. Church St. and J. R. Scharer of 538 Forest St. both qualified for the President's club while H. L. Trout of Caledonia qualified for the Honor Club. The local agency, of which E. G. Siefert is manager, ranks second among all agencies in the company for the year.

Police Locate Missing Child in Her Own Bed

MENOMINEE, Mich. (AP) — Mrs. William McKenney looked almost everywhere before calling out state police to look for her 4-year-old daughter, Kay Ann. The place she forgot to look was in the child's bed.

"I didn't look there because she never goes to bed unless we put her there," Mrs. McKinney apologized to weary police officers.

Door Releases Are Demanded On Appliances

WASHINGTON (NANA) — Most refrigerator manufacturers are "dragging their feet" in putting safety devices on their products to prevent them from becoming death traps for small children, in spite of the fact that such equipment can now be installed in the factory for as little as $1 or less.

This is the charge of Rep. Kenneth Roberts (D-Ala.), who held House subcommittee hearings to get progress reports from the industry.

Roberts said that, if the refrigerator producers do not quicken their pace in adding these child-saving devices to new machines, he will press for action on the compulsion bill he sponsored last year. His bill would require safety devices on the doors so that refrigerators could be opened from the inside.

He praised General Electric Co. for its new magnetic door, which a spokesman said could be put on a refrigerator for about $1. While GE has a patent pending on its magnetic sealing door, its representative told Rep. Roberts that the company would license its use by other manufacturers.

The Alabamian said another spokesman demonstrated a new "lifeguard" luminous safety release which costs 49 cents.

Roberts said that the National Electrical Manufacturers Association, whose members make over 85 per cent of all electric household refrigerators, seems to feel that a foolproof, workable device has not yet been perfected.

The Congressman stressed that he feels the GE and Admiral devices are steps in the right direction and desirable "even though they might not be perfect."

About 7¼ million Americans over 65 years old get income from public Social Security programs.

Berliners Flocking To 'Buy American'

BERLIN (NANA) — Berliners are today flocking to one of their biggest department stores to "buy American." The West German government has provided a reputedly large sum from the surplus dollars to enable "Defaka" or German Family Departmental Store to open up entire sales floors of the latest American goods.

The shop has been imaginatively decorated outside and inside with show panels of skyscrapers, Fifth Avenue views and Hollywood scenes.

Berliners have rushed to buy such latest American articles as nylon petticoats, fancy belts, lightweight suits, ready-made frocks, nylon nightgowns and other washable goods. Lightweight suits and nylon petticoats were sold out within a few hours on the very first day.

Why have Berliners rushed to "buy American" goods, which are more expensive than their own wares, and when other department stores are packed with latest designs from Paris?

The head of the DEFAKA explained, "To have something American, something from the new world, and to add a little snobbery with American chic dresses this hot summer."

Marathon Law Course Is Completed at Detroit

DETROIT (AP)—Glenn Bennett is going to get his law degree from the University of Detroit after 24 years of squeezing in a course here and a course there during a police career climaxed by promotion to head of the Detroit arson squad. Bennett, 41, started out after a law degree in 1932, but the depression and the rearing of four children slowed up his book work.

The hotter it gets, the more popular these Penney Towncraft sport shirts are going to be! Fine nylon leno lets cooling air in, weighs next to nothing! Long-wearing, too, especially with that Penney tailoring.

New Biblical Translation

South Sea Islanders Get Bible in Pidgin English

SYDNEY, Australia (NANA) — Pidgin English — the lowly, despised hodgepodge of English and Malayan dialect spoken by generations of South Sea traders and natives — is the latest language into which the Bible is to be translated.

In this Bible the words "Jesus Christ the Son of God" are translated as: "Pikanini bilong God," and St. Mark's Gospel — the first to be translated and printed, because it is the most compact — becomes "Guid nuis Mark 1 raitum" (good news, Mark he wrote it.)

The Bible Society in Australia already has translated 60 volumes of the Gospel into 55 different languages for New Guinea, Papua, the Solomon Islands and New Hebrides But this is the first time Pidgin English will be used to tell the story of Christianity in print.

—:—

THE PIDGIN BIBLE will be sold at a fraction of production cost to thousands of natives in Papua and New Guinea who speak 501 different languages.

Pidgin is despised among linguists as a jargon, but it is the only language common to all the natives of the South Pacific islands.

Some tribes in the region have been in touch with whites for so long they have forgotten their own vernacular, and Pidgin has become the only language they know. Its vocabulary is chiefly English but its syntax is Malayan.

Although the richness of Elizabethan English made the famous King James version the most magnificent translation from a literary point of view, the new translation will fully convey the meaning of the Gospel, according to the Bible Society.

—:—

TO THOSE UNFAMILIAR with the common tongue of the Pacific islands, the Pidgin translation may seem a bit bizarre at first.

For instance, the challenge by Christ, "If any man has ears to hear, let him hear" becomes in Pidgin "Oi I gat gudfella ia, ol T mas harim."

The injunction to the sick appears like this in Pidgin Bible "Mi tokum, yu kerap, kisim bet belong yu, na yu go long haus bilong yu" ("I say unto thee, arise and take up thy bed and go thy way into thine house").

And the answer to the injunction ("and immediately he arose, took up the bed and went forth before them all) becomes in Pidgin "Kwiktaim em T kerap kisim bet belong em no wakabout I go ol I lukim em."

The translation of the Pidgin in the literal sense would be, "quicktime him, he get up, take bed belong him, now walkabout he goes, and all they look at him."

—:—

THE GENERAL secretary of the Bible Society for Australia and the Southwest Pacific, Canon Herbert Maxwell Arrowsmith, said the organization was not worried by the fact the Pidgin version of the Gospel might sound strange to ears unfamiliar with the language of the Melanesian islands.

He said the prime concern of the society was to insure that the message was understood correctly by the natives.

Canon Arrowsmith edits all native translations for the Bible society. For some years he administered aboriginal mission in the northern territory, and his preaching there was conducted in Pidgin English.

He is responsible for insuring accurate translation.

He said the new volume would be called the Testament in Neo-Melanesian to dissociate it from Pidgin English which had a "master and slave" taint about it.

Canon Arrowsmith said the people of New Guinea and Papua would be able to open their book at the first chapter and begin reading:

"Guid nuis bilong Jesus Christ, pikanini bilong God I kamap nau." (The beginning of the Gospel of Jesus Christ, the Son of God").

STALIN TANK IN EGYPT. This picture, received from Cairo by radio, is the first closeup of one of the tanks acquired by Egypt under the arms deal with Czechoslovakia. It is a Russian made Stalin tank. Earlier versions of the Stalin tank were described by Russian sources as being powered by diesel engines and able to move at 35 m p h. The Russians said it mounted a 122 mm. high velocity rifle The low broad base offers a small target and sloping side deflect hits.

Texas Prison Inmates Publish Livewire Monthly Newspaper

HUNTSVILLE, Tex. (INS) —An off-beat band of journalists, who pound their typewriters inside the thick walls of the Texas prison system, have a guaranteed circulation list of some 8,500 persons for their paper.

The newspaper, called the Echo, is a monthly tabloid, written, edited and printed by the inmates of the Texas Penitentiary at Huntsville. Its editorial policies are not dictated by prison officials.

News items deal with events inside and outside the walls.

"Stringers" from the system's other units and farms throughout the state submit copy to Echo's editor-in-chief at Huntsville and the paper is dotted with newsy items on doings in the various lock-ups.

Break Big Story

Page One of a recent issue, for instance, has a story on the remodeling of a wing in one of the prison units that was built 23 years ago.

Headlined "Ramsey 2 (the unit name) Gets Face Lifting," the story outlines the history of the unit, describes the new additions and lists the expected completion date. The story is by-lined by the "correspondent" at the unit.

Another Page One story reviews a musical program staged by the prisoners, calling it a "smashing success."

An inside page monthly feature is a question and answer column on parole procedures written by a member of the board of pardons and paroles.

Inmates submit questions on the problems that are the most important to them and then watch the column for the answers from the man who knows them.

A "gripe" column, titled "Dinny's Dills by Golly," lists pet peeves of the inmates. The latest complaint is the choice of music by a few prisoners who play their radios too loudly for the writer's taste.

He pleads for a set of ear plugs to shut out "the fortissimo squalls that sound like a pack of wild jackasses during the mating season." And he makes it known that he is referring to hillbilly-style music.

Gossip Columns Favored

But the most interesting department in the newspaper, and the one with the highest readership, is "The Finger," a gossipy column that thumb-nails the latest additions to the prison population.

"Look who's home," one squib reads. "The Old Finger hasn't forgotten you, Tom. I seem to remember that you still owe me a jar of coffee from your last hitch, old pal. Yeah and two packs of cigarettes from the hitch before that."

The last page of the tabloid is devoted to lively coverage of the inter-prison sports program with lineups of games, schedules and fast-reading write-ups of recent contests.

1915 Senior Class In Reunion Here

Members of the graduating class of 1915 of Marion High School held their first reunion Sunday at the home of Mr. and Mrs. Alpheus Gruber on Mt. Vernon Ave. A picnic dinner was served at tables decorated in garden flowers and the class colors of gold and blue. Mrs. Gruber was a member of the class.

During a short business session plans were made for a reunion in 1960 at the home of Mr. and Mrs. Robert E. White, Harding Highway W. A memorial service was conducted for the following deceased members of the class:

Harold Conrad, Leona Creasap Schoonover, Wanda Curtis, Dallas Glauner, Izora Shumaker, Guernsey Lunger, Mildred Fetter Thibaut, George Larie, Walter Schaffner and George Probst.

Letters were read from the following members unable to attend: Samuel Folk of Columbus; Mary Smith Armstrong, Loveland, Colo.; Keith Henney, New York City, N.Y.; Ruth Brockett Bauer, Berea; Priscilla Smith Ward, California; Orville Rice, Pittsburgh; Edna Hazen Ashley, St. Petersburg, Fla.; Olive Skinner Postle, Orlando, Fla.; Ermal Ruhlman Deininger, Cuyahoga Falls; Yancy Shields, San Gabriel, Calif., Ruth Artz Meredith, Ashley.

Members present were Beulah Smith Cathers, Lucile Foreman, Anna Parks, Leo Patton, Glant Marble Wylie, William Wylie, Ruth Myers Langley, Ray Martin, Mildred Whiteum Scheutzow, Nell Clark Zuck, John Zuck, Jossie Monohan, Grace Conkle Moehn, Lela Brookshire, Edith Keeler, Helen Zuck Lacey, all of Marion, Rhea Dale Chapman of Richwood, Jessie Arter Free; Galion; Grace Thompson Jones, Radnor, Hazel Chapman Moyer, Cuyahoga Falls; Gertrude Foster Bradshaw, Grosse Point, Mich., and Earl Vickers, Youngstown.

Present also were F. C. Gegenheimer, who was a teacher in the high school when the class of 70 was graduated, and the following guests: Wade Moyer, Ernest Bradshaw and daughter Harriet, Rossford Jones, John Patton, Homer Moehn, Robert E. White, Georganna Zuck, Mrs. Earl Vickers, Mrs. Ray Martin, Mrs. J. R. Monohan and Mr. Gruber.

Flag Provides Problem For Family in Illinois

DELVAN, Ill. (AP)—An old American flag found in the walls of their 100-year-old home presents Mr. and Mrs. Harry Godby with a historical problem.

The flag is about 8 by 12 inches. It is red, white and blue and carries 13 stars as did the first American flag. The stars are arranged in a manner different from the first official flag.

Eight white stars are in a circle surrounding a large star that is centered in the flag. Four other stars are arranged in the corners of the blue field. There are six white and seven red stripes.

Local research failed to identify it, Mrs. Godby said.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" home rug cleaner, known as Blue Lustre is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as ½ gallon of concentrate cleans three 9 x 12 rugs.

Uhler's
3d Floor

QUIET, PLEASE!

WELLSBURG, W. Va. (AP)—Three men noisily parked in front of the Wayne Snedeker residence before breaking into a market, and found Snedeker waiting when they returned with the loot. Snedeker is a city policeman.

Suggestions for a Casserole Supper

Onion French Bread Is Spread With Butter Using Soup Mix

By CECILY BROWNSTONE
Associated Press Food Editor

Cooks all over the country have been furiously using dry onion soup mix and sour cream to make a dip for nibblers of potato chips and small crackers We know because, wherever we go, some one — man or woman — is sure to offer us the dip recipe We never have the nerve to say the concoction is old news to us, but politely listen while the secret formula is detailed

Now comes a spanking new use of the soup as a spread for French (or Italian) bread

French bread began to be extremely popular when casserole main dishes and short menus came into vogue It is usually served hot with a casserole the loaf is sliced but not all the way through, the slices are buttered and the whole thing is put into the oven to heat along with the casserole shortly before that main dish is ready

But cooks are never satisfied They've given the original plain buttered loaf a new slant — witness garlic bread For this the butter used for spreading the slices is mixed with crushed or minced garlic And some valiant souls offer more innovations the butter for spreading is mixed with herbs or with grated cheese

Of course ease of preparation helps to make popular this bread accompaniment to a casserole-and dessert supper But we suspect that the bread is also such a favorite because many a hostess discovers that a big loaf of the crisp hot bread happily helps to fill up customers at her two-course meal

Interested in the new Onion Bread? Here's how to prepare it If you can't get a baked French loaf from your corner market or bakery, you can use the brown-and-serve French loaves that are widely available

French Bread Enlivened With Savory Onion Butter.

NEW ONION BREAD

Ingredients: ¼ pound (½ cup) butter, 1 package dry onion soup mix, regular baked French bread

Method: Have butter soft enough to spread easily and mix it with the dry onion soup mix Cut French bread diagonally into slices almost to bottom but not all the way through Spread butter mixture on one side of bread slices — how much you use depends on how thin or thick you slice the bread and your own taste For slices that are no more than an inch thick, try 1 or 2 teaspoons of th mixture on one side of each slice Place the prepared bread on a sheet of aluminum foil, leave the top uncovered but draw up the foil around the sides of the bread. Bake in moderate (375 degrees) oven about 15 minutes Serve at once Refrigerate any of the butter and onion soup mixture leftover in a jar that has a tight cover for use another time

Note: If brown-and-serve French loaves are used, cut and spread as directed for regular French bread Place in oven (without covering with foil) as package directs to finish baking

SUPPER MENUS

Chili con Carne makes a fine casserole dish Serve with the Onion Bread and a tossed salad that includes carrot curls

Macaroni and Cheese, enlivened with small cubes of ham, makes another good main course Serve with the Onion Bread and a salad of romaine, cucumber and anchovies mixed with olive oil, wine vinegar, prepared mustard, salt freshly- ground pepper

Chicken Breasts and Mushrooms takes to the tang of the Onion Bread Nice with a salad of water cress and orange slices

Dessert? A fresh fruit compote is delicious after the Chili con Carne and Macaroni and Cheese After the Chicken Breasts and Mushrooms you might serve Chocolate Roll filled with Whipped Cream

PARKING HAZARDS

ORANGE, Va (AP)—Police here understand the hazards of parking For the third time the department's only police car has been ruined while standing still A car caromed off a trailer truck and did it this time Two years ago a garage fire did it and in 1952 a train smacked a lumber truck and the flying timbers buried the parked prowl car

Jewry Faces New European Threats

PARIS (INS) — A meeting of Jewish leaders has been told that after surviving other dangers European Jewry today faces the problem of survival as a social and cultural entity

Moses A Leavitt of New York City, American Joint Distribution Committee executive vice chairman, said that Jewish communities were weakened by years of war and persecution He spoke at a joint meeting in Paris of the AJDC and the Conference on Jewish Material Claims Against Germany, of which he is treasurer

"Capital investment is an investment in Jewish survival," Leavitt said, "We don't want to erect monuments We want to erect or help maintain institutions that will make Jewish life richer, fuller, and, we hope, more Jewish"

The Claims Conference manages reparations funds awarded to Nazi victims The AJDC maintains an aid program for needy Jews in 25 countries

Panama Plans Jungle Route For Highway

PANAMA CITY, Panama, (INS) —Panama's Inter-American Highway exploring team recently crossed the Darien jungles mapping the course for the Panama link of the highway from the Colombian border.

Members of the Darien Highway subcommittee returned to the capital after a 14-day trek from Chepo, at the end of the present Pan American Highway, to Turbo, Colombia.

The expedition traveled the route by dug-out canoes and by foot over the jungle trails which may become the highway link between Central and South America.

Engineer Jorge Garcia Telles, representing Colombia in the Darien Highway office set up in Panama, headed the exploring team. Accompanying him were Amado Arauz, cartographic specialist from the Panama mapping office; Brian Acworth of the Inter-American Expedition, Inc., and Otis Imboden, stationed with the U.S. Army at Ft. Amador.

Other routes are to be studied shortly, after which a report will be forwarded to the Pan American Highway Congress for choice of the best route, Engineer Garcia said. But it was found that the route just traversed offered fewer obstacles from an engineering standpoint than were expected.

"I feel our problems are no greater here than in other places already crossed by the Pan American Highway," Engineer Garcia observed, and added:

"The Darien will be crossed by a roadway when all the interested nations agree on a plan that will make a road feasible in this economically untouched region. At present the area is still too little developed to offer immediate rewards for the burdensome cost of road construction."

Leaving Chepo by motorized piragua canoes, the expedition followed a route through Piria, Canaza and Uala in the Cuna Indian territories.

Indian guides accompanied the expedition through the highland divide at the headwaters of the Bayano, and along the Chucunaque River to El Real by canoes.

From El Real, the explorers followed the Tuira River through the Choco Indian territories to Paya, considered the last outpost of this country's civilization; then through the uncharted boundary regions between Panama and the Atrato River valley in Colombia. By footpath and river the expedition continued to Sautata, the sugar and lumber areas along the Atrato and then to Turbo, the point of nearest contact with the road system in Colombia.

Future trips will include an inspection of the highland jungle areas in the Department of Choco, which is nearer the Pacific coast of Colombia.

Theater Guide

North Drive-In — Barbara Stanwyck and Barry Sullivan in "The Maverick Queen" at 9 and 11.

Ohio — Francoise Arnoul, Raymond Pellegrin, Philippe Lemaire and Catherine Gora in "Tempest in the Flesh" at 8:35 and 9:45, and Arthur Franz and Beverly Garland in "New Orleans Uncensored" at 8:30 only.

Palace — Ava Gardner, Stewart Granger and Bill Travers in "Bhowani Junction" at 7:10 and 9:55, plus a featurette, "The Wedding in Monaco" at 6:45 and 9:25.

State — John Derek and Joan Evans in "The Outcast" and Marie Windsor and Patric Knowles in "No Man's Woman."

Cactus Raising Offered As Subject for Hobby

ANN ARBOR, Mich. (AP)—Stuck for an idea for a hobby? Elzada U. Clover, associate professor of botany at the University of Michigan, suggests raising cacti.

They bloom well in any climate, she says, and most of them need a dormant season. This could last from Nov. 1 to Feb. 1, during which time they should be kept at 50 or 60 degrees in a normally lighted room. Don't overrate their drinking capacity — once every two weeks will do for watering.

If you're going to keep them in a darker, cooler basement room, she says, you'd better give them less water too.

As soon as the temperature nears that of desert conditions, they can be watered normally — which should produce flower buds on mature plants.

Auto Industry Pickup Rests With Consumers

By SAM DAWSON

DETROIT (AP) — Ask any questions today about the auto slowdown and you end up talking about the consumer. He's the one with most of the answers.

His whims, spending money, changing tastes, credit ideas, reaction to prices, and view of how things are going in general fooled the experts in the industry a few months ago, tend to baffle and exasperate them now, and are the subject of many a planning conference.

There are many notions as to just what hit the industry — and what to do about it.

—:—

SOME CHARGE that the auto companies pushed sales too hard last year because of cutthroat competition. Some say the public bought all the flashy new jobs it could digest last year and is sort of sleeping off the after effects this year. Others say too easy credit last year, or too tight money this year, are to blame.

Some, notably dealers and Walter P. Reuther, president of the United Auto Workers, say management didn't sense the change in sales demand soon enough and went on overproducing too long.

Others wonder if the public hasn't changed its old seasonal habits — that maybe its volume buying is no longer confined to the spring. They think auto companies should try harder for year-around highways and all-weather cars, and on winter as well as summer vacations.

—:—

TO ALL THOSE charges, complaints or speculations, the auto industry will give you answers—although not all spokesmen may be as convinced perhaps as they sound.

As to the public's whims and tastes, they deny that there has been any significant lessening in the demand for highly colorful cars, although the three toned may be waning a little and a pickup is noted in demand for solid cars or for darker two tone combinations. The public still demands all the expensive gadgets and extras, even when plumping more for the lower priced cars in each line. Demand for the highest priced cars has held up consistently. Sports cars and station wagons have been on the best seller lists.

—:—

MOST FREQUENT charge is that of excessive selling zeal. George Hitching, Ford economist, contends that hard driving competition is good for the industry, didn't harm it last year. He denies that the record high production and sales in 1955 borrowed from the 1956 market. He insists that those who purchased the strikingly new car in 1955 wouldn't normally have been in the 1956 market. Only 10 to 15 per cent are new car buyers every year.

The controversy over credit finds the industry somewhat split. Harlow H. Curtice, General Motors president, says the tight money policy of the Federal Reserve Board this year is throttling sales. He holds that the board's worrying about the large amount of on-the-cuff buying last year was unjustified. Henry Ford II says he isn't ready yet to take a stand on the Federal Reserve Board policy controversy. Chrysler reports that defaults on auto credit are negligible.

Auto credit volume is still rising. Latest reports put it at 14¾ billion dollars, an increase of 3¼ billion in a year. Expecting it to go on rising, credit men look for a better year for themselves than the auto makers are experiencing.

Trans-Europe Pipeline Proposed

Franco-German Canal Debate May Be Settled

LUXEMBOURG (NANA) — European Coal and Steel Community (ECOSC) planning experts soon will spring a compromise proposal to solve the deadlocked Franco-German dispute over construction of a Moselle River canal

The compromise solution, a trans Europe pipeline linking the Mediterranean with the North Sea

ECOSC fuel technicians have marshalled facts and figures demonstrating that France would gain far more economic benefit from a trans-Europe pipeline than from the controversial Moselle canal project

A Moselle canal would benefit the Lorraine steel industry almost exclusively. But the pipeline would be a boon to the entire French economy Lorraine included

Esso, Shell and other petroleum companies with continent - wide operations are backing the pipeline project This pipeline would be laid from Marseilles, the big French port on the Mediterranean, to Leverkusen, in the Ruhr.

—:—

AT LEVERKUSEN the trans-Europe pipeline would connect with a Ruhr-North Sea pipeline projected by German petroleum companies The German pipeline would connect with either Wilhelmshaven, the old German naval base on the North Sea, or Hamburg, Germany's major refining center

A branch of the Ruhr-North Sea pipeline will link the Dutch petroleum port of Rotterdam

The Marseilles - Ruhr pipeline would span 756 miles, cost $112,000,000 and take five years to lay The Ruhr-North Sea pipeline, which is an independent German project virtually assured of realization, will cost $40,000,000 and take three years

ECOSC experts are proposing that the Germans offer to swap the French a trans-Europe pipeline for the Moselle project The Germans would offer to sponsor the pipeline and finance the major part of its construction.

The Moselle canal is France's price for the return of the Saar to Germany.

—:—

CANALIZATION of the Moselle would give the Lorraine steel industry more economical access to Ruhr coal which Lorraine now must import by rail Lorraine's finished steel could be shipped by water to Rotterdam for export

For the Lorraine steel industry, the Moselle canal project is attractive.

France argues that if the Saar's steel producing capacity (about 3,000 000 tons a year) is to be handed back to Germany, then France must be compensated

The Germans dislike the Moselle project Ruhr industry is fighting to retain its present competitive advantage over Lorraine steel producers. The German transport ministry is alarmed over the prospective loss of revenue from Lorraine shipments to the German federal railways.

Germans in general are galled at the suggestion that they should be forced to pay "ransom" for the Saar Since the Moselle is almost entirely within West Germany, the French expect the Germans to foot the canal construction bill

Canalization of the Moselle would cost $150,000 000 and take 10 years (versus five years for the pipeline) In addition, the canal would cost $10,000,000 annually for upkeep.

—:—

WEST GERMAN Chancellor Konrad Adenauer is well aware of German antipathy to the Moselle project But Adenauer has had the Saar issue on his hands ever since he formed the first Bonn government in 1949 He is anxious to write off the Saar problem at any reasonable cost

Numerous advantages which the pipeline has over the canal project are being pointed out to Adenauer These are some:

1. It would be less expensive, could be completed in half the time, and would require little money for upkeep compared with the canal.

2. It would help infuse new life into the European integration movement Offshoots from the pipeline would be laid to Switzerland and Luxembourg.

3 France, in common with other western European nations, is gradually switching to petroleum as a primary energy source pending the realization of Euratom, the western European atomic energy pool.

Tankers could unload Middle East crude oil, Europe's basic area of petroleum supply, at Marseilles, saving transport costs over the long sea route around Spain and through the English Channel

For the Germans, this savings is estimated at up to $1 a ton Benelux would enjoy a comparable economy, and the haulage savings for Switzerland would be even greater

Per-ton savings to France would be smaller, but in aggregate would be greater than the French economy as a whole would derive from construction of a Moselle canal.

Reds Plan Shifting Scientists to China

EAST BERLIN (NANA) — A shift is planned of more than 20,000 technicians and industrial specialists to Red China from East Germany, Poland, Czechoslovakia, Rumania, Bulgaria and Russia, a Red Chinese diplomatic source here has disclosed.

The move is aimed at aiding Red China in its industrialization plan

Peiping's second five-year plan will be coordinated with industrial plans of eastern European nations so Red China can receive machinery, knowledge and personnel, the source said

AUTO BREAKS IN

PORT HURON, Mich (AP) — None of that sissy lock-picking for these burglars. They used an automobile to batter in the front of Roland Katzke's service station and cart off a cash register containing $35.

IN DUPLICATE

INDIANAPOLIS, Ind (UP) — Two cars were stolen the same day from the parking lot at Marion County courthouse Both were 1955 models Both belonged to former assistant city attorneys Both owners served in the previous administration Both were unhappy

HOW AMERICA WILL KEEP ITS LEAD IN ATOMIC-ELECTRIC POWER

This is the way nations rate in nuclear reactors built or planned:
(all types and for all purposes)

	Completed as of 1956	Building or planned
U. S. A.	55	35
Great Britain	7	23
Russia	6	11
All others	10	14

In the past few months, the question has been raised, "Is America behind in the development of atomic-electric power?" The full facts answer "No." And America's electric light and power industry, in full co-operation with other organizations engaged in atomic research and development, will do its part to make sure the answer remains "No."

At the present time, for instance, the Atomic Energy Commission, the independent electric companies and various other organizations have built or are building or planning more nuclear reactors than all other nations combined. More in number and scope — 90, representing many reactor designs. And more promising for the future — for every reactor today is largely experimental, built to provide research in and knowledge of a whole new science and a new technology.

Electricity from the atom

Much of this research and knowledge has a direct bearing on one of the atom's greatest promises, the production of electric power. Far more experimentation will be required to prove which of the many types of reactors are most efficient, most workable and most economical. But we are well on the way to finding out.

Foremost in this experimentation is the basic and comprehensive reactor research program led and carried on by the Atomic Energy Commission. This research puts theories to the test, discovers how to design and build various types of reactors, uncovers basic problems and possibilities, and provides the vital first tries that are necessary before larger and better reactors can be designed and built. Already, these tests are separating the most promising from the least.

From this basic research — some of which is also being done by independent electric companies — the next step is big, full-size commercial atomic-electric plants. That step is being taken, too. The electric light and power companies already have 7 of these large atomic-electric plants on the way or under study. They, too, are experimental as far as their reactors go — for they include a number of different kinds of reactors and various ideas of design. Until they provide operating experience, no one will know which types are most useful for further development.

The problem of producing electric power from the atom has been solved long ago. But so long as we have adequate supplies of coal, oil and gas that can produce low-price electricity, it would be wasteful for America to build large numbers of atomic-electric power plants which could produce electricity only at high cost. Our objectives must be economy and efficiency, in reactor design and construction, without passing up any promising designs in our search. Progress toward this objective is being made.

Electric companies build

More than $300 million from individual investors is involved in the planning and construction of atomic-electric plants and related research. A total of 44 electric companies is participating in building these reactor plants. In so doing, they are drawing on their industry's 75-year experience in producing electricity from other fuels.

To speed this program still further, America's independent electric companies are forming a special task force on atomic-electric reactors. The function and nature of this new group is described in the box below.

Still in testing stage

Because the United States today has plenty of electric power and plenty of conventional fuels, this sound program of testing many reactor types and designs to select the best is possible as well as wise. It will help assure our continuing lead in atomic development over countries which desperately need electricity at any price and are building big atomic-electric plants with today's limited knowledge.

Information like this about our nation's atomic-electric power program is important to you and others interested in the welfare of their country. It is important to you as a citizen and as an electric customer. Because this is so, reports of progress in atomic-electric power will be brought to you from time to time by *America's Independent Electric Light and Power Companies**.

* *Names on request from this newspaper*

Where do we go from here?

Atomic-electric power is in its infancy. So varied are its possibilities that special measures must be taken to see that none of the atom's promises will be overlooked.

To make sure of this, America's electric light and power companies are forming a technical appraisal task force to evaluate and stimulate research, development and construction that will advance for us economical and practical atomic-electric power. This task force will be composed of some of the nation's leading nuclear engineers and scientists, as well as leaders in the electric industry.

The findings of this task force, as well as all other experience and knowledge of America's power companies in the field of nuclear reactors, will be shared with any group dedicated to the objective of maintaining American leadership in atomic-electric power.

This advertisement published by OHIO EDISON COMPANY, one of America's Independent Electric Light and Power Companies

News of the District

Kenton

Five Hardin County graduates, Mary Evelyn King, McGuffey; Dixie Helen Woodard, Kenton; Gladys Eileen Willeke, Forest; Carolyn Delight Wells, Kenton and Phyliss Irene Terrill, Ridgeway; have been recommended by the Hardin County scholarship committee to receive cadet scholarships to college to become teachers, it was announced by County Supt. Frank C. Ransdell, chairman of the committee Each will be given a scholarship worth $500 for each of the two years of schooling.

—:—

Rev Theodore Shoemaker has been appointed the new pastor of the Kenton First Methodist Church and Rev. W. Richard Baker was assigned to Epworth Methodist Church. Rev. Shoemaker succeeds Dr. George Wilson who is retiring. Rev Shoemaker comes to Kenton from New Lexington and has served churches in Linworth, Toledo, Athens, Yellow Springs and Cincinnati. Rev. Baker comes to Epworth from seminary school where he completed his education. He replaces Dr. George Weaver who is retiring from the ministry after 40 years of service.

Galion

The annual spring picnic for members and families was held by the Rotary Club, Monday night at Heise Park. Homer Swalley was chairman in charge of arrangements.

—:—

Galion's new 20-30 Service Club voted at its dinner meeting Monday night to take the initiative in sponsoring a Mardi Gras in Galion this fall, pending approval by the Galion Chamber of Commerce.

The club met at the Kozy Inn east of Galion. Don Baker presided. The club also made tentative arrangements for its first family outing to be held in two weeks at one of the Galion parks.

George Joachim, principal of the North Elementary School, was speaker for the program. He told of Little League activities in Galion.

—:—

A surprise party for Miss Hulda Klopp in honor of her 83rd birthday anniversary was held at her home Monday night by members of the Frieda-Ollie Society of First Evangelical and Reformed Church. Miss Klopp has been sponsor of the society since it was organized 34 years ago.

In behalf of the society Miss Doris Sickmiller sent Miss Klopp a large bouquet of red roses Sunday.

A program by Mrs. Chester Zimmerman and Mrs. Forrest Hahn included an original skit, "On to California," given by Mrs. Clinton Kehrer. Mrs. B. T. Iams and Mrs. Kehrer had charge of refreshments. Invitations were sent by Miss Cora Dinkel and Mrs. Arthur Sherer.

Miss Klopp also was honored at last week's meeting of the Frauen Missions Verein, a German-speaking society of the church of which she has served as president for many years.

—:—

Rev. and Mrs. Philip E. Auer were honored during Sunday services at Peace Lutheran Church where he has been pastor for 32 years. The couple received gifts from the Sunday School in honor of their recent 35th wedding anniversary.

Tribute was paid by Mrs. Charles Prim, spokesman for the Sunday School. Rev. Auer is a well-known speaker throughout the state, and is a vice president of Kiwanis International.

Bucyrus

Mr. and Mrs. John R. Winsley of Bucyrus are announcing the engagement and approaching marriage of their daughter, Peggy Ann, to Dr. Anthony S. Neri, son of Mr. and Mrs. Frank Neri of Youngstown.

The couple will exchange wedding vows in St. Joseph's Cathedral in Columbus on June 23.

Miss Winsley is a graduate of Grant Hospital School of Nursing in Columbus and attended Ohio State University in Columbus. Mr. Neri was graduated last week from the College of Medicine at Ohio State University, where he was a member of Phi Chi medical fraternity.

—:—

Mr. and Mrs. David Cremer have returned from a trip through the east following their marriage in St. John's Evangelical and Reformed Church here, June 3. The bride is the former Mary Lois Rothaar, daughter of Mr. and Mrs. Milton Rothhaar, Bucyrus. The bridegroom is the son of Mr. and Mrs. M. L. Cremer, Bucyrus. The double ring ceremony was solemnized by the church pastor, Rev. Brice L. Chidester.

Mrs. James Neff was her only attendant. Franklin Fisher was best man and ushers were Marvin Rothhaar, Richard Eppley, George Griffith and Ronald Rarick.

The former Miss Rothhaar was graduated in 1952 from Bucyrus High School and is employed as a clerk-typist. Mr. Cremer, a 1951 graduate of Bucyrus High, served two years in the army. He is employed as a lineman.

—:—

Nuptial vows were exchanged Sunday afternoon in First Methodist Church here by Miss Susan Jo Kehrer, daughter of Dr. and Mrs. Harry F. Kehrer, Bucyrus, and Gene R. Shields, son of Mr. and Mrs. Raymond Shields, Bucyrus. The ceremony was performed by the church pastor, Rev. Glenn F. Lockard.

Attendants were Mrs. Robert Rader of Williamsburg, Va., the matron of honor, Mrs. Don Eppley, Mrs. Shirley Semon of Port Clinton, Miss Lillian Ralph and Miss Nancy Jo Muth of Dayton, the bridesmaids, and Miss Linda Kehrer, sister of the bride, who was junior bridesmaid.

Fred Frey was best man and ushers were Mike Shields of Marion, Ned Bibler, Larry Saffell and Richard Sharp, all of Bucyrus.

A reception followed in the church Fellowship Hall.

The bride is a graduate Heidelberg College where she is a member of Delta Sigma Kappa Sorority. Mr. Shields is a pre-dental student at Ohio State University, where he is a member of Acacia Fraternity.

—:—

Mrs. William Baldosser has been elected president of the Disabled American Veterans' auxiliary here. She succeeds Mrs. Willis McCracken.

Other officers are: senior vice president, Mrs. John Scott; junior vice president, Mrs. C. C. Swearingen; chaplain, Mrs. Rosie Schmucker; treasurer, Mrs. C. A. Smith; color bearers, Paula and Marcia McCracken; adjutant, Mrs. Albert Schifer; historian, Mrs. Della McCracken; conductress, Mrs. Pearl Berschler; assistant conductress, Mrs. Nick Kuhn, sergeant at arms and patriotic instructor, Mrs. T. S. Heinlen.

Denmark

When the WSCS of the Denmark Methodist Church met at the home of Mrs. Edward Snyder Thursday for its regular meeting members honored Mrs. Carrie DeGrief, the oldest member of the group who was celebrating her 80th birthday anniversary.

Mrs. DeGrief was presented a corsage, a nylon stole and numerous cards from the members. Sixteen were present and included guests from Washington, D. C., and Kansas City, Mo.

Sycamore

Miss Jocelyn Elaine Geary, daughter of Mr. and Mrs. Glen Geary of near Sycamore became the bride of Kenneth Robert Risley, son of Mr. and Mrs Russel Risley of near Sycamore on Sunday, June 10.

The double ring cermony was read by the Rev. E. A. Griswold, pastor of the Sycamore EUB Church. The matron of honor was a sister of the bride, Mrs. C. L. McBride, of Forest. The bridesmaid was another sister, Miss Patty Geary of Sycamore. The flower girl was Jody McBride, a niece from Forest, Jed Geary, brother of the bride, carried the rings.

Jerry Everhart was best man and seating the guests were Lee Risley, a cousin of the bridegroom from Clyde, Francis Tschanen and John Bigler, from Sycamore and Richard Risley, a brother, from Upper Sandusky. In charge of the guest book were Chester Geary, a brother of the bride, and his fiancee Miss Judy Adams of Sycamore.

Serving at the reception were Mrs. Richard Minter, Mrs. George Fadley Jr., Miss Judy Adams, Miss Jo Gregg and Miss Janet Gregg.

The couple left immediately for Warrenton, Va., where Mr. Risley is with the armed forces. Both the bride and bridegroom are graduates of the Sycamore high school, the former in 1956 and the latter in 1954.

—:—

Sunday, June 10, was an eventful day in the life of the Rev. E. A. Griswold, pastor of the Sycamore EUB Church. While serving the Sycamore church Rev. Griswold has been enrolled in Heidelberg college in Tiffin. He was graduated from that institution Sunday. In the morning he attended the baccalauerate services. He returned to Sycamore to unite in marriage two of the young people of his church, Miss Jocelyn Geary and Kenneth Risley. He went back immediately to Tiffin to receive his degree and later in the evening was a guest at a dinner honoring his neighbor and fellow pastor, the Rev. A. M. Bosler who is retiring from the ministry.

—:—

The Rev. A. M. Bosler, pastor of the Sycamore Methodist Church is retiring from the ministry at the meeting of the conference at Lakeside June 19 to 24 after serving churches in Ohio for 37 years, the last six of which have been in Sycamore.

Rev. Bosler and his wife were honored with a dinner Sunday night in the church dining room.

The meal was prepared and served by the Sunday school classes with Mrs. Steve Mawer and Mrs. Hugh Davis co-chairmen of planning. Mrs. Edgar Wolford, president of the WSCS, and Mrs. Joseph Worthington, Sunday school superintendent, greeted the guests in the sanctuary before the meal.

Harrison Van Gundia was toastmaster and the table prayer was by the Rev. Philip Shober, pastor of the Sycamore E. & R. Church.

Dr. B. E. Lewis, pastor of the Washington Methodist Church in Tiffin, gave the principal address. Greetings were received from Rev. Paul E. Deppen, pastor of the McCutchenville E. & R. Church and also president of the Wyandot County Ministerial Association. Other ministers present were Rev. Philip Shober, Rev. E. A. Griswold, pastor of the Sycamore EUB Church and Rev. Francis McCracken, pastor of the Smithville EUB Church.

Those from the church who spoke briefly were Miss Patty Britton of the MYF, Mrs. Edgar Wolford; John Hudgins Jr. of the young adults and Hugh Davis of the official board. Mr. Davis presented the Boslers a gift from the congregation.

Mrs. Don Shane and Mrs. Kenneth Ames sang a duet with Mrs. Vaughan Stuckey the accompanist.

The Rev. and Mrs. Bosler came here in 1950 from Kirkpatrick.

He was educated in Mt. Union College in Alliance and the first years of his ministry were in north-east Ohio. Mrs. Bosler was formerly Osee Wilson of Canton. They have three children, Edward of Medina; Mrs. A. M. Burkhardt, wife of the Methodist pastor in Doylestown, and Harold of Upper Sandusky. There are five grandchildren. After retirement they will live in Nevada.

—:—

The meeting of the E. and R. Guild Wednesday night at the church opened by the singing of a hymn. Mrs. Kenneth Beitler gave a Bible reading and Mrs. Hazel Caves, who had charge of the program, offered prayer. She also introduced the topic for discussion which was self discipline. Mrs. Paul Konkle, Mrs. Mae Norris, Mrs. Virgil Bogard Sr. and Mrs. A. L. Prouse discussed different phases of the topic and Mrs. F. M. Smith explained the Kirkwood movement.

The president Mrs. Roland Pancost, presided at the business meeting. Mrs. Stanley Ohl, Mrs. Ralph Hilderbrand and Miss Alice Bartholomew who had spent a day recenlty at the E. and R. Home for the Aged in Upper Sandusky gave a report of the work accomplished.

The Guild is sponsoring a family night the first Sunday in July at Shober's retreat near McCutchenville.

Ashley

Miss Florence McCurdy was hostess to the Kensington Club at her home northeast of Ashley Thursday afternoon. Guests were Mrs. James Wyatt of Waldo, Mrs. Clarence Martin, Mrs. Verne Worline, Mrs. Perry Erow and Mrs. Virgil Alspach. Mrs. John Helman received the mystery box.

—:—

Freddy and Beverly Crist, children of Mr. and Mrs. Harold Crist of southeast of Ashley, underwent surgery at Morrow County Hospital Friday.

—:—

Max Bunker, son of Mr. and Mrs. Lloyd Bunker of southeast of Ashley, and James Joseph Powers, son of Mr. and Mrs. A. F. Powers of Ashley, are attending Buckeye Boys' State at Camp Perry this week. Both boys are sponsored by the Clyde C. Keltner Post of the American Legion.

—:—

Miss Barbara Diana Hout, daughter of Mr. and Mrs. Raymond Kable of Ashley, and Lawrence E. Owen, son of Mr. and Mrs. M. A. Owen of Lima, were married in St. Mark's Lutheran Church, Delaware, Sunday, June 10.

The Rev. K. L. DeWalt, pastor of the church, read the double ring service.

The bride's attendants were her sisters, Mrs. James Ott of Keller, Tex., matron of honor; Miss Rosalyn Piatt, of Delaware, bridesmaid, and her sister, Judith Kable, junior bridesmaid.

The best man was Ralph Owen of Lima, brother of the groom, and ushers were Jack Rossman of Meeker and Allan Basinger of Lima.

The ceremony was preceded by numbers by Mrs. Emma G. Dorsey, organist of the church.

At the reception hostesses were Mrs. Jack Roszman of Meeker, Mrs. Allan Basinger of Lima, Miss Judith Anderson and Miss Carol Howard, of Ashley.

Guests attended from Keller, Tex., Ft. Wayne and Huntington, Ind., Lima, Meeker, Espyville, Wapakoneta, Findlay, Cleveland, Columbus and Delaware.

Miss Hout was graduated with the class of 1956 at Elm Valley School and the bridegroom from Lima High School. He is a detective with the Erie Railroad.

Upper Sandusky

Mr. and Mrs. William Morris Cooke of Marianna, Ark., are announcing the engagement and approaching marriage of their daughter, Patricia Ann Blick, to Lt. Richard Alan Hale, son of Mr. and Mrs. Karl H. Hale of Upper Sandusky.

The bride-to-be was graduated from the T. A. Futrall High School, Marianna, and attended Arkansas State Teachers college in Conway. There she was a member of the Pi Kappa Sigma Sorority.

Lt. Hale was graduated from Upper Sandusky high school and attended Purdue University, Lafayette, Ind., before entering the Marine Corps. He is presently attached to the Advanced Training Unit, Naval Air Station, Memphis, Tenn.

No date for the wedding has been set.

—:—

Richard M. Rall, son of Mr. and Mrs. Lawrence Rall of Upper Sandusky was graduated from the University of Dayton in June 9. He ranked first in the College of Engineering, attaining a cumulative point average of 3.901 out of a possible 4.00 for four years.

—:—

A program of crafts, swimming, canoeing, outdoor sports, vespers and campfires has been planned for the 4-H camp which will be held from June 17 to June 22 this year at Camp Pittenger, McCutchenville.

Wyandot County can take 30 4-H girls and 20 4-H boys and as yet only one half of this quota has been filled. All 4-Her's in the county are eligible to attend. Cost of the camp is $12.

—:—

Miss Gladys Moses of Upper Sandusky and Marvin Monroe of Nevada, winners of the county Quiz Book Contest, are enjoying a trip to Washington D.C.

Gladys, the daughter of Mr. and Mrs. Orrie Moses, near Upper Sandusky was graduated with the Upper Sandusky High School this year. Marvin is the son of Mr. and Mrs. Arthur Monroe, Nevada. He was graduated from Nevada High School this year.

—:—

A marriage license has been issued in probate court to James Bouldin, Toledo, and Nancy Carolyn Spoon, Wharton.

—:—

Election of officers was conducted at a regular meeting of the Holy Name Society of St. Peter's Catholic Church Monday night in the school. Paul Filliator, who had been named president-elect 1 a st year replaces Fred Koenig as president this year.

Officrs elected include William Siegel, president - elect; Bernard Rall, vice president, John M. Kraus, secretary-treasurer; Delmo Miller and Adrian Rall, marshals.

—:—

Carl Boylard, son of Mr Carl E. Bolyard Sr. of Upper Sandusky, was graduated from the Multnomah School of the Bible in Portland, Ore., on June 5. He completed the standard three-year Bible course.

Mr. Bolyard was the student body president of Multnomah during the 1955-56 school year. He also worked with the rescue mission team and with the Real Life Club program during his study period. He was graduated from Upper Sandusky high school with the class of 1946 and now attends the Bible Church at Upper Sandusky.

—:—

Marriage licenses have been issued in probate court to William L. Everhart, Upper Sandusky, and Mary Ann Carroll, Upper Sandusky; William Hertzer, Tiffin, Jean Marie Grady, Crane Township; Lewis Bell, near Sycamore, and Sylvia Wagner, Sycamore Township; James Stiger, near Nevada, and Eva Mae Heistand, Eden township.

—:—

Marilyn Constien, Raymond Swartz and Charles Hauff have been appointed as candidates for the leadership training school to be held at Capital University July 8-13, representing the St. Paul Lutheran Church in Upper Sandusky. Arlene Mohre is alternate.

—:—

The Bible School being conducted at St. Paul Lutheran church for the last week will continue another week. A program is being planned for Sunday June 17, at 7:30 .m. when the handiwork of the children will be on display.

—:—

Mrs. L. A. Kuenzli entertained members of the Past Matrons Circle at her home east of Upper Sandusky Friday night.

A potluck supper was unjoyed by the members. Following a brief business meeting a program of music and readings was presented. Next meeting will feature a picnic at the home of Mrs. Virgel Althaust, August 10.

Orchestral Down Beat

ROANOKE, Va (AP)—Mr. and Mrs. Robert LeMay fulfilled a longtime ambition while here for a convention. They attended a concert by the Philadelphia Orchestra. The LeMays—from Philadelphia — said they never could find the opportunity to go at home.

LEGAL NOTICE

In the court of Common Pleas, Marion County, Ohio, Case No. 33277.
In the Matter of the Prospect Street Methodist Church, Marion, Ohio.
The Prospect Street Methodist Church of Marion, Ohio, has filed in the Court of Common Pleas of Marion County, Ohio, its petition for authority to encumber real estate, said real esate being described as follows:
Situated in the City of Marion, County of Marion and State of Ohio:
Lot Number thirteen thousand two hundred and eight (13208) in Elm Heights Addition to the City of Marion, Ohio
by the executing of a mortgage not to exceed the sum of seven thousand dollars ($7,000.00).
Said petition will be for hearing before said court on the 29th day of June, 1956 at ten o'clock A. M.
Prospect Street Methodist Church, Marion, Ohio
By: Robert W. Boyd, President, and Fred P. Haas, Treasurer, Board of Trustees.
May 31; June 7,14,21,1956.

LEGAL NOTICE

In the matter of the Branch of the Rider Ditch No. 455, petitioned for by Gerald W. Miller, et al.,
To each person signing or named in the petition and to each other person affected by said improvement.
You and each of you are hereby notified that on the 4th day of June 1956, the above named petitioner filed a petition with the County Auditor of Marion County, Ohio, for the construction of an 8 inch tile as a branch of the Rider Ditch in Pleasant Township, Marion County, Ohio.
The construction of the improvement is necessary and will be conducive to the public welfare.
The following is the course and termini of said proposed improvement, to-wit: Commencing approximately 800 feet west of the center of Section 4, Pleasant Township, Marion County, Ohio, and on the north side of County Road 136-A; thence southerly across said County Road 136-A and into the Cooper farm approximately 1200 feet intercepting an inch field tile at that point which tile continues or drains into the Rider County Ditch.
It is claimed that the improvement will affect property owned by you
You are therefore notified that the Board of Commissioners of Marion County, Ohio, have fixed the 28th. day of June 1956, at ten o'clock A. M., at the upper terminus of the improvement for the view thereon, and have fixed the 12th. day of July 1956 at ten o'clock A. M., at the office of the County Commissioners in Marion, Ohio, for the first hearing on the proposed improvement.
Board of County Commissioners of Marion County, Ohio
By W. S. Guthrie
June 7,14,1956.

LEGAL NOTICE TO CREDITORS

State of Ohio, Marion County ss
In the Probate Court, In Re. Estate of Nettie May Oatey.
To Whom It May Concern:
Notice is hereby given that on the 31st. day of May 1956 Wendell Monnett Oatey, Executor of the last will and testament of Nettie May Oatey, deceased, late of the County of Chelan, State of Washington, filed in this Court an authenticated copy of the letters testamentary granted him by the Superior Court of the State of Washington, County of Chelan, and that all creditors having claims against said estate should present them to this Court within six months after the filing of said letters, or be forever barred from asserting any liens against the real estate of the decedent situated in the State of Ohio.
Case number 21509.
Edward J. Ruzzo
Probate Judge.
June 7,14,21,1956

NOTICE OF SALE OF BONDS
Pleasant Local School District

Sealed proposals will be received by the clerk of the Board of Education of the Pleasant Local School District, Marion County, Ohio, at the office of the Local Superintendent of Schools at the Pleasant Local School District School Building, R. D. 7, Marion, Ohio, until 8:00 P.M. (eight o'clock P.M.) Eastern Standard Time, July 9, 1956, for the purchase of bonds of the said school district in the aggregate amount of two hundred sixty eight thousand dollars ($268,000.00) to be dated the first day of June 1956 and bearing interest at the rate of 3 per cent per annum, payable semi-annually on the first day of June and December of each year beginning June 1, 1957. Said bonds were voted May 8, 1956 and are payable from unlimited taxes.
Said bonds are issued for the purpose of constructing fireproof additions to present fireproof school building; remodeling and improving present fireproof school building; and for furniture and furnishings under the laws of Ohio, particularly the Uniform Bond Law, and in accordance with a certain Resolution "To Issue Bonds After Submission To Electors" passed on the 4th day of June, 1956
Said bonds shall be in the denomination of $1000.00 each, and shall be due and payable as follows.
$18,000.00 on December 1 in each of the years 1957 to 1968 inclusive and $14,000.00 on December 1 in each of the years 1969 to 1976 inclusive
Said bonds shall be numbered 1 to 268, inclusive of both numbers
Both principal and interest will be payable at the legal depository of said school district, currently the National City Bank of Marion, in the City of Marion, County of Marion, State of Ohio.
Any one desiring to do so may present a bid or bids for said bonds based upon their bearing a different rate of interest than specified in this advertisement, provided, however, where a fractional interest rate is bid, such fraction shall be one quarter of one per cent or multiples thereof.
Said bonds will be awarded to the highest bidder offering the lowest interest rate at not less than par and accrued interest at a meeting of said Board to be held at 8:00 o'clock P.M. (E.S.T.) on the 9th day of July, 1956, or at an adjourned meeting thereof.
All bids must state the gross amount of bid and accrued interest to date of delivery, shall be sealed and endorsed "Bid For Pleasant Local School District School Improvement Bonds."
All bids must be accompanied by a certified check drawn in favor of the Board of Education of the Pleasant Local School District in the sum of $2680.00. The Board of Education of said school district reserves the right to reject any and all bids.
The proceedings for this issue are being taken under the supervision of the firm of Squire, Sanders & Dempsey, Cleveland, O., whose approving opinion may be obtained by the successful bidder at his expense. A complete transcript of proceedings and the printed bonds will be furnished by the Board of Education
Board of Education Pleasant Local School District.
W. C. Haldemah Clerk
Board of Education Pleasant Local School District.
June 14,21,28,1956.

Solution of Yesterday's Puzzle

By Jimmy Hatlo

State's Relief Payments Hit All-Time High

Relief expenditures in Ohio's 88 counties hit a new, all-time high of $84,131,826 in 1955, according to State Auditor James A. Rhodes. This amount represented an increase of $11,435,866 over the preceding year, the report shows.

Mr. Rhodes said all counties registered a sizable increase in relief spending from 1945 to 1955. The following amounts were expended for this purpose in 1955 by counties in this area, with the 1945 totals in parenthesis: Marion, $462,459 ($137,764); Morrow, $104,295 ($37,023); Crawford, $319,610 ($101,097); Delaware, $211,970 ($68,049); Hardin, $157,792) ($65,365); Union $170,680 ($54,778); and Wyandot $184,946 ($58,421).

Poor relief, amounting to $33,387,546, accounted for 39.69 per cent of the total relief expenditures in 1955, according to the auditor. Aid to dependent and crippled children was next, with $19,067,268, or 22.66 per cent of the total.

Other totals went for the following purposes: Children's homes and child welfare, $10,367,039; county homes, $8,281,394; aid for the disabled, $5,382,117; soldiers' relief and burials, $4,599,112; blind relief, $2,771,694, and other relief, $275,658.

Relief expenditures by counties do not include poor relief payments by cities, Mr. Rhodes points out, and reports from the cities are expected to add an additional six or seven million dollars to the 84 million already paid out by counties, he declared.

Auditor Rhodes says county relief expenses have increased by a phenomenal 385 per cent in the last 10 years.

3-STAR MASCOT. A proud emperor penguin shows off his three stars and United States Coast Guard insignia after being adopted as mascot by the crew of the icebreaker Eastwind in Antarctica. The four-foot penguin showed up to watch unloading operations at McMurdo Sound.

Unusual Plan Is Used In Selection of Lawyer

MADISON, W. Va. (AP)—Circuit Judge K. K. Hall drew lots to determine what attorney would represent a man charged with the mutilation murder of a 47-year-old woman.

State law provides that the court designate legal counsel when a defendant has no funds. Judge Hall adopted the unprecedented procedure for Orlen Arnold Shaffer, 37, because all eight attorneys practicing in this county appeared reluctant to take the case.

Americans bought 4,000 automobiles in 1900 and seven million in 1955.
